The following are selected from among the numerous certificates in favor of this lok :

From the Pennsylvanian. Hooven's INK .- Good ink is a very good thing, and like most good things, it is not very often to be met with; but we think we may from actual experiment, cordially recommend the writing ink made and sold by Mr. Joseph E. Hoover, No. 105 north Third street, as being a capital article. It flows freely from the pen-is transparent and without sedimers, and has an excellent color. It is by far the best ink we have used for some time, and those who are particular in this matter, cannot do better than furnish themselves from Mr. Hoover's establishment. Their notions about ink must differ materially from ours, if they are not pleased and very much pleased with

Testimony of M. A. Root; Esq., Teacher of Coal and Passenger Trains are in, and has the Penmanahip: "After testing the various kinds of ink found in this market during the last eight years, I am ree to state that a thorough trial of Mr. J. E. Hooven's ink has induced me to use it in my Writing Rooms, and the scholars under my charge, in preference to any other, as it does not corrode the steel pen, flows freely, has fine, permanent, black glossy lustre, is entirely free from sediment, does not mould or become thick; and, n my own opinion, only needs to be known and

tested, to be sought after and generally used.
