H. I. TROWBRIDGE & Co. For Pottsville, Nov. 1, 1815. WISTAR'S BALSAM OF WILD CHERRY.

THE GREAT REMEDY FOR CONSUMPTION And the best Medicine known to Man for the cure of Asthma, of every stage, Liver Complaints, Bronchitis, Inducaza, Coughs, Coulds, Illeeding of t.e Luazs, Shortness of Breath, pains and weakness in the side, breast, &c., and all other diseases of the Pulmonary Organs.

A VERY important disease over which this 'Balsam'. A VERY important disease over which this 'Balsam'. A very powerful influence, is that of a DISEASED LIVER. In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and when MERCURY has been resorted to in vain, the use of this Balsam has restored the LIVER to a healthy action, and in many instances effected PERMANENT CURES, after every known remedy had failed to produce this effect.

Besides its astonishing efficacy in the disease above mentioned, we also find it a very effectual remedy, in ASTHMA, a complaint in which it has been extensively used with decided success, even in cases of years standing. It not only emanates from a regular Physician, but

It not only emanates from al regular Physician, but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery, or in any way deceive the public by overrating its virtues; on the contrary, I shall simply endeavor, to give a brief statement of its usefulness, and flatter myself that its cuprising efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous, that Consumption may and CAN BE CURED, 'If this medicine he resorted to in time.

Mr. Seth W. Fowle:

Doar Sir:—The character of Wistar's Balsam of Mr. Selli W. Fowle:
Dar Sir:—The character of Wistar's Balsam of Wild Cherry is so well established throughout the country, and, especially in the State of New York, that any further testimony would seem to be unvessary. Yet I have derived so nuch idvantage from it that I am have the second country in the second country.

that any further testimony would seem to be unecessary. Yet I have derived so, much advantage from it that I am happy to communicate through you to the six and afflicted what it has done for me and I consider it a privilege and duty to do so. I have been troubled with weak lungs for four years; had a cough moreor less every winter. I was confined to the house all last winter with a severe cough, pain in the side and breast; raised blood several times. I consulted a physician, but have never taken any medicine which has done me so much good as WISTAR'S BALSAM OF WILLIAM FOR THE COMPANY COMPANY OF A PROBLEM PRIVISIONAM. OPINION OF A REGULAR PHYSICIAN. Exter. Me., Sept. 30, 1815.

This certifies that I have recommended the use of WI-TAR'S BALSAM ()F WILD CHERRY for diseases of the Lungs, for two year past, and many bottles to my knowledge have been used by my patients, all with benedicial results. In two cases where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

1671 ACRES 19 Perches and allowance of 6 per 1672 cent. of first rate farming Lands, located in Jen's Township, Jefferson county, finely Timbered and Watered, and having several Mill sites upon them. Two main roads run through, the lands, and improved Farms adjoin, while Baiv and Grist Mills are in the immediate neighborhood. This land was selected by a gentleman of experienced judzment, and is considered by Judges to be one of the best tracts in the county. Its proximity to the Clarlon and Altecheny rivers, and numerous navigable streams, and the proposed failtread to Pittsburg and Erie, renders it highly desirable as an investment at present prices.

Abounding in Iron Ore and Bituminous Coal of fine quality, it is believed to present one of the most advantageous locations for Iron Works in West Pennsylvania. The present owe er purchased with a view of creeting such Works, but engagements in another quarter obliges him with great reluctance to forego his intension. Maps will be shown, and every information given by the undersigned. The lands are putented, and the titles and quality will be warranted, and sold free and clear of all incumbrance.

ness of breath, which were soon followed by a failure of appetite, extreme wakefulness at night, and partial paralysis of my limbs—these symptoms of a deranged system being frequently attended with spitting of blood. For about two years I was occasionally thrown into convulsions, which left me in a miscrable state of fee, bleness and began to affert my minds. From time to time my sufferings were more or less scere, until at length they increased to such a degree, and the violence of the symptoms were so anginented, that for a whole year I was unable to atfend to my business. During this time I consulted some able physicians and attended to their prescriptions; but all their skill was unavailing to procure me relief; and at longth they regarded my recovery as entirely hopeless. In this condition I was informed of the salutary effects of Thompson's Compound Syrup of Tar and Wood Naptha; in a case some what similar to mine, and though I had given up all expectations of a recovery of my former health by human means, yet by being strongly advised to try this medicine, I was at length provabled upon to do so, and I have now to say, that by the use of six bottles my health has been restored, and I am now able to attend to business with as much facility as usual.
