It sweeps around the house with mournful tone. As if it fain would flee From its wide wanderings and and lone :-Come woful wind-I will love thee!

Swiftly, swiftly the wind is blowing-Wild wandering wind, where art thou going? I know not where, I go on forever-

I've no toil or care. Yet rest I never. Ab, woful wind-thou att fike me-Dost thou not strive from thyself to flee !

THE VETO POWER .- We call the attention of the Evening Post, the Globe and the Madisonian to the following paragraph which we take from a Paris poper. They and their readers will be delighted to learn that the views of John Trles and all the Loco Foco party of the Union, on the Veto power, are exactly the same as those of His Majesty Charles XIV King of Sweden and of Norway. His Majesty, who is nearly as odious both to Swedes and Norwegians as John Tyler is to the American people, takes strong ground against the dangerous ultra-democratic and antimonarchical doctrines of Henry Clay and the Whigs. Poor King Louis XVI. of France (Monsigur Velo) held the same opinions on the Veto Power, and would be a valuable auxiliary to the Globe's authorities if he were now alive. We do not doubt that " twenty-two foreign governments" could be quoted in favor of the Veto power as they were for the Sub-Tressury .-- N. Y. Aurora.

The Frankfarter Guzette publishes the following extracts from a letter of the King of Sweden to the President of the Storthing (Legislature 1 of Norway : The As to what relates to my propositions respect-

ing the Veto, you know my views well enough to be certain that I shall regard the Veto as the palladium of the liberty and independence of Norway. It is neither for myself nor my family that I desire it, but in the interest of the Norwegian people alone, in order to guarantee their existence and their institutions. The time will come when the ustion will acknowledge that there is no stability but in the just division of the powers. The absence of equilibrium cannot remain long, and it bout two months since, through our friend Mr. Campup to the present time, we have not had any conup to the present time, we have not had any conflicts to deplote, it is only to the political tranquility, loyalty and patriotism which distinguished the Norwegians, and I may add my own constant care that we are indebted for it. Let us not flatter ourselves with the vain hope of having matters always so. It would be too presumptuous to imagine that the Norwegian nation should escape more than so many others from the political surfeit to which continual success gives rise. The King's veto can alone repress the excessive demands and the intrigues of parties. Atthough I attach the same importance to this question, and I am far from partaking the reasons and fears of former Storthings, as well as the presant one, for not that public opinion will convince itself that I am far from desiring to restrict the attributes of the representative body."

Bouck to appoint some choice democrat to some fat office. Some we sign and some decline. This know me at all, and others would scarcely credit their facility for getting signatures to petitioners of this senses and would hardly have been more astonished, kind is very great. We have a case in point .-The other day a wag in Albany made a bet that article is the most extraordinary of any I ever heard article is the most extraordinary of a ever heard article is the most extraordinary of a ever heard article is he could get five hundred signatures to a petition of and if it is not extensively made known to the pubto hang a venerable Episcopai clergy man in that lie, I think the proprietors are very culpable. If you know the persons in New York selling it, you had better show them this letter, and let them refer to you, tion, too long for any body to take the trouble to read, and succeeded in getting the requisite number in a single morning."

Lantes' Bustless!--We would not, upon honor, ladies, have said one word about the article, for it is cowardly to talk about things behind people's backs, only that the New Orleans Jeffersonian has made a recommendation that should be extensively known. The editor comes to the conclusion that these same busiles were first invented for the purpose of being stuffed with laces and smuggled in this manner from France into England; and he recommended that our own custom house officers will rigidly examine every bustie that comes into this country-for who knows what valuables may get through in this way, duty free!-N. Y. Aurora.

you light a candle, and took in our straw bed." · How can I tell by that ?' Why, bless you. don't straws show which way the wind blows !" - Go to sleep, you critter."

A hard case was interrogated the other Sunday by a friend who had just seen him in church, but whom he now found swallowing a glass of brandy and water at a public bar room, " I saw you in church this morning, listening very attentively to the discourse on righteousness and temperance -how comes it I now see you here draking ?" al always thirst after right-ousness," was the

Good common sense should at least be possessed by the readers of this paper, and those possessed of such, and those only, do we care to attract. We will now assert, in the most unqualified terms, that an innocent remedy has been found, that will absolutely cure Rheumatism, and stiffness of joints, if of twenty years' sanding. The assertion is so broad, that it will hardly outsin credence, we are aware, unless supported by uncommon testimony. Now the testimony given to so many worthless quackeries is so abundant, that to discriminate between such, and real matter of fact testimony, is very difficult. To come at once at a point that can at once be appreciated, the proprietors have resolved to give this remedy to the poor, and to cure those able to pay for it, before they ask pay, and then leave it to the sufferer to pay what he chooses. We entreat, therefore, sufferers to call at 71, Maiden Lane, for some drops (Indian Elixir) to be taken, and a Nerve and Bone Limment to use outwardly; and if they will not, by one week's use, become more surprised and delighted than they ever expected, we will never again make such an assertion. WRIGHT'S INDIAN VEGETABLE PILLS.

Of the North American College of Health. This extraordinary medicine is founded upon the principle that the human frame is subject to ONLY ONE DISEASE, VIZ. Corrupt Humors, or in other words Impurity of the Blood, and nothing save vegetable cleansing, is wanted in order to drive disease of every

description from the body.

If the channels of our mighty rivers should become choked up, would not the accumulated waters find new outlets, or the country be inundated!—Just so with the human body; if the natural drains become closed, the accumulated impurities will most assured ly find vent in some form of disease or death will be ty not vent in some ton or or second or the second of the certain consequence.

WRIGHT'S INDIAN VEGETABLE PILLS are eminently calculated for carrying out this grann PURIFYING PRINCIPLE, because they are a purgative medicine so justly halanced and withal so natural to the human constitution, that they cannot possibly injure the most delicate; at the same time, if used in such a managram produce free expensions by the such a manner as to produce free evacuations by the bowels, and repeated a few times, it will be absolutely impossible for pain or distress of any kind to continue in the body. A single twenty five cent box of the above named Indian Vegetable Pills will, in all cases, give relief, sometimes even beyond the power of words to describe, and if persevered in for a short time there is not a malady in the whole course of hu-

man ills that can possibly withstand their astonishing and wonderful influence. WRIGHT'S INDIAN VEGETA-BLE PILLS are a certain cure for COSTIVENESS. Because they completely cleanse the stomach and bowels from those bilious and corrupt humors which paralyse and weaken the digestive organs, and are the cause of headache, nauses, and sickness, palpitation of the heart, rheumatic pains in various parts of the body, and many other unpleasan

he body from an information and corrupt daments, and heumatism, gout, and pain of every description, will isappear, as if by magic.

For the same reason, when, from sudder changes of the atmosphere, or any other cause, the perspira-tion is checked, and those humors which should pass off by the skin, are thrown inwardly, causing headache, nausea, at d sickness, pain in the bones, watery and inflamed eyes, sore throat, hoarseners, coughs, con sumption, rheumatic pains in various part of the bodyand many other symtoms of CATCHING COLD,

ASTHMA.

Wright's Indian Vegetable Pills will loosen and carry off by the stomach and bowels those rough and phlegmy humors which stop the air cells of the lungs, and are the cause of the above dreadful com-It should also be remembered that WRIGHT'S

Those who labour within doors should remember that they frequently breathe an atmosphere which is wholly unfit for the proper expansion of the lungs, and at the same time owing to want of exercise, the bowels are not sefficiently evaluated, the blood becomes impure, and headache, indigestion, palpitation of the heart, and many other disagreeable syntoms are sure to follow.

WRIGHT'S INDIAN VEGETABLE PILLS Being a Cleanser of the stomach and bowels, and a direct purifier of the Blood, are certain not only to direct purifier of the Blood, are certain not only to remove pain or discress of every kind from the body but it used occasionally, so as to keep the body fre from those humours which are the cause of every malady incident to man, they will most assuredly promote such a just and equal circulation of the blood that those who lead a sedentary life, will be able to
