No. 2, Contains 37 acres and adjoins the above mentioned tract.

No. 3, Contains 150 acres, the one-fourth part to be sold, situated on the Swatara Bail Road, pear the Union Canai Rail Road.

No. 5, The one-half of another Tract of Coal Land, situated on the Swatara Rail Road, containing 75 acres, and adjoins tract No. 4.

These tracts are situated on improvements already in do and as the Mine Hill and Schaylkill Haven Rail Road Company is now extending a branch-of the Road into the Swatara Region, in the neighborhood of these lands, the purchaser will have the choice of two outlets by the Prion Canal, or by the Mine Hill Rail Road, the both the Schaylkill, which certainly offers great toducements for profitable investments. Although these are good Coal Lands, they will be sold at about one-half the price now a step; for good Timber Lands in the neighborhood of Pottsville.

For further information, as to terias, &c., apply to (DAVID GREEN AWALT, Pinegrove—SAMUEE B. FISHER, Potisville, of to, stated that in many or few, as the cases might have been of the suits returned to Court, that came before them, the evidence was entirely for the evidence was entirely for. Had the Grand Jury in the report here to fore referred to, stated that in many or few, as the cases much have been of the suits returned to Court, that came before them, the evidence was entirely installment to justify them in finding a true bill, and had recommended or enjoined upon the Josticestof the Peace generally to be more careful in their returns, and in all cases to dismiss the parties where there was not positive, or at least very strong testimon; then no fault rould have been found. Or fit as they them stress say, other Justices of the Peace, as well as N. M. Wilson, were guilty of the same linarinary or real offence, then why not come out and monting those other Justices' names! Then fairness and imparticulty would have been recornized and apparent on the face of the whole report. Why this truckling, partial, self-evident, addenoidenning attack upon one mand while others are implicated by the same most respectively while others are implicated by the same most respectively while some their names passed over quietly, and indistorbed? Who does not know that in a community such as Post-ville, where a large proportion of our hispiries political on are coverned almost entirely by their different hadional redungs and prejudices, nearly every man in cases of quarrels and inchis in the time of their excitement, can prove almost any thing by their country non and friends at the trial before the Justice of the Peace, making the case out almost, if not quits, beyond a doubt, and when the same case is brought before the Grand Jury, perhaps themain witnesses for the Commonwealth are all put quietly out of the way; and if they do appear, their testimony eight times out of ten is entirely and materially different. The result is that the party prosecuted is dismissed for the want of evidence, and the blame rests upon the Justice of the Peace, and the blame rests upon the Justice of the Peace returning the recognizance. And the Query is often asked, who put away that witness for the want of evidence, and the blame re FISHER, Potisville, or:

20-1f PATENT METALLIC ROPES, FOR THE USE OF MINES, RAILWAYS, &c., THESE Ropes are now almost exclusively used in the Colliaries and on the Railways in Great Britania, and are found to be greatly superior to Hempeh ones as regards safety, durability and economy.

The Patent Wire Ropes, have proved to be still in good coudition after three year's service, in the same situation where the Hempeh ones, previously used, of double the size and regightly would wear out in nine or ten months. They have been used for almost every purpose to which Hempeh Ropes and chains have been applied. Mines, stankways, Heavy Cranes, Standing Rigging, Window Cords, Lightning Conductors, Signal Halyards, Thiler Roges, &c. They are made either of from or Copper Ware, and in cases, of much exposure to dampness, of Calvanized Wire.

Testimonials from the most eminent Engineers in England can be shown as to their efficiency, and any additional information required respecting the different descriptions and application will be given by MALFRED F REMIT, 75 Broad st. Acut York, New York, May 30th, 18 b.

George E. Sinnton, Eq.—Sir—I feel called upon by the tie of gratifude, to offer the following testimony in favor of Hunt's Limbert. My grandson, Clark I. a Evans, who is now ten years of age, has been for the last eight years a ripple ransed by falling from a chair when he was two years old, and, wrenching his Spine. From the time of the occurrence, we have tried every means to restore him to his natural shape, but all without avail. We took him to New York and placed him under the care of a physician of skill, and after remining there some time, we brought him home no better than when we took him there. For several days at times he was so hiplies, that, he rould only walk by placing his hands upon his larges for support, giving him the appearance of a deformed hunchback. He was also taken to Newburg and prescribed for, without any better success. At times he would be strong enough to go out of doors, but after playing an hour, would coming a perfectly exhausted, and for several days would be again perfectly exhausted, and for several days would be again seeing him restored to his natural shape or strength—but a kind Providence placed yout External Remedy in my hands. I have used but four bottles, and I am rejoiced to say that the boy is now as straight and strong as any boy of his age. Any of my neighbors will testify to the truth of this statement. I take sincere pleasure in stating these facts for the benefit of those who are suffering under like calamity.

Yours Respectfully.

Mr. B. Bannan:

Mr. B. Bannan:

Mr. B. Journal of last Saturday, an enquiry in regard to the present position and future action of the military of this county relative to the Governor's call for Volumterrs, I propose briefly to explain: The requisis tion upon the Governor of Pennsylvania occurred. subsequent to my interview with the President, at . which inter few the Governor's offer of the First Regiment tons accepted by Mr. Polk, and the Re-giment directed to be held in readiness. When the requisition upon this State was made it was accompanied with specific directions pointing out a form of organization totally different from that fixed by the laws of Pennsylvania, and to comply with which would effect on entire disorganization, not only of Regiments but Companies, After the requisition the Secretary of War (in reply to a letter of mine) desiring to ascertain the exact position of the Regment,) referred me to the Governor, who by letter and at a personal interview had with him lately, asseverated that he had no discretion be-He however through his Secretary of State Mt. Miller, directed a letter to the Societary of Wara few days since, stating to him the position of the Regiment—the facts which occurred at my inter-FOR SURIDAY SCHOOL, EARLYHOS, &C.

THE AMERICAN SUNDAY SCHOOL UNION is prepared to furnish Libraries of the following descriptions, suited for Sunday schools, public and private schools, families, manufactories, &c.

No. I.—5il volumes, being a full set of the Society's publications, exclusive of Maps and Question Books, &c., each book numbered on the backs, with 100 cats, &c., each book numbered on the backs and a case, &t. of the president he (the Governor) should be persuated to know from the the Regiment as a part of the Pennsylvania quota. The unswer, the Regiment felt upon the positive assurance given by His Excellency to their commanding officer.
He desired to know from the Secretary of War. that they are written by persons not attached to By Gen. the Regiment.

Very Respectfully, Your ob't serv't, FRANCIS M. WYNKOOP.
