Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we can not urge its claims too strongly, or say too much in its favour.
Such indeed are the

In the first stages of the disease, termed "Ca tarrhal Consumption," originating from neglected COLD, it has been used with undeviating success, and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone. SURE REMEDY FOR WORMS

Facts for the People! THE constantly increasing popularity and sale of B. A Falmestock's Vermifuge has induced persons who are envious of its success to palm off upon the public preparations which all medical men know to be inefficacious in expelling worms from the system.

This Vermifuge has made its way into public favour upon the ground of its own intrinsic merits, more than any other medicine of the kind now used; and while a inj worm remedies have, by dint of puffing, here forced into sale, and shortly after gone into the obscarity which their worthlessness justly merited, B. A. Fannestock's Vermiuge continues to be triumphantly sustained. It has only to be used and its effects will fully sustain all that is said of its won-derful expelling power.

Certificate. Wales, Erie Co2 New Y., Jan. 7, 1843. We certify that we have used B. A. Fahnes. tock's Vermifuge in our familie, and in every case it has proved a decided and effectual remedy for expelling worms from the system . We cor. recommend it to parents who have children afflicted with that dangerous inalady.
