CHRISTIE'S GENUINE GALVANIC RINGS

AND MAGNETIC FLUID.

AND MAGNETIC FLUID.

This remarkable discovery comprises an entirely as a can do novel application of the mystrious power of Galvanism as a re-udial agent, by means of which the ordinary batteries, electific and magnetic machines are entirely dissensed with and the power applied in a manner equally effectual, much cheaper, and with perfect convenience and safety. The GALVANIT RINGS, in connection with the MAGNETIC FLUID, have been used with entire success in all cases of Rhesmatism, acute or chronic, applying to the head, face, or lumbs; Goat, Tic Doloreux, Toothache, Bron-chittz, Nervous or sick Headache, Inducestion, Paralysis, Palsy, Epiliptic Fits, Cramp, Palpitation of the Heart, Apaplery, Stiffness of Joints, Spinal Complaints Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Pains in the Head and Side, General Debulity, Deficiency of Nervous and Physical Energy, and all Nervous Disorders. In cases, of Dispepsia, which is simply a nervous derangement of the disestive organs, they have been found equally successful. The Rings are of different prices; being madsoft all sizes, and of various a namental patterns, and can be worn by the most delice female, without the slightest inconvenience.

THE GALVANIC BELTS, BANDS, BRACELETS, &c. are modifications of the invention, and are recommercial to the waits, arms, wrists, ancles, chest, or any part of the body with perfect case. Asy galvanic power that is required may thus be obtained, and no complaint which the mysterious agent of Galvanism can affect, will fail to be permanently relieved.

galvanic power that is required may thus be obtained, and no complaint which the mysterious agent of Galvanism can affect, will fail to be permanently relieved.

CHRISTIE'S MAGNETIC FILIID

Is used in connection with the Rings and their modifications. This composition has been pronounced by the French Chemists, to be one of the most valuable discoveries of modern science. It is believed to possess the remarkable power of rendering the nerves sensitive to Galvanic action, by this means causing a concentration of the influence, at the seat of disease, and thus giving rapid and permanent relief.

CHRISTLE'S GALVLNIC STRENGTHENING PLASTERS.

These articles form an important addition to the Galvanic Rings, acting uson the same principle, but having the advantage of more local applications. As an effectual means for strengthening the system when debilitated by disease or other causes; as a certain and in constitutional weakness; as a preventive for colds, and in all affections of the chest generally, the Galvanic Steingthening Plaster will be found of great and permanent advantage.

The reader is referred to numerous Home Certificates published in the New York Sun, Mirror, Tribune, At las, and other papers. These testimenties allow this high in the color of the chest generally, the Galvanic Ras, and other papers.

The reader is referred to numerous Home Certificates published in the New York Sun, Mirror, Tribune, At las, and other papers. These testimonials, all of which are from the most respectable kources, have been selected from several hundred of a similar character, which have been procured during the short time the discovery has been before the American public. Beware of spurious initiations of these articles. Dr Christie has but one authorized agent in each city of the Union. E. Ferrett & Co. are authorized wholesale agents for the State, and can supply orders at the proprietor's lowest prices. B. ## ALEXANDER'S TRICOBAPHE.

A NEW AND VALUABLE DISCOVERY.

DEING a liquid dye, which instantaneously changes the color of the hair to a beautiful brown or black, without any liquity to the hair or skin. The great superiority of this dye consists in its easy mode of application and instantaneous effect—all other dyes requiring from ten to twelve hours to produce any change. Its superior extellence will be apparent to every one upon a single application.

Extract from the Philadelphia Daily Sun.—Alerander's Tricobapse.—The effect of the above on the hair is truly astonishing. It was tried yesterday in our office, and the change from grey to black, was instantaneous.

Extract from the Philadelphia Daily Forum.—Several of our acquaintanees have recently applied to their hair the valuable liquid known as "Alexander's Tricohaphe!.—a new and valuable discovery; and it has in no case failed to produce the desired effect. Immediately after applying it to grey hair or whiskers, it impats a beautiful brown of black color.

Extract from the U. S. Gazette.—Messrs. R. & G. A. Wright, sell a liquid dye for the hair which a gentleman assured us would, with no trouble, color either black or dark brown, the hair of chin or head that had an obstinate tendency to red or grey.

Extract from the Philadelphia Inquirer.—Hair Dye.—The liquid dye for the hair, which is sold thy R. & G. A. Wright, No. 23 Soath Fourth street.—Is an excellent article. It is said that it instantaneously changes the color of the hair to a beautiful brown or black, and without injury to the skin—the dye is called "Alexander's Tricobaphe."

TRIUMPHANT SUCCESS OF Thompson's Compound Syrup of TAR & WOOD NAPTHA.

Still another romarkable Care!

Carliste, Pa., Nor. 20, 1845.

About six years since, in consequence of the sedentary nature of my husiness, I was attacked with severe pains in the breast, palptiation of the heart, and shortness of breath, which were soon followed by a failure of appetite, extreme wakefulness at night, and partial paralyisis of my limbst—these symptoms of a deranged system being frequently attended with spitting of blood. For about two years I was occasionally thrown into convulsions, which left me in a miserable state of feebbreess and began to affect my mind. From time to time my sufferings were more or less severe, until at length they increased to such a degree, and the violence of the symptoms were so augmented, that for a whole year I was unable to attend to my business. During this time I consulted some able physicians and attended to their prescriptions; but all their skill was unavailing to proure me relief, and at length they regarded my recovery as entirely hopeless. This land was selected by a gentleman of experienced judgment, and is considered by judges to be one of the best tracts in the county. Its proximity, to the Clarion and Allegheny rivers, and numerous navigable streams, and the proposed Railroad to Pittsburg and Erie, renders it highly desirable as an investment at present prices. Abounding in Iron Ore and Bitminious Coal of fine quality, it is believed to present one of the most advantageous locations for Iron Works in West Pennsylvania. The present owner purchased with a view of erecting such Works, but engagements in another quarter obliges him with great reluctance to forego his intension. Maps will be shown, and every information given by the undersigned. The lands are patented, and the titles and quality will be warranted and sold free and clear of all incumbrance.
