REPORT OF GRAND JURY, JUNE SES, 1845. The Grand Inquest of the Commonwealth of Pennsylvania inquiring for the body of the County of Schuylkill

RESPECTFULLY REPORT. THAT agreeably to the recommendation of the court, they have visited the House for the support and employment of the poor of said county, and take pleasure in stating, that although their visit was unexpected to the Steward, they found everything in most admirable order and condition. The house appears to be kept remarkably clean and every attention paid to the health, convenience and comfort of its unfortunate instances. ates. It is with more than ordinary satisfaction, that we

It is with more than ordinary satisfaction, that we can state that the psople of Sehuyikili County, can congratulate themselves that they have it in their power to support their poor, in a decent, comfortable and humane manner, and that the agents employed for that purpose, are competent and willing to perform their duty in all respects.

The Inquest aforesaid are of opinion, that the room now occupied for a kicken is much too small and inconvenient and ought to be separate and distinct from the main building; the present kitchen might be converted, into a dining of sitting room, which is absolutely required for the mile pathers. Therefore we recommend the building of a proper size, separate and

THE SHAMOKIN FURNACE AND COAL MINES,

FOR SALE OR TO RENT.

The Furnace, Coal Mines, and Saw Mills of the Shanekin Coal and Iron Company are offered for sale or to itent: They are situated in the town of Shamokin, Northumberland county, upon the line of the Danville and Pottsville Railroad, 19 miles from Sunury Basin of the Pennsylvania Canal. The furnace stands immediately upon the Railroad, within a short distance of the mouth of one of the coal mines, from which an incline plain leads to the tunnel head, and by means of an apparatus attached 10; the steam engine, the coal, ore, limestone, &c. are drawn up.

The Furnace is 38 feet isquare at the biase and 47 feet high. The foundation under the whole is very substantial, being 5 feet deep and 42 feet square. The tunnel is 174 feet high with three charging doors, cast iron frames and shutes to each door. The arches for the tuyers are 10 feat wide; the tempt arch 15 feet wide; the hearth 5 feet high and the bosh is 12 teet across. The interior of the stack is lined with fire brick 16 inches long, and the whole is braced with bars of iron four feet apart, with large washers and keys. There are two steam engines of 90 horse power each and two blowing (ylinders 20 inches diameter. 10 Boilers 20 feet long, and 30 inches in diameter. The engine house is 60 feet by 30, the boiler house 60 by 45, and the casting house 48 feet long, 45 feet wide and 20 feet high to the square. The machinery is of a very superior character, and in first rate order, and the whole establishment one which it is beheved offers facilities for pig iron surpassed by none in the State. The furnace and mines are offered for sale or to rent, either seperately or together, upon such terms as may be agreed upon. Durhum the time the works were in speration they made, iron of a very excellent quality, of which ample certificates can be shown from gentlemen who have purchased and used the article in their foundries. SCHUYLKILL BARGES.

THE work of enlarging the Schuylkill Navigation from Philadelphia to Port Carhon, Schuylkill cars is now in active operation; and by the terms of the contracts, the enlarged Locks will be completed throughout the whole line, by the ist of April, 1846.

This enlargement will change the old system of Boat Building entirely; Vessels of 130 to 200 tons burthen, cannot be thrown together as successfully as boats of 60 tons have been heletolore; and the experience of the undersigned obtained by the chosets scrutiny while working on Vessels of different discriptions—enables him to promise more efficient workmanship, combining the requisite qualities of Salling Axis Bustners, to perfection of model,—than any of his competitors on the Schuylkill River.

Bersons wishing Barges, Steam of Salling Vessels, under 105 feet in length, 18 feet in width, and 10 feet in depth, will find it to their advantage to patronise the subscriber—whose work will at all times be warranted to give satisfaction—under a forfeiture of Ose yourn the centract price.
