

POTTSVILLE Saturday Morning, Oct. 21, 1916. A PROTECTIVE TARIFF...

FARMERS BANK OF SCHUYLKILL COUNTY. We understand that all the stock of this institution has been taken and that it will shortly commence operations.

IMPROVEMENTS IN OUR BOROUGH.—The large three story brick store of our friend George H. Schlichter, on the corner of Centre and Market streets, has just been completed.

Mr. DRANK'S ADDRESS BEFORE THE SENATE.—On our first page today will be found the very able address of Rev. Mr. Drake before the Senate of Pennsylvania.

REPRESENTATIVE PARADE.—The First Regiment Schuylkill County Volunteers, under the command of Col. P. M. Wynkoop, paraded on Tuesday last.

OUR SENATORIAL DISTRICT.—The defeat of C. W. Putnam, Ex-Gov. of the Whig Volunteer Candidate for State Senate, by so small a majority, has been a source of deep regret to his friends throughout the District.

REPEAL OF THE TARIFF OF 1846.—The result of the recent election in this State is almost universally regarded as a triumph of the Protective Policy.

"THE LADY'S BOOK" for November has also been received, a fine Mezzotint, a steel engraving and two fashion plates are the embellishments of this number.

RAILROAD IRON. Progress of its Manufacture in the U. States. The beneficial effects of the Tariff of 1842 upon the manufacturing interests of our country can be seen every where, but upon some kinds of manufactures its influence has been much greater than upon others.

Table with 3 columns: Name, Location, Tons per year. Lists manufacturing plants like Mount Iron Co., Danville, Pa., etc.

Of the above mentioned works all are in operation except four or five which are now in process of construction and nearly finished.

It is estimated that five tons of coal are used in the manufacture of every ton of Railroad iron. This gives an aggregate of 855,000 tons of coal used for this purpose, nearly all of which is Anthracite.

PAENIVILLE ROLLING MILL.—The extensive Rolling Mill belonging to Messrs Reeves, Buck & Co., at Phenixville, Chester county, is almost completed and will go into operation in a few days.

"GRAHAM'S MAGAZINE" for November is before us. In addition to the usual variety of choice articles by able writers, a new novel called "Islets of the Gulf" by Cooper is commenced in this number.

"OUR ARMY OF THE RIO GRANDE" is the title of a newly printed and handsomely illustrated work recently published by Messrs. Carey & Hart.

VIRGINIA AND THE TARIFF.—The people of Virginia, appear to be somewhat alarmed about the effect which the new Tariff is likely to produce upon the Coal and Iron business of that State.

Whereas, After a free and informal interchange of views by the members of this meeting gathered from the observation and business experience, of each we have reason to fear that the Coal and Iron interests of Virginia may be seriously affected by the operation of the Tariff of 1846.

Resolved, That the Chairman of this meeting appoint two Committees, whose duty it shall be respectively to inquire into the state of the Coal trade, and of the Iron trade, and report to an adjourned meeting of Colliers and Iron men, their views as to what extent these important interests are already affected, or are likely to be affected, by the law known as the Tariff of 1846, and recommend the measures they may think proper to be adopted.

Resolved, That the Chairman of this meeting appoint a Committee of Correspondence for the purpose of communicating with gentlemen interested in the Coal and Iron business of other States, and inviting their co-operation with this meeting.

COMMODORE DECATUR.—The remains of Commodore Decatur, have been removed to Philadelphia from their resting place in Washington, where they have rested for more than twenty years.

LITTLE SCHUYLKILL RAIL ROAD.—We are pleased to learn that the wooden track of this road is about being replaced with a heavy iron T rail. The contractor is Mr. Bernard Flynn, and the Rails will be made at the New Rolling Mill of Messrs Reeves, Buck & Co., at Phenixville, which will be in operation in a few days.

NEW ANTHRACITE FURNACES.—One of the new Anthracite furnaces recently erected near Allentown, Lehigh county, by Messrs. Bevan & Humphreys, was blown in about ten days since, and is said to work unusually well.

Table showing election results for the Whigs, Dem. Nativ., and State Senate, 1846 vs 1844.

LATER FROM MEXICO. SANTA ANNA AT THE HEAD OF HIS ARMY. We have news from Mexico six days later than that which we published last week.

Gen. Parades, late President of Mexico, has been released from the Castle of St. Juan de Ulloa, where he had been for some time a prisoner, on condition that he would leave the country.

Another attack on Alvarado is contemplated. Both Tampico and Vera Cruz are still blockaded by the American fleet.

The accounts of sickness in the army at Matamoros are most distressing. Nearly 7000 are lying sick and the deaths average about five per day.

By the arrival of the Galveston, at New Orleans we have news from Monterey up to the 6th of October, eleven days later than our last.

FRONTIER.—The name of the principal landing place at Braso San Diego, near Fort Polk, and not "Point Isabel," as it has been usually designated.

WHIPPING THEM OUT.—The Democratic party has always been anxious for "whipping in" the refractory Democrats. The following article from the Philadelphia Keystone would indicate that a new policy has been adopted.

OUR ARMY OF THE RIO GRANDE.—An altercation took place between two of the hands on the Sloop Spark, as she was sailing down the Delaware River on Sunday last.

All sorts of Items. A Western speculator said to a friend: "When I first came to Chicago I had not a cent to my back, but now I have plenty of them."

EXTRACURRICULAR.—A Mrs. Moffat, residing in the Huron District, Canada, was lately delivered of four children—two boys and two girls.

THE REVOLUTION IN GERMANY.—Rev. Dr. Baird, than whom no American has, of late, had more free access to the great news of Europe, says in a recent letter:

At a meeting of the Washington Artillery Corps of Potomac, held at their Army on Tuesday, October 27th, it was communicated that their fellow member, Geo. McCall was accidentally killed on the Reading Railroad on the Saturday previous, the 24th inst.

DEATHS.—In Potomac, on the 27th inst., Geo. McCall was accidentally killed on the Reading Railroad on the Saturday previous, the 24th inst.

Table with 3 columns: County, Name, Amount. Lists names like Adams, Armstrong, Bedford, etc.

RELIGIOUS NOTICES.—By Divine Permission, the Rev. John S. Cooper, Pastor of the First Baptist Church, will be consecrated to the service of Almighty God, on the 1st of November.

MARRIED.—On the 21st inst., by the Rev. Wm. C. Cooley, Mr. James B. Patterson, to Miss Maria McCall, daughter of the late James B. Hubley Esq., both of Pottsville.

A PENNSYLVANIAN MURDERER.—We learn from the Boston papers that a murder occurred at Charlestown on Sunday night. The name of the murdered man was Alexander McIntosh, of Pennsylvania, and that of the murderer, Alexander Ray, a Scotchman.

THREATENED REVOLUTION IN GERMANY.—Rev. Dr. Baird, than whom no American has, of late, had more free access to the great news of Europe, says in a recent letter:
