may infer that some time will elapse before there is to retract, which it is not to be expected he is any diminution in the business of the trade. will do.

LOCO FOCOISM AND BANKING. - It is well House by a vole of 103 to 64. known that about two years since a bill passed the Legislature of our State, granting a charter to ters from Washington induce a belief that the the "Farmer's and Mechanic's Bank of Schuylkill Sub-Treasury bill, as it passed the House, is not County" with a capital of \$200,009. Some diffi- in favor, with the mojority of the Senate Commit-

subscription to the stock of the bank, and it was essential modifications, and if passed at all, will finally determined to apply for a supplement to be passed with these changes. the act, reducing the capital to \$100,000. The application was successful and the supplementary

act passed. Among the principal movers in the matter were several prominent Whigs who had expended considerable money, and had labored strenushing to accomplish the object desired ; but when the time came for amending the Act Central Railroad Company Babscribe \$3,000 000 those whigs who had been previously appointed, were all removed, and five commissioners, all Loco Focos, were appointed. What a horror these Democrats' have against Banking! They would

not have any thing to do with it in any shape or form-it is so detestable. The BRITISH TARIFF BILL AND THE IMPOR-

TANCE OF IMMEDIATE Accion .- There appears to be on the part of the Loco Focos at Washington's determination to push the new Tariff Billthrough the House with all possible speed. We have received from our Representative in Congress. Mr. Ramsey, a letter from which we make the in not a law. following extract;

"The Tariff Bill, as you will have seen, was reported on Tuesday, and McKay, the Chairman ballotings Mr. Ross of Luzerne was elected to the of the Committee of Ways and Means, gives us vacance by a vote of 16 to 11-fourteen Whigs. to understand that he will move to fix the first Monday of May, for going into the consideration of the bill, and intimites that but two weeks will be given for discussion, in which unprecedentedly short period of tique of course the anti-tarilf orators | Shunk, would fill his office until the next general will have every advantage in catching the Chairman eye and securing the floor. There is every day on Increasing prospect that we will see con-siderable division in "the party" as to the details Schuylkill Navigation bill to the Senate with a of the bill: of Whigs and Natives we will have 88, of Penusylvania Locus 12. Now we hope to pick up ten or fifteen New York Locos .- The fate of the bill is with the New York democracy on the floor.".

In confirmation of the above, we have received this amondment the bill passed both houses. unother letter which states that Mr. McKay has said that the bill must pass the House by the 20th this paper. In our next we will publish it at length. of May ... There is evidently great fear among the Mr. Taggart, who passed through our Borough Free Traders that the National Fair, which is to on Thursday informed us that both Houses adcommence on that day, might have the effect of journed sine die on Weilnesday, after passing a making Northern Loco Focos rather cautious how new Revenue' Bill greatly modified from the old they pass laws which will have the tendency to one, from which both the tax on coal and the tonthrow thousands of industrious men out of em- nuge duty were stricken out. ployment and prostrate the business of the coun-

try. The efforts made to hurry the bill through the House ought to admonish the people to be active in taking measures to aven the calamities which would preessarily follow the destruction of the Tariff act of 1842.

It is time that all the friends of Protection throughout the country should fally and protest in the strongest possible terms against this net for the benefit of British manufacturers. We hope

that no time will be lost, but that remonstrances

Mexico immediately. COMPERN MINES.—The following synoptical statement relating to the copper mines of England ty Captam Hughes. United States Topographical Corps. is intresting at the present time, when our copper region of Lske Superior is opening sitch a wide field to American enterprise : •Elevation of the surface above the level of the sea, from 200 to 300 feet; derth below the sea, about 1,370; total depth of mine, 1,500 to 1,600 feet. Ores chiefly yellow copper, red oxide of cop-per, blee and green carboriste of copper. Tin ore, or oxide of tin, also occurs, but not in very great abundance. Produce of the ores—91 per centum of fine copper, average produce in 100 parts of the Statist, 245 fathoms; Pearce's engine shaft, 2,000 to 300 gallons per minute. Power en-ployed in drainage, £12,700 (563;500.) Quan-tity of ore annoally produced, 16.400 tons of cop-per, blow and green carboristes. Annual ex-profile of drainage, £12,700 (563;500.) Quan-tity of ore annually produced, 16.400 tons of cop-per, blow and green dignes. Annual ex-profile of drainage, £12,700 (563;500.) Quan-tity of ore annually produced. Produced in organ digness of the surren-der in the time of the atter Maharajah Runjeet Sugh--the sentence of drainage, £12,700 (563;500.) Quan-tity of ore annually produced. Produce in com-tity of ore annually produced. Produce in the represent of the sys-tem and reclustory, of the atter manal the particulation of the principal shafts.— Woulf 's en-gents of drainage, £12,700 (563;500.) Quan-tity of ore annually produced, 16.400 tons of cop-the rangement for the principal shafts.— Power en-tity of ore annually produced. To one of the against por ore and a few tons of tin ore: Produce in Produced to the principal against por ore and a few tons of tim ore: Produce in Produced to the principal against por ore and a few tons of tim ore: Produce in Produced to principal against por ore and a few tons of tim ore: Produce in Produced to principal against por ore tity of ore annually produced, 16.400 tons of copder to us of all the guns that have been pointed against us-the entire regulation and control of both banks pyr ore and a few tons of tin ore. Produce in netal, 1,517 tons of tine copper and a little tin." of the river Sullej and such other arrangements for settling the future boundaries of the Sikh state, and Total returns or value of the produce in metal,

Company.) The bill however failed to reach the fore we arge the necessity of throwing off the first soot (5599.000). Total cost of mines. House before the adjournment, and is consequent apathy which is frequently exhibited by our busi £98 500. (\$492,500.) [Clear profit to the proprietors, £21.000 (\$105,000) per annum. Amount of capital invested. £75,000, (\$875.000.) Interest on capital invested, 280 per centum, after paying back the original capital. Number of men employed, about 2,500, of whom 1.450 are employed under ground. Manner in which the ores are disposed of-sold to the smelting companies, and smelted by them at Swansea, in South Wales.

suspend all the ordinary functions of commercial and manufacturing industry. The Oregon Question has ceased to occupy much room in the English papers. The correspondence of the European Times says that in France the majority of the Legislature, the press, and the country, feel that Mr. Polk has put bimself and his nation in a false position. The majority of these men, and the ma-jority of the Representatives in Parliament, con-detion Mr. Yolk's proceedings as likely to lead to a war, and they, abhor war as a great calamity. They for only indeed thick there will be war, but they feel that it will not be to Mr Polk and his advisers that the world will be indebied for the maintenance of poace Tubis feeling may be erroneous but certainly DISASTER TO THE STEAMBOAT OREGON .- This magnificent steamboat, in attempting to pass Hurl Gate on Saturday morning, at low tide, struck a tock, broke her back, and immediately filled with water. There was great consternation and confusion among the passengers, who had to burst the state-room doors and rush to the upper deck, in order to save themselves. There was a large number of passengers on board, and nearly all were asleep in their comfortable berths, it being place This feeling may be erroneous but certainly about half-past 3 o'clock. In about an hour the steambout Traveller, came along, but could not exists. THE NEW TARIFF ON PAPER .- A writer in
