HOOVER'S INK. THE subscriber has made atrangements for the sale of this celebrated Isk, by the dozen or single Bottle, at. Mr. Hoover's wholesale and retail Philadelphia prices, and would respectfully invite all those in want of a good article to call, and judge for themselves. The Departments at Washington, after testing the different kinds of Ink manufactured, have

decided in favor of Mr. Hoover'—and a supply for the ensuing session of Congress has been en-gaged at his establishment;

The following are selected from among the numerous certificates in favor of this lnk:

From the Pennsylvanian. Hooven's INK .- Good ink is a very good thing. and like most good things, it is not very often to be met with; but we think we may from actual experiment, cordially recommend the writing ink made and sold by Mr. Joseph E. Hoover, No. 105 north Third street, as being a capital article. It flows freely from the pen-is transparent and without sedimert, and has an excellent color. It time, and those who are particular in this mat-ter, cannot do better than furnish themselves from Mr. Hoover's establishment. Their notions about ink must differ materially from ours, if

free to state that a thorough trial of Mr. J. E. Hoover's ink has induced me to use it in my Writing Rooms, and the scholars under my charge, in preference to any other, as it does not corrode the steel pen, flows feely, has fine, per-manent, black glossy lustre is entirely free from ediment, does not mould of become thick; and, in my own opinion, only needs to be known and tested, to be sought after any generally used.
