GRAND JURY REPORT. Published by Order of the Court.

The General Inquest of the Commonwealth of Pennsylvania, inquiring for the County of Schuylkill, RESPECTFULLY REPORT: Pennsylvania, inquiring for the County of Schuylkill, RESPECTFULLY REPORT:

That under the directions of the Court they have visited the public buildings, and find them in good condition, but they find it necessary, for the safe keeping of the records in the Prothonatory's Office, that the window of the vault should be made fire proof, and they would also respectfully recommend the purpose of the safe keeping of the books, papers, &c.

We also visited, the Prison and found it clean, and the prisoners as comfortable as the nature of the building could admit of. The Grand Jury also present that the "Watkin Prichard Row," known as Guinea Hill, in the borough of Pottsville, as a public nuisance for all kinds of vice and immorality, and the Grand Jury are aware that a large number of the Criminal cases brought before your Honors, emshate from that quarter.

We would also present to the Court that the Port Carbon and Mount Carbon Rail Read, located across the Centre Turnpike near Mount Carbon, as a public nuisance from the manner in which the same is located and used by the said Company. The crossing of the Turnpike by the Locamotive Engine, is dangerous to the community, and we cannot but fear that some accident attended with loss of life will, sogger or fater. occur, unless some other, and better protection be given to travellers and others passing along the Turnpike.

And forther we recommend as a protection to the public, that a "gate" be placed by the Rail Road Company upon the Rail Road to be opened when said Rail Road is being used, and closed at all other times, so that persons travelling over the Public Highway, may not be exposed to the dauger to which they are now liable from the passage of the Locamotive Engine. The location of the Rail Road being in the descent of a hill, renders the crossing of the Turnpike renders it difficult to stop a force and vehicle suddenly, as for a horse unused to the noise and appearance of the Engines to remain quiet during the passing of the trains, and would most respectful

Formerly pastor of the First Presbyterian Church New York. New York.

Da. Swayne—Dear Sir.:—Permit me to take the liberty of writing to you at this time, to express approbation, and recommend to the attention of familie-and others your valuable medicine—your Compound Syrup of Wild Cherry. In my travels of late, Phave seen in a great many instances, the wonderful effects of your medicine in relieving children of very obstinate complaims, such as congbing, wheezing, choking with philegin, asthmetic attacks, &c. I should not have written this letter, however, however at present, although I have telt it my duty to add my testimony to it for some time, had it not been for a late instance where the medicine above alluded to was instrumental in restoring to perfect health an only child, whose case was almost hopeless, in a family of my acquaintance. It thank heaven, "said a doing mother, "my child is saved from the jaws of death."

Beyond all doult, Dr. Swayne's Compound Syrup of Wild Cherry is the most valuable medicine in this or any. other country. I am certain I have winessed more, than one hundred cases where it has been attended with complete success. I have used it myself in an obstinate attack of Bronchitts, in which it proved effectuc in an exceedingly short time, considering the seventy of the case. I can recommend it in the fullest confidence of its superior virtues. I would advise that no family should be without it; is very pleas and, and always beneficial; worth double and often ten mes its price. The public are assured there is no uackery about it.

PHILADELPHIA, September 4th, 1846.

Dr. H. Swayne:—Dear Sir:—Being for a length of time afflicted with a very violent cough, with a pain in my side and breast, soreness of the lungs, shortness of breath, loss of appetite, night sweats, &c. I made trial of various remedies, which were recommended highly in the papers, but gradually grew worse. The violence of my cough was such, that the blood ruahed profusely from my nostrils when the paraysins of coughing came upon me. Indeed my whole system seemed prostrated, and the hour of my departure seemed close at hand. READ THE TESTIMONY.

seemed prostrated, and the hour of my departure seemed close at hand.

At this time your ecommended the use of your COMPOUND SYRUP OF WILD CHERRY, which immediately began to soothe, coinfort, and allay the violence in my court, relieved the pain in my side, strengthened and healed my lungs, &c. I continued the use of it, but now, thanks to God, and to the effect of your Compound Syrup of Wild Cherry, I am cured and able to pursue my daily labors.

I think it an invaluable medicine in coughs, colds and disease of the lungs, and one that should be known to all afflicted. If persons would purchase the original and genuine article, as prepared by you, and not tamper with the many spurious and worthless preparations which are attempted to be palmed off on the reputation of yours, it might be the means of saving many valuable lives. I freely offer this statement for the bonefit of those who are suffering as I was.

CAUTION TO STRANGERS AND INVALIDS.

Beware of all freparations of Wild Cherry, except Dr. Swayne's Compound Syrup of Wild Cherry, as they are most likely, quite destitute of the very article from which they borrow a name. Dr. Swayne has from which they borrow a name. Dr. Swayne has succeeded in obtaining and concentrating the virtues of the Wild Cherry Tree in such a manner as to constitute one of the most efficacious remedies in diseases of the Lungs, at the same time most pleasant to take, that is known to the medical world. It is unnecessary for us to refer particularly to the many remarkable for us to refer particularly to the many remarkable cures performed by it, or to dwell at length upon the peculiarly healthful properties of the Wild Cherry.—Suffice it to say, that its heáling, and at the same time, strengthening qualities are wonderful; and in many instances, persons who had been afflicted for years with consumption, cough, asthma, liver complaint, splitting blood, nervous debility,—and various diseases of the Lungs, have been, by its use, restored to perfect health. The U. S. Sengte struck the section out of the new Post Office Bill, which had passed the House, per mitting Post Masters to give the list of Letters for publication to whatever paper they pleased without regard to circulation. 83 far. as this place is concerned the law has been heretofore shamefully violated.

COURT WEEK .- We learn from Orwigsburg that there is an unusual number of persons attending Court, and that the criminal calender is very large, which is to be attributed in a great messure to the great increase of tippling houses in the Ceal Region.

The Bill against Dennis Burke, charged with killing Luko Brennan, at New Philadelphia in rd. and Flue iron of all Nos , (1st and 2d quality,) December last was ignored by the Grand Jury. A true Bill was found by the Grand Jury against Martin Shay, for the Murder of John Reese. The

trial has been postponed until the next term. Richard Blackburn a colored man of Guinea Hill notoriety, was convicted of stabbing and robbing a person on Guinea Hill a few months since, and sentenced to 5 years in the Penitentiary. He was an old convict. After sentence was passed, be turned to the bench and remarked .-"I hade, Judge we shall meet in Heaven." The

Judge did not seem very anxious to meet the offender any where. Myesrs Brennan and Firzgerald were tried for cruelly beating John Spencer and robbing him. Brennan was acquitted, and John Fitzgerald was found guilty. This was a very aggravated case, and the offender deserves severe punishment-Sentence was not passed when our paper went to

few months since in Norwegian township. A STREE ON THE CANAL. - We learn that the laborers employed upon the Works of the Schuylkill Navigation Company in this vicinity, have struck for higher wages. They demand one dollar per day, while they are now receiving eighty.

cents. We cannot see the propelety of this messure, at the present time. Labor like every other commodity, commands, price proportioned to the demand, and, as in the winter season toers is less demand for laboters, the price must be lawer .-The Navigation Company were paying as high as, and in many instances, higher prices than our Uperators, and we must therefore conclude that no occasion existed for the strike.

We should be glad to see every working man in our region and throughout the country, receive ing one dollar per day, as the reward of his labor, We do not believe however, that the present condition of trade, would warrant the payment of such wages, nor will it while free-trade principles are in the secondency, crippling trade and crushing the laboring population of our Country. If our work. ing men would only consult their own interests and vote for public officers who would logislate for the general welfare of the Union, we should have few complaints of the reduction of wages, and everything would go on steadily and prospers ously. With the working men of the Country, rosts the responsibility. It is in their power to choose good rulers, and if they do not exercise that power, they must blame themselves alone, when they experience the effects of unwise legis-

lation. POSTCRIPT. We learn by yesterday's mail that Gov, Shunk, has been re-nominated for Governor on the first
