

POTTSVILLE. Saturday Morning, Sept. 6, 1845. VOLNEY B. PALMER. At his Residence and Coal Agency, 101 1/2 North Street, Pottsville, Pa. Agents for the Miners' Journal.

Some of the Temperance... Order is rapidly increasing throughout the country. In this State upwards of eighty charters have already been granted...

On Tuesday afternoon the 23 inst. Col. Thomas B. Florence, Grand Worthy Patriarch of the Sons of Temperance of the State of Pennsylvania, instituted Fountaine Division, No. 78, located in Orwigburg. The following officers were duly installed:

LATE FOREIGN NEWS.—The Steamer Caledonia has arrived, bringing news fifteen days later. The news by this arrival is not of much importance. Parliament was prorogued on the 9th of August.

REPORT OF THE RECENT GRAND JURY.—As the contents of this paper has been a topic of general conversation since the adjournment of the last Court, we have procured a copy from the Prothonotary's office, for publication, and append it below.

THE GRAND INQUIRY OF THE COMMONWEALTH OF PENNSYLVANIA: INQUIRY FOR THE BODY OF THE COUNTY OF SCHUYLKILL, RESPECTFULLY REPORT.

COURT.—The Criminal Court commenced at Orwigburg, on Monday last. We understand that considerable business was disposed of. A man by the name of Burgin was fined \$25 and costs for keeping a Tippling House, near Coal Castle.

PENNSYLVANIA COLLEGE.—We have received the Annual Catalogue of this Institution, located at Gettysburg, Pa. The Rev. C. P. Krauth, D. D. is President of the Institution, and the Faculty embraces a number of eminent Professors in the different branches of a collegiate education.

MESSRS. CARY & HART have issued the 4th part of Thiers' History of the Consulate and Empire under Napoleon. The work will be completed in ten numbers at the very low rate of 125 cents each, or \$1.25 for the whole work.

THE WHIG CONFERENCE have unanimously nominated Col. John Swift as their candidate for Mayor of the City of Philadelphia.

DEMOCRATIC WHIG COUNTY MEETING. In pursuance of a call issued by the standing County Committee, a Democratic Whig meeting was held at the public house of Samuel Beard, on Saturday afternoon, August 30th, for the purpose of nominating a ticket to be supported at the ensuing election. The meeting was organized by the appointment of the following persons as officers, viz: President, JOHN FRANKLIN, Esq., of Pottsville.

After consultation, nominations were made for the various offices, and the following ticket was almost unanimously selected: Assembly, Peter Filbert, of Orwigburg, and A. W. Leysburn, Esq., of Schuylkill Haven.

Several of the Philadelphia penny papers are engaged in discussing the question of "Hamburg." They evidently appear to be "at home" on the subject. The Whigs of Berks County have placed a strong ticket in the field, in that benighted region. They have repudiated all amalgamation with their opponents, and resolved to stand or fall in the support of their principles.

THE GAMBLING CASE IN BALTIMORE.—The Patriot of Saturday afternoon, says:—George W. Campbell, William James and George James, were brought before the City Court this morning on the charge of a breach of the peace, in violation of the law of Baltimore, Md., which prohibits the sale of lottery tickets. Campbell was held to bail in the sum of \$2000.

PREMATURE INTERMENTS.—The Courier des Etats Unis, publishes a letter from Paris, dated the 24th ult, which gives account of a movement in Paris, to prevent the distressing and terrible possibility of premature burials. The following is an extract translated from that paper: "An estimable philanthropist has recently made a report to government respecting premature burials."

RECALLED.—That we are opposed to the Delegate System, and coincide with the sentiments expressed by that portion of the Democratic party, who adopted the above preamble and resolutions. Recalled, That candidates for office should be nominated by a meeting of the people at large, and not by a few delegates.

RECALLED.—That as long as the Delegate system is continued, the taxes must necessarily increase also, because the delegates are generally selected and controlled by the old office-seekers and holders of the county, who live on the public revenue. Recalled, That we are in favor of the Tariff of 1842 without any alteration whatever, and we call on our decided Democratic brethren throughout the Union to watch with vigilance the movements of their party organs, and the Government of the U. S. in relation thereto, as they are expressed in the Washington "Union," the organ of the Administration.

RECALLED.—That we will give our undivided support to the ticket nominated, that the above names are men well qualified for the several offices for which they are nominated. They are all men of sound political principles, and great integrity of character, and we confidently recommend them to the support of the freedom of Schuylkill county. Recalled, That this meeting do recommend to the Democratic Whig State Central Committee to nominate a suitable candidate for the office of Canal Commissioner, to be supported by the Democratic Whig party of Pennsylvania, at the coming October election.

RECALLED.—That C. W. Pitman, Jacob Kline, Esq., George Kaufman, Col. J. W. Heffner, Joseph Bressler, John Probst, John Read, Sen., Capt Daniel B. Kernher, John Bollig, Jr., and Maj. James H. Greaf, compose the standing county committee for the ensuing year. Recalled, That the proceedings of this meeting be signed by the officers thereof, and published in the Democratic Whig papers of the county. (Signed by the Officers.)

Cassius M. Clay is recovering from his illness.

FOR THE MINERS' JOURNAL. THE ORDER OF THE SONS OF TEMPERANCE. Pottsville Division No. 52, is now organized, and it becomes a matter of serious import, demanding instant action, whether this needs for a reformation of existing evils shall be successful in our midst.

As some of our Citizens are afraid of secret Societies, the operations of this society are a blending of the two extremes—working out a necessary regard for its own affairs, and preserving in its relations with its members only, that amount of secrecy that the members of every well ordered family observe in their intercourse with the world.

Several of the Philadelphia penny papers are engaged in discussing the question of "Hamburg." They evidently appear to be "at home" on the subject. The Whigs of Berks County have placed a strong ticket in the field, in that benighted region. They have repudiated all amalgamation with their opponents, and resolved to stand or fall in the support of their principles.

DANVILLE AND POTTSVILLE RAILROAD.—A Convention in favor of the project of erecting a railroad between the cities of Danville and Pottsville, was held some time in October or beginning of November, at Danville, of delegates from the city and county of Philadelphia and all the counties north of it through which the road passes. The Danville Democrat, says:—

"The Cincinnati Gazette thus speaks of the outrage and its consequences: "Viewed in any light—either as a declaration of freedom of discussion shall not be tolerated in the free press, or as regards its consequences upon the free States—it is not less a blot upon the American name. The blood of freedom shall be tinged in their veins if they hear of it, and the indignation of patriots be aroused as they realize the tyrannical of the proscribed power. If a freeman under the constitution and laws may not speak out his thoughts, then let freedom of the press be crushed by a lawless mob, where the difference between this and any other despotism?"

CASSIUS M. CLAY.—A PUBLIC MEETING.—A public meeting of citizens opposed to the action of the mob in burning the residence of Cassius M. Clay, was held at Cincinnati last week. Resolutions were adopted sympathizing with Mr. Clay in the severe trials which his efforts on behalf of abolition have exposed him, and recommending public prayers to be offered in all places of worship for the restoration of his health, to enable him to go forward with facility, discretion, and unflinching resolution, until the great object of his labors shall be triumphantly accomplished.

GENERAL GAINES' CONDEMNATION.—The Union of Saturday night, has the following condemnation of General Gaines: "The facts, that Gen. G. has acted without orders; and, be his motives as pure as they may, he cannot exempt him from the censure of the Executive. The command of the 'army of observation' was given to Gen. Taylor, and Gen. Gaines ought never to have meddled with his command."

THE TARIFF.—It is cheering to hear from the South—where the suicidal policy of hostility to the Tariff is so obstinately cherished—the expression of sentiments such as are here uttered by the New Orleans Bulletin. The intention is avowed by the leaders in a certain school of politicians to attempt at the next session of Congress the re-doubling of the Tariff to the revenue standard.

A GOOD REASON.—A loco-foco paper, which is endorsed by the Washington Journal, makes the following queer confession: "Graduates of Colleges are, in nearly nine cases out of ten, whigs. So natural is it for them to cast their political fortunes with that party, that we have frequently been surprised at the result.

DO THE PEOPLE WISH WAR?—The Washington Spectator, Mr. Calloun's organ, while lauding Gen. Stewart's letter in favor of the immediate Annexation of Texas, alludes to the probability of a war with Mexico, in a tone of levity, if not of derision. It would seem well for such politicians to remember that wars are not so popular as in former times. People begin to reflect and compare its results before they plunge into its miseries. It is perceived that was undertaken for the extension of dominion over the red Indians across the Mississippi being under discussion, several chiefs insisted that the whites had not kept to the terms they promised to the hands of the Indians, which had already migrated to Green Bay from this State.

INDIAN BURLESQUE.—We see recorded a bold figure of speech, used at the great council of the Seneca Nation, held last week, near Buffalo. The subject of removing the red Indians across the Mississippi being under discussion, several chiefs insisted that the whites had not kept to the terms they promised to the hands of the Indians, which had already migrated to Green Bay from this State.

MONSIEUR PARADISE.—The Eastern Argus says we see it announced that Gov. Shunk has granted an unconditional pardon to William Hurley, an individual recently convicted of manslaughter for killing Joseph G. Morrow. Really it appears as if criminals are held at discount in Pennsylvania, for the perpetrator of an atrocious crime will be made a hero, and can make it to all intents and purposes a Kentucky paper, just as well as if printed on the spot. The expense will be a little more, but the friends of the emancipation will sustain him.

THE STEAMER GREAT BRITAIN took her departure from New York to Liverpool on Saturday last. She took out 53 Cabin Passengers. Two coal barges of the capacity of 200 tons, for the Navigation of the Schuylkill Canal, are now being built at Wilmington Delaware.

GONZALEZ, of Pottsville, to Miss ELIZABETH GILMAN, of Pottsville.
