APPLE SAUCE.—An extremely down east' Yankee, with a wagon load of 'apple sauce,' was driving through a village not a thousand miles from Boston when he saw dangling in the wind, on a post before a tailor shop, a new over coat, seductively suspended by a skewer in the shoulders.—He drove up to the door, alighted, and went in.

'Be you the boss?' he asked of a pale faced man, who was making diagrams with chalk and rule on a piece of snuff-colored cloth.

'I be,' said Snip.

'Yes; wal. you've got a family I 'xpect! You've some children, han't you? I see a thin' boy a whitin' out door that looked like you; and I expected like as not you had children.'

'Four on 'em; that was Jerothnel, my second, that you see,' was the explanatory reply.

'Yes; wal-now don't yeou want a first-rate bar'l of apple sauce? I've sold six bar'ls this morning, and I hain't got but one left. I'll take it out in dickers? I want to git an over coat; and if you 're a mind to let me have that coat that hangs by the door, if it will fit me, I'll give you a bar'l of apple sauce for it.'

The schneider, after a little chaffering, consented, and the coat *was brought in and tried on.* He said the fit was a miracle, 'it might ha' growed on onto him,' so snug did it set'; and he verified his *praise, by twisting his* customer's neck half off, that he might look at his back in a glass standing in the dark at the back of the shop, and reflecting nothing but what was passing in the street in front. The 'bar'l' was dumped,' and the buyer drove off, proud as a turkey cock in his new coat. He alighted at a 'store' to do an 'arrand' for a neighbor, when he encountered a townsman.

'Hello!' exclaimed the latter, 'how slick you do look! Where did you git so much new coat?'

The wearer made no reply, but turning round with an air,' asked:

'How does she set? Ain't she a beauty? and all I gin for her was a bar'l of apple sauce.'

'A *be-a-uty!*' exclaimed the other; 'why I never *see* any thing so wrinkly! Pull it down; now let go of it. It don't make no odds, not a bit; it goes right back-again; it puckers *dreadfully* between the shoulders.'

'*Puckers*, does it?' said the chop-fallen and mortified buyer; but his face brightened up almost to a glow, as he added, '*puckers*, eh! Wal if his *mouth* don't pucker a darned sight worse than this over coat ever can, when he tastes o' that apple sauce, I'll lose *my* guess! His children won't steal none on it more'n *once*; though it's better a'ter you git down a leetle; there's a considerable mess of shavin's long about the middle on't.—*Knickerbocker.*

A GOOD HIT—GUN COTTON.—The editor of an exchange paper says that he has been shown a specimen of gun-cotton, and *after* placing it in the palm of his hand and igniting it, exploded, producing but little noise or smoke, *and leaving no dirt on the hand.* He then asks a cotemporary what he thinks of it; to which he replies, that if it left *no dirt* whatever on the hand, perhaps he'd better try it on his face once in a while.

A governess advertising for a situation says, 'she is a perfect mistress of her *own tongue*!'

Why are persons gambling until midnight like fire works? Because they scintillate (sin till late.)

'Nonchalance,' means that peculiarly indifferent look which is put on, by men who never pay, when dunned for money. It should be written *non shell out.*

It may, perhaps, be proper to state, that the distinguished personage known among the ancients by the name of *Cupid*, has recently changed his name to *Cupidity*, and will, hereafter, devote his attention to matter-of-money as well as love affairs.' —*Punch.*

AN UNFORTUNATE MISTAKE.—A story is told in an Exeter paper, of a couple who were engaged to be married, attending a soiree one evening where the attentions of the gentleman to a very beautiful girl excited the jealousy of his intended, and after a 'true lovers' quarrel,' they parted in anger. On the following morning, however, the gentleman repented of his conduct, and determining to reconcile his fair one, purchased a magnificent satin dress, and writing a contrite note, gave it to the servant to carry to her dwelling. The servant, just then remembering that a pair of his master's pantaloons wanted repairing, and that he should pass the tailor's store, wrapped them up in another parcel, and started off. Unluckily, however, the fellow made a mistake, and delivered the magnificent dress at Mr. Thompson's the tailor, and the letter and pantaloons at the house of the house of the offended lady. Her indignation at this mere afront may be imagined, and when at a later period of the day the lover appeared, the door was shut in his face. All explanations and apologies were of no avail; the marriage was broken off, and the lady entertains, to this day, an implacable hatred of the sex who wear pantaloons.

DEATH WARRANT.—John Haggerty's Death warrant was received and read to him by the Sheriff at Lancaster, on the 9th inst. He is to be executed on Friday, the 23d of July next.

The rumor is still current at Washington, that Gen. Butler is to be the Secretary of War, and that Mr. Marcy is willing, on certain conditions, to go to Mexico.

CAPT. DAN. HENDIE, who was taken prisoner in Mexico, with Gen. Gaines and his command, but subsequently made his escape, has arrived at Washington.

A New York letter to the Richmond Whig says:—'Every body here looks upon it as decreed that Gen. Taylor is to be our next President—even Democrats admit it, and many, *very* many, will vote for him.'

A call for ten more Regiments has been made by General Taylor, who proceeds forthwith to San Luis Potosi, and thence southward, to unite with General Scott, at the city of Mexico.

TO BE REGRETTED.—The bombardment of Vera Cruz was delayed several hours by General Scott, to permit the non-combatants, women and children to leave the city, but they were not permitted to go, and it is painful to know that 5000 were killed during the engagement. It was the duty of the commandant of the Castle to direct that all the inhabitants should leave the city during the siege.

STARTLING OCCURRENCE.—The Dubuque [Ia.] Republican publishes an account of a fall of *aerolites* in that neighborhood. In one instance a large stone some six feet in diameter, and resembling a mass of sulphur, in its descent, went through a large tree crushing it to atoms, and entered the earth to the depth of about twelve feet, from whence it was afterwards recovered by those who witnessed its fall. The traces of several smaller bodies of the same nature, have been discovered in that vicinity, a short time, and are creating considerable alarm.

THE subscriber *respectfully* invites the public to call at Mr. Winfield's Store, Centre street, and examine his assortment of C. Meyer's GRAND ACTION PIANOS of Philadelphia.

The instruments are highly *approved of* by the most eminent Professors and *Composers of music*. They are *chosen* by all musical stars for their concerts, such as Madame Castellan, Leopold de Meyer, Vieux Temps, Burk, Wallace, Templeton and many others; they are used for 200 or 300 *concerts every year.* They have also received the first premiums of the three last exhibitions, and the last at *very capital* by the Franklin Institute was awarded to them. The subscriber warrants these instruments for one year. He keeps them constantly on hand and sells others at the lowest manufacturer's prices on reasonable terms. HAAS' EXPECTORANT,
FOR THE CURE OF
Consumption, Coughs, Colds, &c.
TO THE PUBLIC!!

IN PRESENTING this valuable medicine to the public as a remedy for Consumption, and Pulmonary Diseases in general, I have been actuated solely by the great success attending its use in my own immediate neighborhood, and a desire to benefit the afflicted, I shall simply endeavor to give a brief statement of its usefulness, and flatter myself that its surprising efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous, that CONSUMPTION may and "CAN BE CURED," if this medicine is resorted to in time. As Consumption, however is a disease which differs much in the severity of its symptoms, and the rapidity of its progress, and has long baffled the skill of physicians it cannot be supposed that this or any other remedy is capable of effecting a cure in every case and in every stage of the disease; on the contrary, we must expect it to fail sometimes, a circumstance which occurs daily, with all the most valuable remedies we possess, for the most simple diseases. The proprietor submits the following testimonials in its favor from citizens of this County, well known to the public.

MR. W. J. HAAS.—Having been afflicted for the last thirty years with Consumption, and having had the advice of some of the most eminent Physicians, and was given up as incurable. I was induced to make trial of your invaluable Expectorant, and am happy to say that I am entirely cured, and am attending to my daily occupation as though I had never been afflicted. Previous to taking your EXPECTORANT, I could not, if I had been so disposed, do anything at my trade. I have since recommended it to several of my friends, and particularly one case of CONFIRMED CONSUMPTION, and am happy to state that in every instance it had the desired effect.

Yours respectfully JOSHUA HAWKINS.
Schuylkill Haven, October 1, 1844.

SCHUYLKILL HAVEN, January 1, 1845.
MR. W. J. HAAS,—*Dear Sir*:—Having been afflicted with a severe pain in the breast, I was induced to try your Expectorant, and after using one bottle of it, found it to relieve me, and I do not hesitate in recommending it to the public as a valuable medicine for Colds, Coughs and Affections of the Breast.

I am respectfully yours &c.,
EDWARD HUNTZINGER.

SCHUYLKILL HAVEN, October 19, 1844.
I was taken with a bad cold some time ago, and used one or two bottles of *Mr Haas' Expectorant*, which relieved me much, and should I have occasion for the above again, I would freely call on Mr. Haas for his invaluable Expectorant. DANIEL H. STAGER.

SCHUYLKILL HAVEN, July, 29, 1845.
MR. WILLIAM J. HAAS,—*Dear Sir*:—I am happy to testify to the efficacy of your expectorant, for answering the purpose for which it was intended, that of relieving Coughs, Colds, &c.,

Yours respectfully, CHAS. HUNTZINGER.

ANOTHER TRIUMPH OVER DISEASE BY
Thompson's Compound Syrup of TAR & WOOD NAPTHA.

BEHOLD the following testimonial!

PHILA'A Nov. 24, 1846.
The undersigned is induced to make the following brief statement, under a firm conviction that many valuable lives might be saved, if those afflicted in the same manner had recourse to the same means that have restored her to health. Being afflicted for a long time with a violent cough, with pain in the side and breast, and almost total loss of voice, with difficult respiration, and with inability to discharge the phlegm which obstructed the breathing, great was my distress. It is scarcely necessary to say, that during this time many medicines were used, but all of no avail, until one bottle of Thompson's Comp. Syrup of Tar and Wood Naptha was *procured.* But astonishing were its effects! Before *taking* half of it all alarming symptoms disappeared—respiration became free—the cough ceased—the voice recovered, and all pain and oppression vanished before finishing an entire bottle. If this statement can be of any benefit to the afflicted, you are at liberty to use it for that purpose. VIRGINIA C. SNYDER,
No. 140 Spruce Street.

TRIUMPHANT SUCCESS.—Consumptives remember, that it is Thompson's Compound Syrup of Tar and Wood Naptha, which is daily effecting such remarkable *cures* in *Pulmonary Consumption*, Asthma, Bronchitis, *Spitting Blood*, Pain in the Side and Breast, *Sore Throat, Hoarseness*, Palpitation of the Heart, Whooping Cough, Croup, Hives, Nervous Tremors, Liver Complaint, Diseased Kidneys, &c.; therefore beware of all spurious mixtures of Tar or Naptha, and purchase of the advertised agent only.

ANOTHER WONDERFUL CURE!!
PHILADELPHIA, Feb. 21, 1846.
The undersigned is induced to make the following brief statement under a firm conviction that many valuable lives might be saved, was recourse had to the same means which have restored me to health. I had suffered for years with weakness of the lungs and Liver complaint, but so gradual were the inroads of disease that I felt no alarm until within the last year. The chief cause of distress was *pain in my breast and right side, great oppression*, almost strangling, and total inability to raise the corrupt matter which obstructed my breathing; and at times so great was my suffering thought I could not live an hour. *It is scarcely necessary* to say that during this time I had the best medical attendance, was cupped, blistered, &c., with no avail. I also used various advertised and well known medicines, obtaining no relief whatever, until I procured Thompson's Compound Syrup of Tar and Wood Naptha, one bottle of which benefited me more than all else I had taken; and now I assert it as my solemn belief that by this time I should have been in my grave had I not procured this remedy at the time I did.

Therefore on the first appearance of any of these symptoms, HANCE' SARSAPARILLA OR BLOOD PILLS, should be procured, and used according to the directions. Price 25 cents per box of 50 Pills, or five boxes for one dollar.

ANOTHER YET MORE ASTONISHING!

Mrs. Henrietta Merrick, residing in Monument street between Canal and Eden streets, was attacked with a very severe cough and pain in the breast, which was so intense that it extended to the shoulders; She was afflicted also with a pain in the side.

After trying many remedies, she was persuaded by a friend to use Hance's Compound Syrup of Horehound, and, *after using three doses, she experienced great relief*, and before she had finished the bottle, was entirely cured

Facts for the People.

THE constantly increasing popularity and sale of B. A. Fahnestock's Vermifuge has induced persons who are envious of its success to palm off upon the public preparations which a medical men know to be ineffectious in expeling *worms* from the system

This Vermifuge has made its way into public favour upon the ground of its own intrinsic merits, more than any other medicine of the kind now used; and while many worm remedies have by dint of puffing been forced into sale, and shortly after gone into the obscurity which their worthlessness justly merited, B. A. Fhanestock's Vermifuge continues to be triumphantly sustained. It has only to be used and its effects will fully sustain all that is said of its wonderful expelling power.

Certificate.

Wales Erie Co., New Y., Jan. 7, 1843.

We certify that we have used B. A. Fahnestock's Vermifuge in our families, and in every case it has provided a decided and effectual remedy for expelling worms from the system. We cordially recommend it to parents who have children afflicted with that dangerous malady

WISTAR'S BALSAM OF WILD CHERRY,
THE GREAT REMEDY FOR CONSUMPTION

And the best Medicine known to Man for the cure of sthma, of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding of the Lungs, Sheres of the Breast, pains and weakness in the side, breast, &c.,
and all other diseases of the
Pulmonary Organs.

VERY *important disease over which this 'Balsam'* exerts a very powerful influence, is that of a DISEASED LIVER. To this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and when MERCURY has been resorted to in vain, the use of this Balsam has restored the LIVER to a healthy action, and in many instances effected PERMANENT CURES, after every known remedy had failed to produce this effect.

Besides its astonishing efficacy in the disease above mentioned we also find it a very effectual remedy in ASTHMA, a complaint in which it has been extensively used with *decided success, even in cases of years* standing.

It not only emanates from a regular Physician, but has also been well tested in all the complaints for which it is recommended. It is not, my intention, therefore, either to cloak it in mystery, or in any way deceive the public by overrating its virtues; on the contrary, I shall simply endeavor to give a brief statement of its *usefulness*, and flatter myself that its surprising efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous, that CONSUMPTION may and "CAN BE CURED," if this medicine be resorted to in time.

Poughkeepsie, N. Y. Sept. 18, 1845.

Mr. Seth W. Fowle:

Dear Sir:—The character of Wistar's Balsam of Wild Cherry is so well established throughout the United States, and especially in the State of New York, that any further testimony would seem to be unnecessary. Yet I have derived so much advantage from it that I am happy to communicate through you to the public the benefit which it has done for me and I consider it a privilege and duty to do so. I have *been troubled* with weak lungs for four years; had a cough more or less every winter. I was confined to the house all last winter with a severe cough, pain in the side and breast; raised blood several times. I consulted a physician, but have never taken any medicine which has done me so much good as WISTAR'S BALSAM OF WILD CHERRY. I consider it the BEST medicine in the world for Colds, Coughs, and Pulmonary Complaints. WILLIAM B. SWARTS.

OPINION OF A REGULAR PHYSICIAN.

Exter, Me., Sept. 20, 1845.

This certifies that I have recommended the use of WISTAR'S BALSAM OF WILD CHERRY for diseases of the Lungs, for two years past, and many bottles to my knowledge have been used by my patients, with beneficial results. In two cases where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

E. BOYDEN, Physician at Exter Corner.

NO QUACKERY! NO DECEPTION!

All published statements of cures performed by this medicine, are, in every respect, TRUE.

BEWARE OF COUNTERFEITS AND IMITATIONS.—The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended, curing many cases after the skill of the best physicians was unavailing, has effected a large and increasing demand for it. This fact has caused several unprincipled counterfeiters and imitators to palm off spurious mixtures, of similar name and appearance, for the genuine Balsam.

Be careful and set the genuine DR. WISTAR'S BALSAM OF WILD CHERRY. None genuine unless signed by I. BUTTS. Address all orders to SETH W. FOWLE, Boston, Mass.

Having effected so desirable an object, and that the public may share the benefits of such great improvement in Pill making, it leaves will here forth contain

FORTY PILLS IN A BOX;

and the price the same as heretofore, namely:—Twenty-five cents a Box—five Boxes for One Dollar:

Dr. Leidy's Sarsaparilla and Vegetable Blood Pills have, during the past few years, been more successfully employed throughout the United States, Mexico and the West Indies, than any others, and the rapidly increasing demand for them is unparalleled.

There are but few Pills in existence, known to contain Sarsaparilla in them, the proprietor only knowing how to combine the Sarsaparilla with other substances in form of pills.

IF PILLS ARE NECESSARY

for purging or cleansing the stomach and bowels, for purifying the blood or fluids of the body, as an alternative for removing the causes of disease and arresting its progress, and as a Spring medicine these pills will be found more effectual than any other.

YOUNG AND OLD, MALE OR FEMALE,

may at all times take them without change of living, restraint from occupation, or fear of taking cold from exposure to all kinds of weather, for they contain no mercury or minerals, which are contained in other pills, and which make other pills so unsafe or dangerous to take, and uncertain in their effects.

PERSONS OF ALL CONSTITUTIONS

whether feeble or debilitated, or of robust and strong constitution, can take them without prostrating or debilitating the system; they operate so easy and gentle, yet effectual, that little inconvenience is caused in taking them.

THEY ARE GOOD AT ALL TIMES,

for all diseases of whatever nature or kind.

Caution is necessary! Beware at all times to ask for and take no others than Dr. Leidy's Blood Pills. All others by names nearly similar, are spurious, and calculated to deceive; the proprietors of them thinking to sell them on the reputation of the genuine, hence the only true Sarsaparilla and Vegetable Blood Pills of Dr. Leidy.

☞ Beware of such imposition, fraud and trickery.—Touch them not, much less take them, for being manufactured to deceive the public of their money, they will besides deceive the body and your system by their effects.

Remember 40 Pills in a Box for 25 cents—Five Boxes for One Dollar. [No others contain Forty Pills to the box.]

☞ To be had in Pottsville at JOHN S. C. MARTIN'S Drug Store. Also, at JOHN G. BROWN'S Drug Store.

PATENT METALLIC ROPES,
FOR THE USE OF MINES, RAILWAYS, &c.,
For sale, or imported to order, by the subscriber.

THESE Ropes are now almost exclusively used in the Collieries, and on the Railways in Great Britan, and are found to be greatly superior to Hempen ones as regards safety, durability and economy.

The Patent Wire Ropes, have proved to be still in good condition after three year's service, in the same situation where the Hempen ones, previously used, of double the size and weight would wear out in nine or ten months. They have been used for almost every purpose to which Hempen Ropes and chains have been applied. Mines, Railways, Heavy Cranes, Standing Rigging, Window Cords, Lightning Conductors, Signal Halyards, Tiller Ropes, &c. They are made either of Iron or Copper Wire, and in cases of much exposure to dampness, of Galvanized Wire.

Testimonials from the most eminent Engineers in England can be shown as to their efficiency, and, any additional information required respecting the different descriptions and application will be given by
