Some very funny things frequently occur in our Yankee Schools, as we chance to know; but the following, which happened in the city of New York not many years since in an Irish School, ret er takes the lead of any thing of the kind which has come within our knowledge. No Quackery!!! No Deception. In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are labouring under affliction, nor do we wish to eulogize it more than at justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by not urge its claims too strongly, or say too much

Besides its surprising efficacy in Consump-tion, it is equally efficacious in Liver Complaints, Asthma, Bronchitis, and all affections of the Lungs, and has cured many of the most obstihate cases, after every other remedy had failed. The Extraordinary Success Attending the use of this medicine in diseases of the Lungs, and the many singular cures it has effected, having fully established its efficacy, and as we have already published numerous dertificates from the highest authority, which prove its virtues beyond all doubt, we consider it eccessary to exhibit a long list of them in this place, and will only mention a few cases, to show

what it has done. WHILE LIFE REMAINS WE HAVE STILL SOME HOPE. A SURPRISING CURE.-Among the many sit gular cores which this medicine has effected, there is perhaps none in which its powers are so

fully shown as in the case of Mrs. Austin.

This lady had been consumptive for several years, and during the greater part of this time had received the best medical attention, and tri-ed all the most valuable remedies, yet nothing (whack, whack, whack, kick, kick, kick, could be found to arrest its progress.
