MANUFACTURERS. No 65 north Front screet MP hiladelphia, have now a good supply of their warranted pure white lead; and those customers who have been sparingly supplied in consequence of a run on the article, shall now have their orders filled.

No known substance possesses those perservative and beautifying properties so desirable in a paint, to an equal extent with unadulterated white lead; hence any admixture of other insternals only mars its value. It has therefore been the steady aim of the manufactures, for many years, to supply to the public manufactures, for many years, to supply to the public a perfectly pure white lead, and the unceasing demand for the article, is proof that it, has met with favor.
