CLIPPINGS.

A Langs Tungar .- The morning Star, pub lished at Cincinnati, relates the following anecdote of a young gentleman of the South who had expended a large fortune-money, lands, negroes, every thing, in a course of intemperance and profligacy.

He had just paid a last year's grog bill of \$800; one day he was walking in the street very leisurely when seeing a physician on the opposite side, he called out to him saying he wanted him to come

"Ductor," said he, "I wish you'd just take a look down my throut,"

" I don't discover any thing, sir," said the doc: tor, after looking very carefully. "You don'il" said he, "why that's very strange; will you be kind enough, sir, to give an-

other look?" "Really, sir, said the Doctor, after a second luok, .. I don't see any thing." No? why doctor, there is a farm, ten thou-

sand dollars, and twenty negroes down there! PLATONIC LOVE .- What," said a lady "do you think of platonic love ! " Madam," said the gentleman, very solemn-

ly, "I think like all other tonicks it is very exciting."-Picayune. SCENE AT THE NEW YORK POST OFFICE. One hundred and eliven,' exclaimed a voice, that

told at once its owner's wish and the place of birth. The officer on duty finding that the Box so numbered was not let returned to his loop holes, and scrutinized the speaker very carefully, when the fullowing conversation took place: (ifficer, What do you want?'

Pat, Litters, it you plaze.' Officer, Who sent you here?' Pat, . Twas just myself, sir,' Officer, 'What is your name!' Pat, Dermot Hughes, sir,'

Officer. Why do you expect to get your letter in this way?' Pat, . What way 'ud I expect to get thim, sir?shure, this is the post office?'

Officer, Yes, but why do you ask 111? Pat, . It's where I live, sir-one hundred and

eliven Delaney street." AVECDOTES OF MILLER .-- Mr. Miller, the end of the world prophet is putting up a solid brick wall, sround his farm, near Whitehall, which will probably endure for a thousand years. A person offered him \$2,000 for the farm, and not to take possession till after 1843; the prudent prophet refused, however, alleging that such an offer, depending as at does, upon a future event, is nothing more than cambling. As Mr. Miller pretends that this future event is a dead certainty, and not a contingency which may or may not happen, his exthen a wild character and a deist; but even then, he said, in one of his sermons, it was always matter of astonishment to him that the Almighty had not made a rev lation of some kind to the people of this earth. During the last war, he was captain in the United States Army, and took part in one or two billes on the frintier. After the Clemens & Parvin, Pottsville. peace he settled down at Low Hampton, in the state of New York, about eight miles from Whitehall, where he bought a farm, which he owns to this day, but which is managed by his wife and sons, he having taken no part in his worldly affore for the last eleven or twelve years, during which time he has been preaching his peculiar doctrines, although they have only attracted particular atten tion as the time grows nigh, 1843. After he left the army, he tilled the office of sheriff of the county. About thirty years ago, he set about searching the scriptures with a view to refute them, and this gave him his extensive knowledge of the prophecies. In 1816 he was converted, and ever since then became a close student of the prophecies and of history. In 1822, he says he became fully convinced the world would come to an en-

ALBERT POLICE-A, CURIOUS CLEE OF FE-MALE DECEPTION. - One of those strange and almost unaccountable cases of deception which we hear of once or twice in an age, was developed at the police office on Saturday afternoon. A person who has for the last four years followed the business of a tinker and teamster alternately in this city, and who is well known to many of our citizens, was brought up before Justice Osborn, charged with hanging out false signals -being not exactly what outward appearances would lead honest and unsuspecting persons to believe -sailing under false colors.

in 1843; and about aix or seven years afterwards

he began to preach and write arout it, and contin-

ues to do so till this day; he has written a great

number of works on his peculiar views .- N. Y.

About two weeks since this person was married to a very respectable and hard working girl; who by her industry had laid up a considerable sum of money. The poor girl found out in a few days that all is not gold that glitters -that apprarances are deceitful - in short, that her dear husband was a woman ! This fact being fully established to the satis action of al! parties, the faithless swain-or rather deceitful jade-was arrest ed, examined at the police, and sent to jail. A crowd of the curious followed her ladyship to her new lodgings, making many original and spirited remarks, called out by the novelty of the case. No other reason can be assigned for this strange

marriage alliance, except the desire on the part of the husband to possess himself of the money which the object of his affections had saved from her hard carnings and unwearied industry .- Albany Cuizen.

CURING BEEF AND PORK .- The following to ceipt for curing Beef or Pork is said to be the very best now in use. It is given by the Editor of the Germantown Telegraph, who remarks that if this mode be once tried, it will be used again in preference to all others. The receipt is as follows: To 1 gullon of water,

Take 15 lb. salt, d lb. augar,

d oz saltpetre. In this ratio the pickle to be increased to any

quantity desired. Let these Le boiled together until all the dirt from the salt and sugar, (which will not be a little) rises to the top and is skimmed off. Then throw it into a large tub to cool, and when perfeetly cold, pour it over your beef or pork; to remain the usual time, say four or five weeks. The mest must be well covered with the pickle, and should not be put down for at least two days after killing, during which time it should be slightly sprinkled with powdered saltpetre.

EXTRAORDINARY CASE. QUEERC May 8, 1937.

Queste. May 8, 1937.

DEAR SIR:—An article called Dr. Hewes "Nerve and Bune Liniment," came to my knowledge about two menths since, through our friend Mr. Campbell, and I procured a bottle and had used it far about a week without any material change, until one morning I found myself under the exercise of very uncommon feelings, imagining that could I be helped up I could stand and walk, I requested my family to aid me, but they were unwilling I should trust myself on my 'eet, not having for the last fourteen and a half years ever even made the attempt to stand; but my confidence was so great that they consented to assist me from my bed. I found I could use my legs with apparent ease, but could not lear my weight on my feet. With support, however, I could place one foot before the other with a facility that astonished me and all around me. They led me twice across the room; I sat down with feelings of happiness that I never before experienced; the idea was that I was once again to be rostored to the world ran through my framel hear alterire shock. My family surrounroom; I sat down with feelings of happiness that never before experienced; the idea was that I was once again to be rostored to the world ran through my frame I kig an electric shock. My family surrounded me in terrs of joy, and the excitement so completely overcome me that I fainted. The same day walked three time across the firer, again bearing a intile weight at each time on my feet. I then used crutches for a few days, when my strength had become so far re-established, that I could cross the this without the least aid. My adva.cement from flootime has been almost incredible. I can walk two hundred yards and back with ease, and my children, (the bed-rid are often blessed, like the, with near a dizen,) have been so overly ed that they could scarcely ear or sleep, and Mrs. Cortning seems to feel half a score of years younger herself. You will recollect how much bent together I was when you were last here. I have entirely overcome this. If I looked as i felt when I began to walk, I would cuse as far as he is concerned, is not a good one, and shows the prophet has not much faith in his own predictions. Miller, as we see it stated was born in Pattsfield, Massachusetts, in 1781, consessions and would hardle have been managed at in astonishment. It would be preposterous in a writer for the read era of such a Journal as the Courier, to address their prejudices, passions or supportitions. Good common scarse should at least be possessed by the readers of this paper, and those possessed of such and those only, do we care to attract. We will now assert, to the most unqualified terms, that an innocent remeaty has been found, that will absolutely cure Theumatism, and stiffness of joints, if of twenty versit standing. The assertion is so broad, that it will shally contain credence, we are aware, unless supported by abcommon testimony. Now the testimony given to so many worthless quackeries iges abundant, that to discriminate between such, and real matter of fact testimony, is very difficult. To come at once at a point that can at once be appreciated, the proprietors have resolved to give this remedy to the poor, and to cure those able to pay for it, before they ask pay, and then leave it to the sufferer to pay what he chooses. We entreat, therefore sufferers to call at 71 Maiden Lane, for some drops (Indian Elixir) to be taken, and a Nerve and Bone Linment to use outwardly; and if they will not by one week's use, become more surprised and delighted than they ever expected, we will never again make such an assertion. Will invalids now suffer for the want of this mild, innocent, and all potentremedy! If they refuse tt, we pity them indeed.—If M. V. Cour. & Eng., Feb. 19, 1842.

Of the North American College of Health.

This extraordinary medicine is founded upon the principle that the human frame is subject to ONLY ONE DISEASE, VIZ. Corrupt Humors, or in other words. Impurity of the Blood, and nothing save vegetable cleaning, is wanted in order to drive disease of every description from the body.

If the channels of our mighty rivers should become choked up, would not the accumulated waters find new outlets, or the country be inundated—Just so with the human body; if the natural drains become closed, the accumulated impurities will most assured. sed, the accumulated impurities will most assured find vent in some form of disease or death will be a

WRIGHT'S INDIAN VEGETABLE PILLS WRIGHT'S INDIAN VEGETABLE PILLS are eminently calculated for carrying out this GAAND PUBLITYING PRINCIPLE, because they are a purgative medicine so justly balanced and withat so natural to the human constitution, that they cannot possibly injure the most delicate; at the same time, if used in such a manner as to produce free evacuations by the bowels, and repeated a few times, it will be absolutely impossible for pain or distress of any kind to continue in the body. A single twenty five cent box of the above timed Indian Vegenble Pills will, in all cases, giverelief, sometimes even beyond the power of words to describe, and if persevered in for a short of words to describe, and if persevered in for a short time, there is not a iralady in the whole course of ha-man ills that can possibly withstand their astonishing and wonderful influence. Wistar's Balsam of Wild Cherry. THE GREAT RENEDY,

NOR CONSUMPTION and LIVER CHELAIRTS, ASTHMA, BRONCHITIS, CROUP in CHILDREN, WHOOPING COUGH, PAINS OR WEARASS OF THE BREAST, CHRONIC, COUGHS, and all diseases of the Palmonary Organs.

READ WHAT IT HAS DONE. A Wonderful Recovery .- Mrs. S. E. Austin was attacked with this disease in the fall of 1838, originating from a violent cold which settled opon her lungs. Various remedies were resorted to—the most skilful physicians were consulted—yet step by step that fearful disease, consumption began to prey upon her. She became subject to violent fits of coughing, expectorated large quan-tities of matter, and was evidently studing very fast. In this distressing attention, after all the various remedies and been tried in vain, and when naught but the grave seemed to afford her any prospect of relief, the invaluable Balsam restored her to health; and now, in the place of that emaciated form, withering to decay, she is mingling in society, in better health and spirits than she has enjoyed for years. IT See description of this interesting case in Dr. Wistar's Tre-

atise on Consumption.

Disinterested Testimony. Having witnessed the surprising efficacy of Dr. Wistar's prepara tion of Wild Cherry, in the case of Mrs. Austin, I cheerfully recommend it as a valuable remedy, and acknowledged his statement true and cor-rect.

J. H. WALTERS, M. D

New York, April 12, 1841.

A Surprising Cure—Mrs. Martha Wilson appoor but highly respectable member of the Methodist church, was also afflicted with Consumpodist church, was also amicted with Consulption in its worst forms, and considered past recovery by all her friends. A bottle of this Balsal was presented to her, which relieved her immediately. This circumstance being made. known to the members of the church, they purchased several bottles for her, which relieved her entirely. The same society have purchased over forty bottles, for persons in indiligent circumstances, and positively assert it has not been used in a single instance where it has not given

surprising relief. We, the undersigned, members of the Der. bin Benevolent Society of the Methodist church, having examined the above statement of Mrs. Wilson's case, hereby certify it is in all respects true, and earnestly recommend Dr. Wistar's remedy to all who are afflicted.

GEORGE MILLER, MARY GARDNER,
THOMAS COOMES, ELIZABETH JACOBS. Liver Complaint .- Mrs. Eliza Thompson was ifflicted with this complaint for nearly five years, during which time she was under the most skil-ful physicians—had tried Mercury; Botanic, and Homocoathic remedies, and every thing that atfored her any hopes of relief. She had dull, wandering pains in the side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and has been unablo to sleep on the right side for three years. By the use of this Balsain, she was cured in a few

weeks, and remains well to this day.

ELIZA THOMPSON. Roxborough, September 12, 1841. Dear Sir—Please send me two bottles more of your Balsam of Wild Cherry, like that you sent me before. I have taken nearly all of the first, and confidently believe this medicine will cure and connuctity believe this medicine win cure
me. I have used a great many remedies within
the last year, but have never found any thing that
has relieved me so much. It has stopped my
cough entirely checked my night sweats, and I
sleen better at night and feel better in every way

than Thave for many months.
Youst, respectfully,
Holmesburg, September 12, 1841. Friend Wister-I must again trouble thee to send me two bottles more of thy invaluable Bal-som. I have now taken three bottles in all, and can assure thee that it has done me more good than all the medicine I have ever taken before. Send me by the stage as soon as possible, and oblige thy friend. JACOB HOLLOWAY.
Bristol, September 8, 1841. JACOB HOLLOWAY.

Dear Doctor,—Hearing so many people talk about the wonderful cures your Balsam of Wild Cherry has made in Consumption, I sent to one of your Agents the other day for a bottle, and have found it to relieve me so much, that I want three bottles more sent soon, as I believe it will cure me too. I have used a great many balsams of different kinds, have tried Jayne's Expectorant and other medicines besides, but nothing his ever done me as much good as yours has. Send

Yours truly PAINS IN THE BREAST, DEBILITY, WEAKNESS AND Cough.—The Rev. Dr. Dunlap has addressed us a letter in which he says two of his daughters a letter in which he says two of his daughters had suffered soverely with an obstinate cough frequent pains in the breast, &c., and appeared to be going into a rapid decline. By the use of a few bottles of this medicine they have entirely

recovered and now enjoy excellent health.

Asthma Cured.—Mr. Jacob Snyder has authorized us to say that he was afflicted with this annoying complaint/for several years and had ? tried every thing in vain. He was subject to constant wheezing a troublesome Cough, Spitting of Phlegm, Pain in the Chest, and sometimes in the region of the Heart, and nothing else ever gave him relief

Chronic Cough.-Mr. Isanc Rogers was also afflicted with an obstinute Cough, originating from a disease of the Lungs and Chest, and pever found any thing to give him relief but this Bal-Such in fact is the nature and simplicity of

this medicine, and so extraordinary have been many of the cures it has performed, that it has already attained the highest reputation, and although scarce two years have elapsed since it was first made public, we can proudly say, its fame has spread in every direction, and it is rapidly acquiring a celebrity unequalled by any medicine ever offered to public notice.

DRUGGISTS AND DEALERS

In every section of the country, will find this medicine an important and valuable addition to their stock, and should ALWAYS KEEP IT ON HAND, As it is not in our power to place it within the reach of all those afflicted, and there are doubtless; thousand suffering who would resort to it for relief if they could obtain it conveniently. To Be particular when you purchase, to ask for Dr. Wistar's Balsam of Wild Cherry, as

there is an article called the "SYRUP OF WILD

CHERRY," advertised, which is entirely a different medicine. NATURE'S OWN PRESCRIPTION. A purely vegetable and highly approved Com-ound preparation of the Prunus Virginiana, or Wild Cherry Bark"—approved by the College of Pharmacy, recommended by the medical facvaluable ' Family Medicine' ever discovered. No Quackery! No Deception. The physician may boast of his skill in many

diseases—the quack may puff his wonderful cures, but of all the remedies ever discovered for diseases of the pulmonary organs, it is universally admitted nothing has ever proved as success ful as that unrivalled medicine, Dr. Wistar's; Balsam of Wild Cherry, which has effected some of the most astonishing cures ever recorded in the history of medicine.

Such indeed are the astonishing healing and restorative properties of this Balsam, that even in the advanced stages of consumption, and in Liver Complaints, diseases which have baffled

the skill of the most distinguished physicians, when patients have suffered with the most dis tressing cough, great difficulty in breathing, night sweats, bleeding of the langs, &c. sher the most esteemed remedies of our Pharmacopias have failed, this invaluable remedy has not only given surprising relief but actually effected cures, after hopes of a recovery had ocen entirely deapaired of. Besides its surprising efficacy in these formi-

dable complaints, it has proved a very superior remedy for diseases of children, such as Croup. Whooping Cough, &c, and in those disorders that prevail so extensively throughout the winter season, such as Coughs. Colds, Pleurisy, Influenza, and Pains in the Breast, proceeding from neglected Colde, it stands unrivalled. Prepared, wholesale and retail, by William's & Co.
