Haley, Philadelphia, This institution, founded on the Mutual Safety and Joint Stock principle, and embracing all the recent improvements in the science of Life Insurance, after having experienced the most marked success in Europe, has established offices in British America and various parts of the United States, where its principles are winning equal Javour and approval principles are winning equal favour and approval—
Amongst the many advantages which it offers to all persons wishing to insure their-lives, are principled and affect security, arising from a large paid up and safely invested capital. 2d—its moderate rates of premium; 3rd—the participation of all profits by the insured, which (as the business of the Society in Great Britain and elsewhere, has become very, exten sive,) is of the utmost benefit and importance; 4th the use given to the Assured of two thirds of the amount of their former payments, whenever required
—thus obviating the objections against Life insurances with those whose incomes are precarious, and
who might dread the possibility of being in arrear
with their premiums, and of thereby fortesting their
previous payments. previous payments.
Pamphlets containing the Society's ntes and every other information, may be obtained on application to the Agent, at No. 68 south Fourth street, Philadel-

Jnne 28th o the Tax Payers of Schuylkill. THE County Commissioners consider it important to a call the attention of Tax Payers, to the provision of the 42d section of the act of 20th of April, 1844, which provides "That if any county shall pay into the State Treasury, its quota of Tax ifteen days prior to the first day of August, in any year, such county shall be entitled to an abatement of five per cent on the amount so paid, and any State tax remaining unpaid by any individual of Corporation, after said tax is due, and payable by said county to the Commonwealth, shall bear an interest of six per cent, and be a lien on the estate on which it is charged, till fully paid and satisfied.

the estate on which it is charged, till fully paid and satisfied.

The advantage of paying the tax prior to that time, will be obvious, when it is known, that the result will be to save to the County Treasury, about to ne thousand dollars of the amount collected for State purposes.—We therefore hope that our citizens will take pride in ranking Schuylkill county, with other counties of the Commonwealth, which evince a disposition to fulfill their part, towards the payment of the interest due by the State, in August and Februars next, which can be done by paying their tax, on or before the 15th of July next. By order of the County and State taxs, are requested to pay into the County and State taxs, are requested to pay into the County treasury, on the 15th of July next, all taxes they may have collected by that time; all those collectors who are in arrears, from former years, are particularly requested to call on or before the above named day, and pay over to the county Treasurer, the amounts yet due on their duplicate, otherwise they will be proceeded against, and dealt with according to law.

Orwigsburg, June 29,

The advantage of paying the tax prior to that time, will be beautifully requested to call on or before the bost on such that the result will be proceeded against, and dealt with according to law.

The amounts of the Acceptage of Lamber in 24 hours. As: the proprietor is desirous of going made soon. For further particulars, apply at this office.

The amount of the Acceptage of the County treasury, or the county Treasurer, the amounts yet due on their duplicate, otherwise they will be proceeded against, and dealt with according to law.

REPORT OF GRAND JURY, JUNE SES. 1845; The Grand Inquest of the Commonwealth of Pennsylvania inquiring for the body of the County of Schuylkill

June 21

RESPECTFULLY REPORT, That agreeably to the recommendation of the court, they have visited the Rouse for the support and employment of the poor of said county, and take pleasure in stating, that although their visit was unexpected to the Steward, they found everything in most admirable order and condition. The house appears to be kept remarkably clean and every attention hald to the health, convenience and comfort of its unfortunate inmates.

health, convenience and comfort of its unfortunate inmates.

It is with more than ordinary satisfaction, that we
can state, that the people of Schuylkill County, can
congratulate themselves that they have it in their power to support their poor, in a decent, comfortable and
humane manner, and that the agents employed for
that purpose, are competent and willing, to perform
their duty in all respects.

The Inquest aforesaid are of opinion, that the toom
now occupied for a kitchen is much too small and inconvenient and ought to be seperate and distinct from
the main building; the present kitchen might be converted, into a dining or sitting room, which is absolutely required for the male palapers. Therefore we recommend the building of a proper size, seperate and
distinct from the main building, for a kitchen.

The SHAMORIN FURBACE AND COAL MINES,
FOR SALE OR TO REAT.

The Furnace, Coal Mines, and Saw Mills of the Shamokin Coal and Iron Company are offered for sale or to Rent. They are situated in the town of Shamokin, Northumberland county, upon the line of the Danville and Pottsville Railroad, 19 miles from Sunury Basin of the Pennsylvania Canal: The furnace stands immediately upon the Railroad, within a short distance of the mouth of one of the coal mines, from which an incline plain leads to the tunnel head, and by means of an apparatus attached to sithe steam enrine, the coal, ore, limestone, &c. are drawn up. The Furnace is 38 feet square at the base and 47; feet high. The foundation under the whole is very substantial, being 5 feet deep and 42 feet square. The tunnel is 17; feet high with three charging doors, cast irop frames and shutes to each door. The arches for the tunyers are 10 feet wide; the tempt arch 13 feet wide; the hearth 5 feet high and the bosh is 12 feet across. The interior of the stack is lined with fire brick 16 inches long, and the whole is braced with base of iron four feet apart, with farge washers, and keys. There are two steam engines of 90 horse, power each and two blowing cylinders 63 inches diameter. The Boilers 20 feet long, and 38 inches in diameter. The engine house is 60 feet by 30, the bolier house 60 by 45, and the casting house 48 feet long, 45 feet wide and 20 feet high to the square. The machinery is of a very superior character, and in first rate order, and the whole establishment one which it is beheved offers facilities for pig from surpassed by none.
