"Asutand, June 20th, 1844. My opinions, such as they are, have been quite as freely expressed at the South, as I ever uttered them at the North. I have everywhere main-tained, that in adjusting a Tariff for revenue, discriminations ought to be made for Protection; that the Tariff of 1842 has operated most benefinally, and that I AM UTTERLY OPPOSED

TO ITS REPEAL. These opinions were an nounced by me, at public meetings in Alabama. Georgia, Charlestown in South Carolina, and in Virginia. Your friend and ob't servant. H. CLAY.

MR. FRED. J. COPE, PA., Knowing that this would terminate the contest

at least in Pennsylvania, the Loco Foco papers boldly denounced extracts from the speeches in Congress and elsewhere, of Mr. Polk, as forgeries; and, said he was "more to be relied on as a friend of protection than Mr. Clay." They promised if The mer were elected, the Tariff would be un-

changed, and erected throughout the State Hick-**RIFF OF 1842.**

To guard against the evils, the daty was made specific and \$1 75 levied on each

impossible to detect this fraud on the revenue, both buyer and seller being interested in it, so that the duty my range from nothing to anything that will suit the market.

In Schuylkill county there are about 5000 persons employed as miners and laborers in the coal field. If the Tariff of 1842 is superceded by the Bill of the Administration, wages must be reduced from 20 to 30 cents per day, below the present rates. Suppose we say 20 cents, this would cause to 5000 men a loss of \$1000 per day, \$6000 per week, about \$24000 per month and \$288,000 per annum, of which sums this free trade bill will swindle them.

What excuse can now be made by the men who aided in the election of Mr. Polk, with the knowledge that the whole power and patronage of the government would be arrayed against the tariff of 1842... The people may have been deceived, but the leaders knew the sentiments both of Mr. Polk and Mr. Clay, at the time they entered the areas and made the statements in relation to Mr. Polk's friendly disposition to protection, we have referred to abave. Will it do for them now to say they are sorry for it, and were mistaken, or shell of the wages of the laborer, they have committed. The people can now judge of the truth of the two par ties, and if the Whige did lie when they told them at the last contest that the bill would be repealed if the Administration, could secomplish it. SAMUEL GUSS, Clerk. TOWN LOTS ON THE Boston, September 10, 1845.

Delaware Goul Company's (Kantner Tract,) To THE SICK AND AFFLICTED.-Dear SIL-, I take pleasure in communicating through you, to all who it may concern, and the public generally. the astonshing effect your truly wonderful medicine has had upon me. I have enjoyed perfect health for four or five years.-Physicians told me my liver was diseased, and that I might some day die with consumption. Last Septem-ber, '1813, I took a slight cold, which produced a hack-ing cough; this continued until February, 1815, when I dded another cold; my cough increased. I soon lost my appetite, and my strength failed. For six weeks I could not the ugon one side; I sweat very much nights, raised considerable blood during the winter, and could not speak a loud word for two weeks. With all these bad symytoms, I had very severe pain in my side and between my shoulders; general delility followed. I was confined to my room about eight weeks. I had bu-rted a sister and a brother, both died with Consumption. I expected to die myself; my friends also despaired of my life. At this tume an uncle, who had been benefitted himself, advised me to take Dr. Wistar's Balsam of Wild Cherry. I accordingly procured a bottle, took nt and felt some better; obtained-another, and a third; then I censed to bleed, and my cough was much better; but my disease was so deeply rooted, I. was obliged to continue taking the Balsam until Hjad taken seven bot-tles.. I can honestly and truly say.I believe Dr. Wis-tar's Balsam of Wild Cherry. Saved my life. NEAR MINERSVILLE.
