TRIUMPHANT SUCCESS OF Thompson's Compound Syrup of TAR & WOOD AMTH 1.

Still another remarkable Cure!

Carlisle, Pa., Wor. 20, 1845.

About six years since, in consequence of the sedentary nature of my business, I was attacked with severe pains in the breast, palpitation of the heart, and shortness of breath, which were soon followed by a failure of appetite, extreme wakefulness at night, and partial paralysis of my limbs—these symptoms of a deranged system being frequently attended with spitting of blood. For about two years I was occasionally thrown into convulsions, which left me in a miserable state of feebleness and began to affect my mind. From time to time my sufferings were more or less severe, until at length they increased to such a degree, and the violence of the symptoms were so augmented, that for a whole year I was unable, to attend to my business. During this time I consulted some able physicians and attended to their prescriptions; but all their skill was unavalling to procure me relief, and at length they iregarded my recovery as entirely hopeless. In this condition I was informed of the salutary effects of Thompson's Compound Syrup's Tar and Wood Naptha, in a case somewhat similar to mine, and though I had given up all expectations of a recovery of my former health by human means, yet by being strongly advised to try this medicine, I was at length prevailed upon to do so, and I have now to say, that by the use of six buttles my health has been restored, and I am now able to attend to business with as much facility as usual.

By some people it may be supposed that the undercigned is making efforts to secure the greater portion of the custom, and consequently to sell the greater
portion of goods that are disposed of in this Borough.
This is not exactly correct. Experience teaches him
that all such efforts would be useless, and common

A VERY important disease over which this 'Balsam' A verts a very powerful influence, is that of a DIS, EASED LIVER. In this complaint it has undoubtedly proved more effectious than any remedy hitherto employed, and in numerous instances when patients had endured long and sevece suffering from the disease, without receiving the least benefit from various remedica, and when MERCURY has been resorted to in vain, the use of this Balsam has restored the LIVER to a healthy action, and in many instances "effected PERMANENT CURIES, after grery known remedy had failed to produce this effect. Mr. Seth W. Fowle:

Dear Sir:—The character of Wistar's Balsam of Wild Cherry is so well established throughout the country, and especially in the State of New York, that any further testimony would seen to be unceessary. Yet I have derived so much advantage from it

Yet I have derived so much advantage from sary Yet I have derived so much advantage from it that I am happy to communicate through you to the sick and afflicted what it has done for me and I consider it a privilege and duty to do so. I have been troubled with weak lungs for four year; had a cough more or less every winter. I was confined to the house all last winter with a severe cough; pain in the side and breast; raised blood several times. I consulted a physician, but have never taken any medicine which has done me so much good as WISTAR'S RAISAM OF WII D CHERRY. I consider it the BEST medicine in the world for Colds, Coughs, and Fulminary Complaints.

WILLIAM B. SWARTS.

OPINION OF A REQULAR PHYSICIAN. Exter, Me., Sept. 30, 1545. This certifies that I have recommended the use of WISTAR'S BALSAM OF WILD CHERRY for diseases of the Lungs, for two year past, and many bottles to my knowledge have been used by my patients, all with beneficial results. In two cases where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

E. BOYDEN, Physician at Exter Corner.

All published statements of cures performed by this medicine, are, in every tespect, TRUE.

Beware of Counterpetts and Imitations.—The Beware of Counterpetts and Imitations.—The unparalleled and astonishing officacy of Ur. Wistar's Baisam of Wild Cherry in all the diseases for which it is recommended, curing many cases after the skill of the best physicians was unavailing, has effected a large and increasing demand for it. This fact has caused several unpri sipled counterfeiters and imitators to paim off spurious mixtures, of similar name and appearance, for the genuine Balsam.
