JAYNE'S EXPECTORANT.—No other med-icine will remove mucus or, pugs from the throat, so thorogibly as this. It effectually loosens the coagula-ted misses from the memiliante which lices the trachia, and at every couch, the patient will bring up portions of the disengaged matter. In all complaints of the pul-monary organs, even where nature seems to be ma-king to effort to throw off the disease, Jayne's Expec-torant imparts vigor to the machimery of re-piration, and enables them to disencumber themselves of the obstruc-tions which had impeded their free operation. Congbs, Colds, Bronchitts Pleurisy--it a word, all diseases of a pulmonary nature; yield to this preparation, if properly administered.
