NOHUMBUG. LIGHT AT HALF PRICE.

THE general infroduction of Neal's Patent Lard Lump, for burning common Lard, will be a saving in the item of light, of at least 50 per • ope a saving in the tent of light, of at tast so per • cent. in this community, and the immense sum of money which is annually drained from Schuyl-kill county, will be retained in, a great measure iat home, and circulated among our farmers in the neighborhood, for lard. This is, certainly a creat decideratum. great desideratum.

The following are voluntary certificates, given by citizens of this Borough, in favor of the Lamps, who have had them in use:

Portsville, November 27th 1843. Mr. Bannan :-- We have tried Neal's Patent Lard Lamp, and find that it gives a much bet-ter light than with the use of Sperm Oil, and ter light inan with the use of Sperm Oil, and gives quite as much light as two candles. It is entirely free from soy unpleasant smell—the smoke, what hitle there is, soils nothing, and it is a saving of about 50 per cent. over the use of the best Sperm Oil, at the present prices. The common Land, as it comes from the Ritchere is Molansees the best Sperin Oil, at the present prices. The common Lard, as it comes from the Butchers, is

DANIEL H. LEIB. MOUNT CARBIN, November 24th, 1843. Ma, BANNAN:--I have used Neal's Patent Lard Lamp, for about four months, and find it superior to any Lamp, I have ever used. With Lard it gives a much better light than with oil, is avery great saving and is free formall upples is a very great saving, and is free from all unplea-sant smell. I find also that I can, burn the most sans smen. I not also that it can out it the most common 50 cent oil, mixed with half Lard for-winter use, which gives a much brighter light than the best Sperm Oil, and is as free from that appleasant shell, which renders Lamps disagreeable, as the best sperm oil is, at half the price. JOSEPH ALLEN.

We may here remark that if any person be comes tired of using Lard, or if the price should approach to near the price of Oil, he has a much spproach to near the pitce of view in use, unless it better Oil Lamp than any now in use, unless it is the Diacon Lamp, which costs a very high price.
