Various remedies were resorted to—the most skilful physicians were consulted— yet step by step that fearful disease, cassumption began to pray upon her. She became subject to violent fits of coughing, expectorated large quan-tities of matter, and was evidently sinking very fast. In this distressing situation, after all the ruptey, at the District Court Room, in the City various remedies had been tried in vain, and of Philadelphia, when and where the Creditors various remedies had been tried in vain, and when naught but the grave seemed to afford her any prospect of relief, the invaluable lists as restored her to health; and row; in the place of that emaciated form, withering to decay, she is mingling in society, in better health and spirits than she has enjoyed for years. atise on Consumption.

Disinterested Testimony. Having witnessed the surprising efficacy of Dr. Wister's prepara-tion of Wild Cherry, in the case of Mrs. Austin, and Michael Sando, Tavernkeeper, Schuylkill co. I cheerfully recommend it as a valuable remedy, and acknowledged, his statement true and correct.

J. H. WALTERS, M. D.

New York, April 12, 1841.

A Surprising Cure—Mrs. Martha Wilson, a poor but highly respectable member of the Methodist church, was also afflicted with Consumption in its worst forms, and considered past recovery by all her friends. A bottle of this Balsal was presented to her, which relieved her im-mediately. This circumstance being made known to the members of the church, they purchased several bottles for her, which relieved her entirely. The same acciety have purchased over forty bottles, for persons in indiligent cir-comstances, and positively assert it has not been used in a single instance where it has not given surprising relief.

We, the undersigned, members of the Derbin Benevolent Society of the Methodist church, having examined the above statement of Mrs. Wilson's case, hereby certify it is in all respects true, and earnestly recommend Dr. Wistar's remedy to all who are sflicted.

Liver Complaint.—Mrs. Eliza Thompson was afflicted with this complaint for nearly five years, luring which time she was under the most skilful physicians-had tried Mercury, Botanic, and epathic remedies, and every thing that affored her any hopes of relief. She had dull, wandering pains in the side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and has been unsble to sleep on the right side for three years. By the use of this Balsam, she was cured in a few

weeks, and remains well to this day.

ELIZA THOMPSON. Roxborough, September 12, 1841. Dear Sir-Please send me two boitles more of your Balsam of Wild Cherry, like that you sent me before. I have taken nearly all of the first, o'clock, A. It has stopped my rough entirely, checked my night sweats, and I sleep better at night and feel better in every way

Yours, respectfully, James Kelly. Holmesburg, September 12, 1841. Janes Kelly. Friend Wister-I must again trouble thee to send me two bottles more of thy invaluable Balsam. I have now taken three bottles in all, and can assure thee that it has done me more Room, and large airy chambers—the most spacious, pleasant and convenient Dining Room in the country—a new and superior Bathing Establishment—and every convenience and comfort to render it in all respects a most desirable Hotel.

By the use of a few bottles of this medicine they have entirely

Asthma Cured.—Mr. Jacob Enyder has authorized us to say that he was afflicted with this annoying complaint for several years and had tried every thing in vain. He was subject to constant wheezing, a troublesome Congh, Spiting of Phlegm, Pain in the Chest, and sometimes in the region of the Heart, and nothing else ever

Such in fact is the nature and simplicity of his medicine, and so extraordinary have been many of the cures it has performed, that it has already attained the highest reputation, and although scarce two years have clapsed since it was first made public, we can proudly say, its ame has spread in every direction, and it is rapidly acquiring a celebrity unequalled by any medicine ever offered to public notice.

DRUGGISTS AND DEALERS In every section of the country, will find this nedicine an important and valuable addition to their stock, and should ALWAYS KEEP IT ON HAND,

No Quackery ! No Deception.

The physician may boast of his skill in many diseases—the quack may puff his conderful curer, but of all the remedies ever discovered for diseases of the pulmonary organs, it is universal ly admitted nothing has ever proved as success ful as that unrivalled medicine, Dr. Wigtar's Balsam of Wild Cherry, which has effected some of the most astonishing cures ever recorded in the history of medicine.

Such indeed are the astonishing healing and restorative properties of this Balson, that even in the advanced stages of consumption, and in Liver Complaints, diseases which have baffled the skill of the most distinguished physicians, when patients have suffered with the most diswhen patients have substeady in breathing; night sueals, bleeding of the langs, &c. after the most esteemed remedies of our Pharmacophas have failed, this invaluable remedy has not only given surprising relief but actually effected cures after all hopes of a recovery had been entirely de-
