A SINGU A LAND UNLEBRATED UNARACTER. In a recent number of the Revue des Doux Mon des, we find the following account of the ife of the Zu call.

Mr. Borrow, says the writer, was originally horse jokey, or something of that kind; since tuen, a purnance dev tion having seized him; he has travelled over the world to spread gospel I ght among the Greeks, Papiets, Onomalis, Barbarians, and Zincali. To gain souls for Calvin, to cunquer horges and infi leis, and to wander over plains, tuershes and foresis, are his favorite pleasures. A Don Quixotte of the 19th century, and an English Don Quixo to the traveil d as a colporteur ismong the Alpurjuras, at Cintra, Centa, Merida, upon the banks of the Gundalquivir, and, the - Douro, with a cargo of Bibbles ; some in Arabic, others in the Bohami in tongue, - not that of Bohemia, but that of Hin Justen.

With a vigorous na ure, a well tempered soul, en uncommon courage, and a builting curios ty mingled with a lively time for adventures and even for dangers, a polygial mind with the gitt of torgue, Mr. Bornow understands Persim, Arabic. German, Datch, Russian, Polish, Spanish, Portuguesa, Sweedish, Irish, Norwegtan, and the old-Scandinavian, not to mention Gmic, Kymri or Welsh, Sauscrit, and Z neall, the langu ge of the European gypsies. He is an athletic man, thirtyfire or six years old, with a bright back eye, his brow already covered with a forest of premature white hair, and an onve complexion, as if he belonged originally to that Indian race of whom he is the chronicler ai d friend. Ha was here at Norfolk, and found himself, no

one knows how, and he does not rell, in the midst of gypsies, blacksmiths, fortunetellers, rope dancers, horse jackeye, old clothes merchants and beggars from Egypt, who inhabit London and its environs. From these honorable instructors, he re ceived at an early age his first knowledge of gibberish, the rudiments of the Z neal language, and hereditary receipts relative to the rearing and support of horses. As he grew up, he went to Edin burgh, went through the university course, studied diligen ly Hebrew, Grock and Laun, and mad frequent excursions into the high ands to learn Gaile thoroughly. What became of him siterwards? No one knows. His friends say he sowed his wild outst. Some precend that the tuit and the occupations of a jickey never had a more scalous servant. He bought and sold horses, bet, won, lost, and probably ran at Newcostle or Derby. This position of his life hes in the shade. He afterwards re-appeared, and we find him suddouby converted and sugaged in the service of the Bible Soci 19, a company organized for the propagation of the Bable. He travelstover the world, and leaves on has rowe Bides by the usuals and leaves on has and Arres, it presents a proved in most approved manufactories, suited to the countries of the latest styles from the when he had seen As a and Arres, it presents to smoot approved manufactories, suited to the countries of the countri him that Spini and Portugat, these two old rame arry and city trade.

It'is Thuz .-- Dr. Channing in one of his latest aldresses, said with as much beauty as firce, that the grand end of society is to place within the reach of all its members, the means of improvement, of elevation, of the true hap, iness of present their accounts for settlement, and all perman. There is a higher daty than to build almshouses for the no ir, and that is to save men from being degraded in the blighting influence of an alms house. Man has a right to something more than bread to keep him from starving. He has a right to the sids and encouragements and culture. by which he may fulfill the destiny of a man : and until society is brought to recognize and reverence this, it will continue to grean under its present miseries.

WRITE BLACKBERRIES.—The existence of this singular anomaly in the line of truits, may be doubted by many, but its existence can now be clearly established, and not as an exotic, as has probably been supposed. The Macon (Ga.) Messenger says it is a genuine native of that State, and grows in Monroe county, near the Octulgee nver. As yet it has been seen but in one field, where there are a considerable number of bushels. The fruit is very white and transparent, and of good size and quality .- Bangor Whig.

ELECTIONLERING AND NOT SO BAD .- The Pittaburg Morning Post has the following story in telerence to the present canvass for Sheriff in that quarter, where the contest is pacultarly animated. In speaking of the anti-masonic candidate, who is reported to be riding the county on two horses, the Pust sayer

"The only item we have is that he called at the house of an old arriz n who happened to be absent at the time. The od wife, suspecting that he was on electioneering business, asked him to elight and w.i. till fier husband came in at the sime time inquiring what office he was running for. When told . Rowand's [Improved] Tonic Mixture. A few remarks will serve to illustrate the difforence. In the first place, the operation of the Tonic Mixture in the cure of Fever and Ague is upon entirely new and peculiar, yet safer principles. Secondly: It not only prompily arrests the course of the chills, when punctually and perse-veringly used, but it soon restores the wonted functions of the general system to a perfectly healthy state; when relapses are no more liable to onsue that an attack of the disease in one who has never had it before. Thirdly; Phe system during the administration of the Improved Tonic Mixture, springs up at once under its benign in Mixture, springs up at once under its benign influence, and gives with an earnest of returning
health and vigour. Fourthly Producing more
or less effect on the bowels, the cause of the disease passes off in the way most strongly indicated by nature. Fifthly I its effects on the system are uniformly mild and safe, as well as efficent, and it is as well adapted to the feeblest infant, simply by a modification of the dose paste. fant, simply by a modification of the dose, as to

CONSUMPTION OF THE LUNGS, fections of the Liver, Asthma, Bronchitis Pain or Weakness of the Breast or Lungs Chronic Coughs, Pleurisy, Hemirrhage of the Lungs, and all affections of the Pulmonary

NATURE'S OWN PRESCRIPTION. A compound Balsamic preparation of the Prunis Virginians or "Wild Cherry Bark," combined with the Extract of Tar, prepared by a new chemical process, approved and recommended by the most distinguished physician, and physical weknowleard, the most realishing and universally acknowleged the most valuable medicine ever discovered.

No Quackery!!! No Deception In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are labouring under utilicion, nor do we wish to culogize it more than it justly deserves.
Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has roved so highly successful, we feel that we can not urge its claims too strongly, or say too much

in its favour. Various remedies it is true have been offered nd puffed into notice for the cure of diseases of and pures into noice for the cure of cleases of the Lungs, and some have no doubt been found very useful, but of all that have yet been discov-ered, it is admitted by physicians and all who have witnessed its effects, that none has proved is successful as this. Such indeed, are the

SURPRISING VIRTUES Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed to effect uny change, the use of this medicine has been pro ductive of the most astonishing relief, and actually effected cures after all hippes of recovery

had been despaired of.
In the first stages of the disease termed "Ca tarrhal Consumption," originating from neglect ed OOLD, it has been used with undertailing success, and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone. In that form of Consumption so prevalent amongst delicate young females, commonly termed debility, or

"GOING INTO A DECLINE," complaint with which thousands are linger ing it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengh. ens and invigorates the system more effectually than any incdicine we have ever possessed.

Besides its surprising efficiery in Consumption, it is equally efficacious in Liver Complaints, reservoir of the Schinikill Navigation Co., and nate cases, after every other remedy had failed.

of the Lungs, and the many singular cures it has effected, having fully established its efficacy, and as we have already published numerous certificates from the highest authority, which prove its virtues beyond all doubt, we consider it unnecessary to exhibit a long list of them in this lace, and will only mention a few cases, to show what it has done. WHILE LIFE REMAINS

WE HAVE STILL SOME HOPE. A SURPRISING CURE - Among the many singular cutes which this medicine has effected, here is perhaps none in which its powers are so ully shown as in the case of Mrs. Austin. This lady had been consumptive for several years, and during the greater part of this time ad (received the best medical attention, and tried alkthe most valuable remedies, yet nothing ould be found to arrest its progress. She became subject to violent fits of coughing, expecto rated large quantities of matter occasionally tin-

to be true and correct. J. N. WALTERS, M. D. LIVER COMPLAINT .-- Mrs.- Eliza Thompson was ifficted with this complaint for nearly five years, during which time she was under the most skilful physicians-had tried Mercury, Botanic, and Humepathic remedies, and every thing that ofterred her any hopes of rchet. She had dull. wandering pains in the side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and had been uns-ble to sleep on the right side for three years. By the use of this Balsam, she was cured in a lew weeks, and remains well to this day.

ELIZA THOMPSON. Woodstown, Scot 4, 1841. Dear Sir :- Although your invaluable medi cine has already found hundreds of powerful advocates, it may still be gratifying to you to receive a communication from any one that had been relieved by it. Such, Sir, is truly my cases have been a victim to that terrible Consumption, for many months, and have suffered so much, that I had become almost weary of my life. Hearing your Balsam so highly praised, I began taking it a few weeks back, and can assure you it has relieved me more than any thing I have ever used before, and I confidently

believe it will core me effectually. Please give the bearer the worth of the enclosed, and oblige, Yours Respectfully,
JOHN PEARSON. Chester County, Sept. 6, 1841. Friend Wista :- It gives me much pleasure to inform thee that my wife's health has improved very much since she has been using thy Balsam of Wild Cherry, and we think there is no doubt but it will cure her. She has taken the

two buttles I purchased from thee a short time since, and her cough is much better, she also sleeps well at night, and says she has found no-thing to give her so much relief. Thee will please earer two bottles more for Thy Friend, EDWARD HOLMES. Lancaster County, July, 18, 1841. Dear Sir:-Please send me two bottles of your

enuine Balsam of Wild Cherry. I have been filicted with Consumption for the last two year and suffered very much with a severe cough, pains in my breast, difficulty of breathing, night weats, &c., and having tried numerous remedies, and also been under several doctors, vet I could not find any thing to relieve me until I used some of your Balsam. I got one bottle from a neighbor, of mine who is using it, and have found such wonderful relief from it that I have no doubt it will cure meleffectually. Very respectfully yours, &c., ROBERT HOMMAN.

IF Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huningdon county.

Dear Sir.—I procured one bottle of Dr. Wis tar's Balsam of Wild Cherry, from Thomas Reed, Esq., of this place, and taled it in a case of obstinate Asthma, on a child of Paul Schwebie, in which many other remedics had been tried without any relief. The Balsam gave sudden relief, and in my opinion, the child is effectually cured by its use. Yours, &c., JACOB HOFFMAN, M. D.

December 23d, 1841. Dear Sir .- Your Balsam of Wild Cherry has ffected some astonishing cures here. One of which is an old lady, Mrs. Russell, who had been suffering for a long time with shortness of breath. ing, and general weakness, until she was finally obliged to keep her bed. After various other remedies had been resorted to in vain, she commen ced using your Balsam, and after taking two bot

ies, was so lar recovered as to be able to atten to all the duties of her house, and on taking two buttles more was entirely cured.
