Increase in 1844, The supply this year, over and above the consumption of last year (which was 1.213,537 tons) is 368,130 tons, a large increase, but it is not be lieved to be more than the market requires.

A general impetus was given to business in al hianches by the passage of the Whig tariff of 1812. Furnaces and factories have been reopened, and of relief notes, which the State Treasurer with-new ones erected and put in operation in all parts held from Cancellation on the 31st December, and new ones crected and put in operation in all parts of the country, and hence a vastly augmented demand for cosl. Anthracite coal, too, is very gendebt. erally used on steamboats, and it is estimated that 500 tuns per day are consumed in boats leaving says, it is evident that the Commonwealth will the city of New York alone, and it has been intro. 1st of February. A majority of one voting for suspension. Sentence was accordingly passed, of "suspension from the Office of a Bishop in the Church of God, and from all the functions of the sucred ministry."

Upon this sentence a question of some importance arose, and was mooted by the Bishop's friends-14 What does suspension mean-how long will it continue." The reply was: " unlimited," "perpetual." Bishop Delance, thought this equivalent to " deposition." Bishop Henshaw said undoubtedly, and was about to move a reconsideration to put the question finally at rest when the friends of Bishop Onderdonk acquiesced in this construction. The diocese of New-York is thus placed in a peculiar situation ; they have his office, and as there is no vacancy, there can be no election until the Bishop resigns.

The Governor's Message is a good document loubt be responded to by the mass of all parties.

But like all other locofoco messages, we are fearstract of its most important features, for which we are indebted to the PhilaJelphia Inquirer : It commences with congratulation on the rightening prospects of the Commonwealth. A review is given of the financial condition of

Pennsylvania when the Governor entered upon the duties of his office; and of the measures that were immediately taken to improve the condition of public effairs. The various Tax Bills suggested, and adopted are analysed, and the difficulties.
