ARSAPARILLA & VEGETABLE BLOOD PILLS

IN consequence of the increasing demand for Dr.
I Leidy's Blood Pills, and the encowagement by the
public in employing them, in preference to all others,
the proprietor was obliged to have constructed a machine, which would make them more rapidly and with
less labor, consequently less expense than heretofore.
Having effected so desirabte an object, and that the
public may share the benefits of such great improvement in Pill making, his boxes will henceforth contain
FORTY PILLS IN A BOX,
and the price the same as heretofore, namely
for eents a Box—five Boxes for One Bollar!
Dr. Leidy's Sarsaparilla and Vegetable Blood Pills
have, during the past few years, been more successfully
employed throughout the United States, Mexico and
the West Indies, than any others, and the rapidly increasing demand for them is unparalleled.
They are the only Pills in existence, known to contain Sarsaparilla in them, the proprietor only knowing
how to combine the Sarsaparilla with other substances
in form of pills.

THEY ARE GOOD AT ALI. TIMES,

for all diseases of whatever nature or kind.

Caution is necessary! Be sure at all times to ask for and take no others than Dr. Leidy's Blood Fills. All others by names nearly similar, are spurious, and calculated to deceive; the proprietors of them thinking to sell them on the reputation of the genuine, bona-fide and only true Sarsaparilla and Vegetable Blood Fills of Dr. Leidy.

Mr. Seth W. Fowle:

Dear Sit:—The character of Wistar's Baisam of Wild Cherry is so well established throughout the counity, and especially in the State of New York, that any further testimony would seem to be unecessary. Yet I have derived so much advantage from it tital I am happy to communicate through would with weak lungs for four years; had a cough more or less every winter. I was confined to the house all last winter with a severe cough, pain in the side and breast; raised blood several times. OPINION OF A REGULAR PHYSICIAN. This certifies that I have recommended the use of WISTAR'S BALSAM OF WILD CHERRY for diseases of the Lungs, for two year past, and many bottles to my knowledge have been used by my patients, all with beneficial results. Beware of Countenfeits and Initations.—The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the disease for which it is recommended, curing many cases after the skill of the best physicians was unavailing, has effected a large and increasing demand for it. This fact has caused several unprincipled counterfeiters and imitators to palm off spurious mixtures, of similar name and appearance, for the grandine Balsam.

This Vermifuge has made its way into public favou pon the ground of its own intrinsic merits, more han any other medicine of the kind now used; and while many worm remedies have by dint of puffing been forced into sale, and shortly after gone into the obscurity which their worthlesseess justly merited, B. The manner in which our Teasare packed (the wrapper next to the tea is a heavy superior Tin Foil.) offers great inducements to Dealers and Families, as they are so thoroughly secured from "light and air that their qualities will remain unimpaired; and are in packages of a quarter pound and upwards, each containing full weight, independent of the wrapper.

Dealers in Dry Goods, Fancy Articles, Books, &c., &c., as well as those who have heretofore sold loose teas, express themselves highly pleased, not only on account of the superior quality of the teas, which are subjected to a rigid test in order that each package may be confidently warranted, but also at our manner of packing, which enables them to make up their assortment, without the necessity of purchasing one or more chosts of each kind, as a small assortment may be packed in one chest, and thus obviate the complaints of their customers that their teas have loss theet strength and flavor, by the length of time but hand, and exposure to light and air.
