No Quackery!!! No Deception. In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are labouring under affliction, nor do we wish to eulogize it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved to highly accessful me for the the proved so highly successful, we feel that we cannot urge its claims too strongly, or say too much

Various remedies it is true have been offered, and puffed into notice for the cure of diseases of the Lungs, and some have no doubt been found very useful, but of all that have yet been discovered, it is admitted by physicians and all who have witnessed its effects, that none has proved as successful as this. Such indeed, are the

SURPRISING VIRTUES Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedia of physicians have failed to effect any change, the use of this medicine has been pro ductive of the most astonating relief, and achad been despaired of.

In the first stages of the disease, termed "Ca-

tarrhal Consumption," originating from neglected OOLD, it has been used with undeviating success, and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone. In that form of Consumption so prevalent amongst delicate young females, commonly termed debility, or

"GOING INTO A DECLINE," A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengh. ens and invigorates the system more effectually than any medicine we have ever possessed. Besides its surprising efficacy in Consump-tion, it is equally efficacious in Liver Complaints, Asthma, Bronchitis, and all affections of the Lungs, and has cured many of the most obstinate cases, after every other remedy had failed. Li For particlars see Dr. Wistar's Treatise on onsumption, to be had of the agents.

The Extraordinary Success Attending the use of this medicine in diseases of the Lungs, and the many singular cures it has effected, having fully established its efficacy, and as we have already published numerous certificates from the highest authority, which prove its virtues beyond all doubt, we consider it un-necessary to exhibit a long list of them in this place, and will only mention a few cases, to show what it has done.

.WHILE LIPE REMAINS

WE HAVE STILL SOME HOPE, A Surraising Cure.—Among the many singular cures which this medicine has effected, there is perhaps none in which its powers are so fully shown as in the case of Mrs. Austin. This lady had been consumptive for several years, and during the greater part of this time had received the best medical attention, and tricase continued its course, until all hopes of a re-covery was entirely despaired of. While in this expectorated freely, the cough was gradually suppressed, and every day appeared in add fresh vigour to her looks, and now, in the place of that emaciated form withering to decay, she is seen

DR. REICHTER'S VEGETABLE PURGATIVE

PILLS.

These pills, let all understand, cure disease by a

power neculiar only to itself, which instantly cheeks the action and progress of disease, for their com-mencement is much alike (which is when the BLOOD AND JUICES

are so far deprayed, as to produce obstructions and sores) that one medicine, provided it be competent to produce sickness, will be all that is necessary for removing disease, and restoring

HEALTH AND HAPPINESS to mankind. Let it likewise be remembered that there is no medicine now in existence possessing equal healing powers; and that no vegetable, or any other kind of physic can se soon restore health, when

lost, even in cases the most inveterate.

The action of these pills upon the bowels, are mild; producing no griping pains or debility, but on the contrary, after they have operated, you feel that a load of irritating and corrupt humors have been taken from you, and the buoyant feelings of health spring up in their place; and what is another great object in these pills, they are always safe, they may be taken on all occasions, and under any circumstance. ost, even in cases the most inveterate stances, without regard to the name of the disease, for they operate upon every part of the body, and expel disease from whatever part it may be seated. Every

person who possesses a box of these pills
NEEDS NO PHYSICIAN, for in them be can find a cure, and confidently re upon a speedy restoration to health, In Germany, the land of their origin, millions of persons have experienced their beneficial effects, and the thousands, who have used them here, speak of them in the highest of terms, on account of their curave properties.
The joyful news of health and comfort, spread

om those who have happily used
DR. REICHTER'S
VEGETABLE PURGATIVE PILLS. and they now prevail by their own excellence, and the Power of Truth. And why, we may reasonably inquire, have they become so endeared to the hearts of those who have

used them, and by them gained such a popularity Simply because their action upon the HUMAN BODY. was as the sun and rain upon vegetation, giving new life to all who partook of its happy influence. As the health of the plant depends upon the sap which circulates through its branches, so the life and health of mankind depends upon the blood which flows through his veins. And when this vital fluid, which is most necessary to the growth and support of the body, by some unknown cause becomes loaded with morbid and

CORRUPT HUMORS. so that instead of nourishing and strengthening the body, it labors to produce obstructions in the system, which engenders disease, have recourse to a medicine that is perfectly safe in every disease, and that will produce a favorable termination, if given early in the complaint, frequently in a few hours and most always n a few days, that medicine is

Dr. Reichter's Vegelable Pills, which so throughly cleanses the blood and system a large, that disease of any kind cannot, possibly exist We find their Presence,

provided nature is not beyond all human assistance.
The price of these pills is 25 cents per box, with full directions, and can be had at the Philadelphia Medical Hall, established for the suppression Of Quackery.

Surely if they used them with as good an effect upon themselves as I have, they have good reason for estoling their virtues; and if you take my advice, you will persevere, go on and recommend them to all who are laboring under disease, and my word for it, they will become so popular as a general remedy that you will find it so popular as a general remedy that you will find it difficult in supplying the demand.
