South Ward.

Assessor for the Bore ugh-ELIAS DERR. Resulted, That we recommend the above tickets to the support of the citizens of the Borough.

Resolved. That the proceedings of this meeting, be signed by the officers, and published in the Democratic Whig papers of the Borough. Tr The Washington correspondent of the Bos-

ton Atlas. writes as follows: " The proposition of drawing off our forces, and settling matters down to the defence of what we may decide to claim as our country, finds much favor at Washington, among the friends of the Administration, and, if adopted, would give no dissatisfaction to Mr. Polk, though he will not say so ut present. He is sick enough of this war

already, and is, therefore, ready to take up one scheme which tooks to putting an end to it, if the adoption of it would not look like a public admission of the indiscretion with which he pushed the. s15 00 country into it. You need only book upon Mr. Polk, distressed as he is in initial and body, and with no intellectual vigor to stand up for the measures, upon whose successful issue he has heedlessly staked his political character. Wretchedness-produced by the constant apprehensions that he will, if, indeed, he has not already, become odious to the people, to a political demagogue the last extremity of egity is depicted in his countenance, so that the first sennation you have, on approaching him, is pity. He is, indeed, so broken down by the cares be has brought on himself, and by the apprehensions which are ever present to his imagination, that he ought to be pitied. And it he has a true friend in Congress, that friend will exert himself to have

any measure passed that will bring the war to a cluse. Poor man ! how glad he will be to get NOTICE. NOTICE.
