States, was 685, and 1111 from the City of Baltimore ; making, altogether 1796. The following are some of the resolutions adopted by the Convention :---

Resolved, That public men, who are raised by the suffrages of a free people, to places of official; dignity and power, are laid under peculiar obligations to set an example with regard to the Lord's low men, and which shall tend to render the due observance of that day universal.

Resolved; That as but six days in a week have been made, or given to men for secular business they have no right to take any more for the put pose; no more belong to them; if mon take mor they take that which is not theirs : and though i may sometimes promise some temporary good, i will not be likely to end well; for the Sabbatical law was engraven not only on the tables of stone. but on the bodies and souls of men, and is armed with a penalty which no continued violation of it can neither annul or evade.

Resulted, That bodies of men, by being incororated for private or public objects, have no more right to desecrate the Sabbath than individuals; and that the members of such bodies are as really bound to observe it, in their public and official acts, as they are in their individual and private ransactions among their fellow men.

Resolved, That we recognise with peculiar satisfaction the repeated instances in which bodies of men, in their official capacity, have of late manested their regard for the Lord's Day, and their dispositions to assist those with whom they employ in availing themselves of the rest, and privileges which that day was designed to afford. Resolved, That the Sabbath is peculiarly the friend of the laborer, and comes as an angel of

mercy to give him rest from his toils, to point him upwards and help him to rise in anticipation of, and in preparation for ' that rest, which re

AWFUL TRAGEDY .- The Cincinnati Times of the 25th inst. says :- We have conversed with gentleman from this city, just from Greenville, Darke county. O., who informs us that on Tuesday last, a Mrs. Stevens, the second wife of a farmer in the vicinity of Greenville murdered her husband, his son, and dreadfully mangled his daughter, after which she fled and hung herself .--The domestic discords arose, from the settlement . of the estate of the woman's first husband, a dispute growing out of the disposition of the proceeds. The boy was 12 years of age and then girl 14.

Mas. Pork .- The Washington correspondent of the New York Express says :- I have seen it stated in some of the public prints, that the lady of the President elect, was a Miss Easton, who. once was an inmate of President Jackson's house, at this place. It is not so. I have known the, amiable and accomplished lady of Mr. Polk formany years. She was the niece of the late dis. Day which shall be safe and salutary to their fel- tinguished Judze White, of Tennessee, and was married to her husband several years before Gen. Jackson was President."
