A Wonderful Recovery .- Mrs. S. E. Austin was attacked with this disease in the fall of 1838, originating from a violent cold which settled upn her lungs. Various remedies were resorted to-the most skilful physicians were consultedyet step by step that fearful disease, consumption began to prey upon her. She became subject to violent fits of coughing, expectorated large quan-tities of matter and was evidently sinking very fast. In this distressing situation, after all the various remedies had been tried in vain, and when naught but the grave seemed to afford her any prospect of relief, the invaluable Balsau restored her to health; and row, in the place of the terms of the seemed to afford her to health; and row, in the place of the terms of the t that emaciated form, withering to decay, she is mingling in society, in better health and spirits than she bas enjoyed for years. IF See description of this interesting case in Dr. Wistar's Tre-Disinterested Testimony .- Having witnessed

atize on Consumption the surprising efficacy of Dr. Wister's preparation of Wild Cherry, in the case of Mrs. Austin, I cheerfully recommend it as a valuable remedy, and acknowledged his statement true and correct. J. H. WALTERS, M. D.
New York, April 12, 1841.

A Surprising Cure-Mrs. Martha Wilson. poor but highly respectable member of the Methodist church, was also afflicted with Consumption in its worst forms, and considered past re-covery by all her friends. A bottle of this Balsal was presented to her, which relieved her immediately. This circumstance being made known to the members of the church, they purchased several bottles for her, which relieved her entirely. The same society have purchased over forty bottles, for persons in indiligent circumstances, and positively essert it has not been used in a single instance where it has not given surprising relief.

TWe, the undersigned, members of the Derbin Benyelent Society of the Methodist church

bin Benevolent Society of the Methodist church, having examined the above statement of Mrs Wilson's case, hereby certify it is in all respects remedy to all who are afflicted.

Liver Complaint.—Mrs. Eliza Thompson was afflicted with this complaint for nearly five years, during which time she was under the most skilful physicians-had tried Mercury, Botanic, and compathic remedies, and every thing that affored her any hopes of relief. She had dull, wandering pains in the side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and has been unable to sleep on the right side for three years. By the use of this Balsam, she was cured in a few weeks, and remains well to this day.

ELIZA THOMPSON. Rozborough, September 12, 1841. your Balsam of Wild Cherry, like that you sent me before. I have taken nearly all of the first, and confidently believe this medicine will cure me. I have used a great many remedies within the last year, but have never found any thing that has relieved me so much. It has stopped my cough entirely, checked my night sweats, and I eleco better at night and feel better in every way than I have for many months.

Youse, respectfully, James Kelly. Holmesburg, September 12, 1841. Friend Wistar-I must again trouble thee to send me two bottles more of thy invaluable Balsam. I have now taken three bottles in all, and can assure thee that it has done me mure good than all the medicine I have ever taken before. Send me by the stage as soon as possible, and oblige thy friend.

Bristol, September 8, 1841.

Dear Doctor, - Hearing so many people talk about the wonderful cures your Balsam of Wild Cherry has made in Consumption, I sent to one of your Agents the other day for a bottle, and have found it to relieve me so much, that I want three bottles more sent soon, as I believe it will dure me too. I have used a great many balsams of different kinds, have tried Javne's Expecto rant and other medicines besides, but nothing has ever done me as much good as yours has. Send by the steamboat Bolivar. William Thomas.

PAINS IN THE BREAST, DEBILITY, WEAKNESS AND Cough.-The Rev. Dr. Dunlap has addressed us a letter in which he says two of his daughters had suffered severely with an obstinate cough frequent pains in the breast, &c., and appeared to be going into a rapid decline. By the use of a few bottles of this medicine they have entirely recovered and now enjoy excellent health. Asthma Cured .- Mr. Jacob Snyder has au thorized us to say that he was afflicted with this annoying complaint for several years and had tried every thing in vain. He was subject to constant wheezing, a troublesome Cough, Spitting of Phlegm, Pain in the Chest, and sometimes in the region of the Heart, and nothing else ever gave him relief.

Chronic Cough .- Mr. Isaac Rogers was also afflicted with an obstinate Cough, originating from a disease of the Lungs and Chest, and never found any thing to give him relief but this Bal-

Such in fact is the nature and simplicity this medicine, and so extraordinary have been many of the cures it has performed, that it has already attained the highest reputation, and al though scarce two years have elapsed since it was first made public, we can proudly say, its ame has spread in every direction, and it is rap idly acquiring a celebrity unequalled by any medicine ever offered to public notice.

Such indeed are the astonishing healing and

restorative properties of this Balsam, that even in the advanced stages of consumption, and in Liver Complaints, diseases which have bafiled the skill of the most distinguished physicians, when patients have suffered with the most distressing cough, great difficulty in breathing, night sweats, bleeding of the lungs, &c. after the most esteemed remedies of our Pharmacepias have failed, this invaluable remedy has not only given surprising relief but actually effected cures, afte all hopes of a recovery had been entirely des

Besides its surprising efficacy in these formidable complaints, it has proved a very superior remedy for diseases of children, such as Group, Whooping Cough, &c., and in those disorders that prevail so extensively throughout the winter season, such as Coughs, Colds, Pleurisy, Influ-enza, and Pains in the Breast, proceeding from neglected Colds, it stands unrivalled.
