

POTTSVILLE.

Saturday Morning, April 11, 1846.

VOLNEY B. PALMER, Editor. Office at the corner of Third and Chestnut Streets, Philadelphia.

AGENTS FOR THE MINERS' JOURNAL. Mr. Charles H. De Forest, Post Office, New York.

A few copies of the Miners Journal for 1846, containing the statistics of the Coal Region, can be had at Zieher & Co's, No. 3, Ledger Building, Philadelphia, and at our counter.

PHILADELPHIA BUSINESS CARD.—We would call attention to the advertisement of the merchants of South Second Street, Philadelphia, doing business between Market and Chestnut streets.

PROGRESS OF THE IRON BUSINESS.—The growth of the iron business in all its branches is truly surprising. We see every week accounts of new establishments which are springing up in all parts of the country.

TWO YEARS AGO there was not in all the Union a single rolling mill for the manufacture of rail road iron. Now there are five in successful operation, and two more are rapidly progressing.

THE NATIONAL FAIR.—Extensive preparations are being made at Washington for the proposed exhibition of American Manufactures, to take place next month.

THE CITY COUNCIL of Washington have unanimously passed a resolution granting the use of the Washington City Hall and grounds for the purpose of the National Fair.

THE SUB-TREASURY.—The Sub-Treasury Bill has passed the House of Representatives at Washington, by a strict party vote, in its most odious and oppressive form.

THE PROCEEDINGS of the Legislature during the past week have been of a very interesting character. The Revenue Bill, after having been discussed by the House for several days, was passed on Saturday, by a vote of 42 to 40.

THE MORE ANNOUCEMENT of its passage by the House has already seriously affected the price of stocks in our principal cities.

COAL.—There were upwards of six hundred tons of coal from Pottsville on the tracks at Port Richmond yesterday morning.

ROADS.—We hope our Philadelphia friends do not feel alarmed at this. We expect in the course of the present season to send down 1500 cars per day to Philadelphia, and it is highly probable that more than 500 may be on the tracks at Port Richmond at times.

CONGRESSIONAL. The Senate has been occupied for the last week in continuing the discussion of the Oregon Question. In reply to the war speech of Mr. Cass, Mr. Benton addressed the Senate in favor of a compromise on the 49th parallel, on Wednesday the first inst.

Mr. McDuffie addressed the Senate on Saturday last, he too in favor of compromise. He advocated Mr. Colquhoun's form of giving the notice and thinks that Congress ought to tell the President how far they are willing to go.

On Monday and Tuesday, Mr. Webster delivered his great speech, defending his course on the North Eastern Boundary, and expressing himself in favor of compromise on the Oregon Question. The speech was emphatically one of the most splendid efforts of Daniel Webster.
