JAMES K. POLK The descendant of a Tory of the Revolution

The Boston Democrat says that Mr. Polk is 'the descendant of one of the signers of the memorable Meeklenburg Declaration of Indepence .-This is a foul falsehood. Mr. Polk is the descendant of a British tory. His grandfather co-operated with the enemies of the American freedom in the Revolution. He was the counsellor and apy of those blood thirsty wretches who, for British gold, not only fought against those who were fighting for national independence, but murdered in cold blood, the wives and children of the gallant hearts that spurned British oppression.

We have no wish to rake up these reminiscences; but when Locofoco papers seek to create capital for Polk by styling him the descendant of a patriot of the Revolution, they must expect to have the lie crammed down their throats. James K. Polk's grandfuther, Ezekial Polk, was a British TORY in the Revolution, and James K. Polk is now the enemy of American industry. His grand uncle was a Whiz in the Revolution, and the de scendants of that branch of the family are Whigs now. Those having tory blood, are Locofocos now! These facts are beyond contradiction.

Muzza for Louisiana!

the old residents of North Carolina.

They are proven by the affidavits of several of

"Texas Thunder," no thunder after all. In this State the triumph is complete—the Whigs only nominated two members of Congress in the State, one of which they carried by 578 majority, in a district where they were beaten last year by 97. In the other district, we lost the etcition by 38 votes, where we were beaten last vear nearly 700, and this too in a state which the the vear nearly 700, and this too in a state which the wear nearly 700, and this too in a state which the Texas question was to sweep every thing before

The Senate stands 8 Whies to 8 Locofocos and one vacancy, which will be filled by a Whig In the House the Whigs have 8 majority. The Convention stands 38 Whigs, to 33 Locofocos 5 Conservatives, and one vacancy, yet the Locofocos boast that they have achieved a victory .-They are welcome to all such victories.

TEXAS DEMOCRACY.

Huzza for Texas, Huzza! Texas has a debt of Seventy-five Millionsand the Scrip is selling at twelve cents in the dollar, and Texas Treasury Notes at seven cents in the dollar. Would'nt it be a glorious speculation for Scrip Holders, and they all go for annexation-

Huzza for Texas!! In taking Texas we must also take her war with Mexico off her hands, which would probably cost not less than one hundred millions more, all of which the tax-payers must make up by increased taxes, and all fur the benefit of the Scrip Holdersin the United States.

.Huzza! Huzza! for Texas!! The Annexation of Texas would give the Southern or Slave States, the ascendency in our Government, which would perpetuate Slavery, and give the South the power to destroy the pres ent Whig Tariff.

Huzza! Huzza!! Huzza!!!

FOR TEXAS AND LOCOFOCOISM!!!

HENRY CLAY'S OPINION OF GERMANS. "The honest, patient, and industrious German readily unites with our people, establishes himself on some of our fat lands, fills a capacious barn and enjoys in tranquility the abundant fruit which his diligence has gathered around him, always ready to fly to the standard of his adopted country, or of its laws, when called by the duties of Patriotism."-Extract from Mr. CLAY'S Speech, February, 1832.

The Locofocos are horrified at the idea of the General Government assuming the forty million debt of Pennsylvania,-and thus relieving the people from a portion of taxation-but they have no objections to assume the seventy-five million debt of Texas, and compel our Farmers to pay it, in addition to our already heavy debt in Pennsylvania. Oh! the beautiful consistency of Locofocoism!! how it does relieve the people from taxation !!!

RICH-A FACT .- At the "Young Hickory" Meeting, on Friday night last, at Pottsville, the ex-Senator made a flaming speech, and wound up by calling out three cheers for "Clay, Frelinghuysen and Muhlenburg !" Just as they were in the act of cheering, a locofoco bawled out, at the top of his voice, "Stop! stop! by G-d, that wont do." The ex-Senator cannot forget his will be sold cheap for cash, by application to the subscriber, at the York Ftere.

GLENN'S UNRIVALLED SAPONACEOUS COMPOUND'FOR SHAPING.

To Gentlemen who shave themselves, this articles
offered with the greatest confidence as equal ea
not superfor to any other Shaving Soap in use. Fordelightful and consistent lather, which will not dry
you the face or irruste the most delicate skin, for the
case and comfort it gives to the often troublesome operation of shaving, rendering it surpassingly easy, this
compound can be safely reccommended. It is equally
effectual in warm or cold water, and after using it, the
face is left soft and pleasant, and entirely free from the
irritation and roughness, often caused by the use of
strong alkaline Soaps and Shaving Creams. The compound is pleasantly perfumed and put up in a near thina box, answering all the purposes of a shaving box,
andon trial will be found very economical and convemient, during the few years this article has been before
the public, the proprietor has sold 33,000 boxes of it,
and the demand is constantly increasing as its merias
become known. The agents are authorized to return
the purchase money, where it does not give entire satisfaction.

"The Saponaceous Compounded, that shaving with it,
is an absolute pleasure."—U. S. Gazette.

"The Saponaceous Compound, is the best preparation
extant for shaving purposes. It is extensively palronized, and deservey to be; every gentleman who
shaves himself, should buy it."—Philadelphia Gazette.

"We begt to call the attention of the bearded portion of
our subscribers, to the Saponaceous Compound. It is
without exception, the latest shaving Soap, we ever used.

—Philada. Transcript.

The Saponaceous Compound for shaving, is the best
perhaps the very best article in use, for scraping the
heard from the human face divine. What with a keen
razor and this compound, and may shave your face in
half the time, you are pronouncing the word. It is an
anomaly in lancasge—it is a very good shave, and yet
