This "Syrup" has been used, and its astenishing curative qualities testified to, by many of the most respectable citizens of the United States. We do not, may cannot claim as the quack does infallibility for curmedicine; but having tested the medicine qualities of the "Pulmonary Syrup," in an extensive and varied Medical Practise for imany years, with unpredecented success, we unhesitatively pronounce it one of the very best remedies in the world, for Pulmonary Diseases. Give it a fair trial, and you will be theroughly convinced, that it is not one of the formon quack-insetrums of the day, but a medicine of real value—one that is well worthy of the high and enviable reputation, which it has wen; and one worthy to be in every family. Another reason, why all should use the "Pulmonary Syrup," is its remarkable cheapness, while other medicines less in quantity and inferior in efficacy, are selling for \$1,00 and more, Steelling's Pulmonary Syrup, sells for the unpredecented low price of 50 ets. per botte.

Jopstown, Dec. 12th, 1843.

Br. Wm. Sicelling—Dear Sir —It is with extreme pleasure that I am permitted to inform you, of the remarkable efficacy of your "Pulmonary Syrup" in my case. I was attacked about the 1st of last September, with a cough, that became so severe and alarming, in three or four weeks, that I almost despaired of vier again recovering ray firmer good health. I was so much reduced, that I could hardly, place one foot before the other; at night, I was obliged to lay dolstered up in my bed; when I laid down! I was afraid of suffocating from excessive couching; andit was with the timost difficulty, that I could raise the matter from my lungs. My relations and friends, quite despaired of my ever recovering. I used a number of medicines, without any decirable effect! At this critical period, I was so fortunate as to procure some of your Pulmonary Syrup, which immediately enabled me to expectorate with case, and by the time I had taken four bottles. I was perfectly cured of my cough, and my flesh, which I had lest, twenty pounds returned with my usual strength. And by the liesting of Divine Providence, upon the means used, I was in two months perfectly cured. I am now as well as 1 lever was, and have no Cough, nor the least effects of try former disease.

Facts for the People! THE constantly increasing popularity sale of B. A Falme tock's Vermifuge has induced persons who are envious of its success to palm off upon the public preparations which all medical men know to be inclicacious in expelling worms from the system.

This Vermiluge has made its way into public forms. lie fayour upon the ground of its own intrinsic

merits, more than any other medicine of the kind now used; and while many worm remedies have, by dint of puffing, been forced into sale, and shortly after gone into the obscurity which their worthleseness justly merica, B.
