POPULAN HENEDIES, —The most popular remedies of the present day, are those which cleanse and purify the blood, and which are known to be innocent in their qualities. Such remedies as Antimóny, Mercury Zint and having recource to Bleeding in disease, are now, it is hoped going out of fashion, and Vereicable remedies will be soon the popular medicine. Then Brandreth's Vegetable Universal Pills will be used and appreciated. They are known to act beneficially on every part of the body; being taken up by the chyle they pass into the blood, which they purify, and it should be remembered that they only remove those parts from the blood which were the cause of inflammation of any kind-Nothing is equal to ridding the vitiated humors with a vegetable proved never to do injury, but always good.

## SCHUYLKILL COUNTY FAR AHEAD!

We feel happy in being able to announce to our readers this week, that the shipments of Coal from the Schuvlkill Region this year, now exceeds ONE MILLION TONS !!

And should the present mild weather continue a little longer, we believe the quantity for the whole year will reach, 1,100,000 tons. Untrainmelled individual enterprize is the great secret which has caused this region to outstrip so far all its competitors, some of which

commenced before us. The shipments this week are, by Rail Road, 22,701 01

-by Canal, 8,839 05-total for the week, 31,543 showing an increase over last week of about 1000 tons by Rail Road and about 300 by Canal, which is caused by the unusral mild state of the weather. The demand for Coal continues very brisk, and pri-

ces are firm with an upward tendency in the different markets. We still adhere to the opinion that, with the quantity the Rail Road can supply during the Winter

months, added to that in the market, there will be a sufficiency for all purposes. Freights to Philadelphia and New York, remain the same as last week-but there has been a rise from Rich-

mond to Eastern Ports, and vessels are scarce. We quote as follows :
