Cannon.- The Canton Democrat mentions the case of an honest Hibernian, who, having tarried rather long at the .whiskey,' wandered into a grave yard, and, being a little disposed to moralize on the vanity of earthly things, commenced/ reading the epitaphs on the tombs. The following attracted his attention : "I am not dead but sleepeth." "Well,' said Paddy, soliloquizing, "when I die,

CONSUMPTION OF THE LUNGS, Affections of the Liver, Asthma, Bronchilis Pain or Weakness of the Breast or Lungs, Chranic Coughs, Pleurisy, Hemurrhage of the Lungs, and all offections of the Palmonary Organs.

NATURE'S OWN PRESCRIPTION. A compound Balsanic. preparation of the Frunus Virginiana or "Wild Cherry Bark," combined with the Extract of Tar. prepared by a new chemical process, approved and recem-mended by the most distinguished physicians, and universally acknowleded the most valuable

nedicine ever discovered.

No Quackery !!! No Deception. In setting forth the virtues of this truly great nedicine, we have no desire to deceive who are labouring under affliction, nor do we wish to enlogize it more than it justly deserves. Yet when we look around and see the vast anount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we can-

ot urge its claims too strongly, or say too much in its favour. Various remedies it is true have been offered and puffed into notice for the cure of diseases of the Lungs, and some have no doubt been found very useful, but of all that have yet been discuvered, it is admitted by physicians and all wh have witnessed, its effects, that none has proved as successful as this. Such indeed, are the

SURPRISING VIETUES Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedics of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and ac-toally effected cures after all hopes of recovery

had been despaired of. In the first stages of the disease, termed " Ca. tarthal Consumption," originating from neglect-ed COLD, it has been used with undeviating success, and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone. In that form of Consumptio so prevalent amongst delicate young females commonly termed debility, or "GOING INTO A DECLINE,"

A complaint with which thousands are linger ing, it has also proved highly successful, and not only postesses the power of checking the prog ress of this alarming complaint, but also strengh ens and invigorates the system more effectually than any, medicine we have ever possessed. Besides its surprising efficacy in Consump tion, it is equally efficacious in Liver Complaints

Asthma, Bronchitis, and all affections of the Lungs, and has cured many of the most obsti EPFor particlars see Dr. Wistar's Treatise on Consumption, to be had of the agents.

The Extraordinary Success Attending the use of this medicine in diseases of the Lungs, and the many singular cures i has effected, having fully established its efficacy

and as the have already published numerous cer-tificates from the highest authority, which prove its virtues beyond all doubt, we consider it an-necessary to exhibit a long list of them in this place, and will only mention a few cases, to show

WHILE LIFE BEMAINS WE HAVE STILL SOME HOPE. A SURPRISING CURE .- Among the many sin gular cures which this medicine has effected. there is perhaps none in which its powers are so
