Porrsville, November 27th 1843.

Mr. BANNAN:—We have tried Neal's Patent Lard Lamp, and find that it gives a much bet-ter light than with the use of Sperm Oil, and gives quite as much light as two candles. It is entirely free from any unpleasant smell—the smoke what little there is, soils nothing, and it is a saving of about 50 per cent, over the use of the best Speria Oil, at the present prices. The common Lard, as it comes from the Butchers, is common said, and a common used in these Lamps.
