The late of the second of the

The quantity sent by Rail Road this week is 32,020-12-by Canal, 2,309 17-in all 34,330 09-total by Rail Road 563,145 14-do by Canal 67,714 06. By Bailroad the quantity is diminished about 100 tons this week. By Canal, the shipments have been dimin. ished considerably, in consequence of a large breach which occurred at Laurel Hill. It has been repaired,

and boats are running again.

We have no material change to notice in the trade.-The demand for coal is more active in consequence of the advance in the price of transportation of, 10 cts. per ton, which will take place on the lat of July, and the sup-Lly is only limited by the great scarcity of coasting vetsels to carry the coal from Richmond.

A gentleman with whom we conversed a few days since from the East, attributes one of the causes for the great scarcity of vessels, to the numerous storms which have occurred along our coast within the last 18 months, which were very destructive to the shipping. One single town in Maine had lost no less than 28 yes sels within that period. The unusual number employed in the Gulf trade, and also in the foreign trade, will in all probability create a scarcity of ressels throughout the whole shipping season.

After the 1st of July next, there will be an increase in the rates of toll and transportation on the Rail Road of 10 cents per ton, with a prospective monthly increase of Freights have advanced again to the New England

ports, and vessels remain as scarce as ever. Our correspondent sands us the following quotations:

To New York, To Newark, To Providence, To Fall Rivet. To New Bedford, To Portsmouth, N. H., 2 37} a 2 50 To Boston, To New Haven, To Hartford, The rates from Bristol are 121 cts. more. PRICES OF COAL ON BOARD.

White Ash Lump Nut do Broken, Egg, and Stove, 3 62] a .3 75 3 62] a .3 76 3 75 a .3 67] Red Ash Lump, Prepared, Lehigh Lump, Prepared, The freights by Canal continue the same-70 cents to Philadelphia and \$1 80 to New York.

Daguerreotype Likenesses. A I.I. thoses in want of a perfect, clear, and brilliant picture of themselves or friends are invited to call and examine the specimens taken by II. W. Peale, at No. 8, Town Hall. Formerly a great obstacle presented itself in the production of a perfect picture of family groups and children, but by a late discovery this obstacle has discovery the obstacle by the production of the product cle has dissupported, as the time of setting will not ex-ceed from 3 to 4 seconds in clear, and 6 to 8 in cloudy weather. Pictures put up in handsome Morocco cases, Lockets, Breastpins, &c., on moderate terms. Instrucons given, in the latest improvements. Cameras and themicals for sale. June 19 25—31

The Grand Inquest inquiring for the body of the County of Schuylkill, respectfully report: That they have had submitted to their consideration thiny bills, twenty-four of which have been found true, and six have been ignored. They have also, under the direction of the Court, visited the Jud and public offices, and would recommend that additional precautions be taken for the preservation of the public records, by causing additional iron doors to be made for the vaults, and repairing those already there. As his is a matter of the first invoctance to the resoluent large and it is the first invoctance to the resoluent large and it is causing additional iron doors to be inade-got the vaults, and repairing those already there. As this is a matter of the first importance to the people at large, and it is believed that in case of there, there cords would not be safe; immediate action upon the same is recommended. The jul was found in a clearly condition, and the wants of the prisoners well supplied. Prom the peculiar construction of the stair-way leading from the first to the second floor, the julge is much exposed to attacks from malicious prisoners. An alteration to obviate this dringer is recommended. The Braid Inquest would also recommended. The traid Inquest would also recommended that an application be made by the County Commissioners to the Governor, for repies of the original standards for general use, of weights and measures, and the thing the Secretary of the Commonwealth to distribute topies of the standard weights and measures, and for the appointment of 'Scalega.'" These standard weights and measures are much wanted in this county to regulate the weights and measures now in use, as it is believed that creat inequalities now exist in the same.—

The Grand Inquest would again call the attention of the proper officers to the dingerous condition of the recosing at the intersection of the Moint Carbon & Part the proper officers to the dangerous condition of the crossing at the intersection of the Mount Carbon & Port Carbon Rail Road, and advise that immediate measures be taken to abate the nuisance. All of which is respect-

June 19, 1817 CHARLES W. PITMAN, Foreman. Anthracite Furnace Property at

PUBLIC SALE. THE subscriber will offer at public sale on Wednesday, the 50th of June institution oclock, A. M., upon the premises in the befrough of South Easton, Northampton county, Pennsylvania, the entire premises county, Pennsylvania, the entire premises known as the South Easton Anthracite Furnace Property, situated, and lying on Mill street, in said borough, consisting of the western moiety of the lot marked in the general plau of, said borough, No. 10, the whole of the lots marked in the said plan Nos. 11, 12, 13, 14, and become account in the said plan Nos. 11, 13, 14, and hence extending in front on Mill street, 330 leet, and hence extending in length or depth northward, between most running parallel with Abbott street, to the fiver shigh. teningh.

The improvements may erected upon the premises and to be sold therewith are a three and a half story stone building, 40 by 90 feet, two Blast Furnaces, one 29 feet square, a stone Foundry, 40 feet square, stone office, and wheel house 40 feet, two and a half stories high, a formatter boxes, 90 by 56 feet, a terms the boxes, 40 feet, the stories had a feet the stories had a stories that a stories had a stories that a stories had a stories had a stories that a stories had a stories and a stories are stories as a stories as a stories are stories. square, a stone Folindry, 40 feet square, stone office, and wheel house 40 feet, two and a half stories high, a frame store house, 20 by 56 feet, a frame Moudding stone, 30 by 50 feet, a frame Smith shep, 16 by 30 feet, a frame shed, 24 by 40 feet, a Wheel and Engine house, 35 by 45 feet, Casting room, 33 by 40 feet, a Weighing house, 16 by 20 feet, and open shed 20 by 26 feet.

The premises are furnished with a most substantial wharf on the Lehigh river, extending the whole length of the northern front, and so constructed as to afford great facilities for loading and unloading boats. The Lehigh canal passes these furnaces at the distance of about thirty fect on the south, affording additional facilities for obtaining coal, ore, and other materials at the least possible expense for transportation. The water power attached to this Furnace property is ample for all practical purposes, and a new water wheel of large dimensions has but recently been constructed for the purpose of carrying on the business of manufacturing room with antifracity coal, and also for the purpose of manufacturing sad wons, to which the large stone building with its machinery is adultably adapted. These works are located in a section of country that abounds in irron ore of the best quality which can be purchased in any quantity upon the most reasonable terms. There is also a ready communication by canal between these works and the cities of Philadelphia and New York, which opens a market at the expense of \$1.40 per 10 n for the stanesportation of pig iron to the former place and \$2.40 to the latter.

For further information, as to the property, terms of sale, &c., apply to John Wilkians, Boston, Massachusetts; M. Hale Jones, Erston, Pa., or F. Tyler & Co., 76, Walnut st. Philadelphia. WALDO FishT.

Philadelphia.

NEW YORK IN PHILADELPHIA!

The recently constructed Model of New York, in CARVED WOOD, BY E, PORTER BELDEN, now on exhibition for a short time at the ASSEMBLY BUILDING.

Corner of Tenth and Chesnut Streets,

THE expense of transporting and sitting up this imneuse work at each place is so great, that its exhibition is necessarily confined to the larger cities. This notice is therefore given to those inhabitants of this vicinity who will be soon visiting Philadelphia, that they may have an opportunity of seeing what is universally acknowledged the greatest piece of art and mechanical skill ever produced in this country.

This Model is a perfect for simile of the Metropolis, and all things therein, to the minutest details, including Streets and Alleys, Public Edifices, Houses, Strees, Ont Buildings, Elevations, and Depression, the Shipping, Steamboats, Wharves, Railroads, Cars, and Loometives, Magnetic Telegraph, Door Yards, Fences, Trees, Lumber and Coal Yards, Awaings, Lamp Posts, Pavements, and even the smallest, objects in the city. By inspecting this Model a person can point out any object in New York, as well as if he was looking upon the actual city.

This work has been prepared at an expense of over. PHILADELPHIA.

This work has been prepared at an expense of over it. \$20,000!

It was in progress more than a year, and upwards o 150 persons were employed in its construction. These were artists of the highest class, both American and Eutopean. Their names have already given to the public. Over the Model is an **IMMENSE CANOPY of Carred and Ornamental Work, in Oothic Architecture, nearly 15 ft. high Forming compartments, in which are represented a COLLECTION OF OIL PAINTINGS, of the leading establishments of the City.

Hours of Exhibition from 9, A, M., to 10, P. M.
Admittance 25 cents. Season Tickets 50 cents. Chilren under 12 years of age half price.
This work is exhibited throughout the country under n of the Mayor and Common Council of the Cily of New York.

First American from the last English edition. Price 50

MINERS' JOURNAL. Saturday Morning, June 26, 1847.

BY MAGNETIC TELEGRAPH.

June 25th, & o'clock, P.M. We have received our usual despatch, but it contains no news of any importance. The Grain market remains without much change, at rather a downward tendency.

The prospect of abundant crops, appears quite flattlering, not only in this country, but throughout Europe.

Nothing further from the Army, up to 8 o'clock yesterday ...

Con. Mar is now in Washington City.

Majorn WERSTER, of the Massachusettes regiment has been compelled to leave the seat of war. and come North on account of ill-health.

We acknowledge the receipt of a mug of very fine Strawberries from the Garden of Mr. Wm. H. Mann, of this borough. We learn that they were of the variety called Hovey's Seedling of a very large size-and the flavor was delicious. This work has been prepared at an expense of over A. The only thing we regretted was that they discappeared so soon.

Flour, Grain and Provisions are falling very rapidly. Flour is now selling wholesale at \$7,25 in Philadelphia. Wheat at \$1,50 and Oats at 51 cents. Butter, which was 25 and 28 cents. can now be purchased at 121 and even ten cents per pound. This is certainly good news for this region, where we are compelled to purchase every thing we consume.

Tak Evening Henald published in Reading has been converted into a morning paper, and will hereafter be published tri-weekly instead of

semi-weekly. Tis Roofing, Mit Jacon M. Long, has placed before the door of his store in Centre st., a very neat model of a tin roof, to which we would call the attention of those persons who may wish to have work of that kind done.

Lizur. Fullnages of Captain Nagle's company, arrived at home vesterday, in the cars. Ho received a discharge in consequence of ill health. and looks quite feeble. He brings no later news than what we have abeady received. ACCIDENT IN THE MINES .- On Monday last

Patrick O Neill, an Irishman, was injured so se-

verely by a fall of coal in the mines of Joseph

G. Lawton at St. Clair, that he died on the fullowing day. "CLARSTON ALBIN AND OTHER PORMS."-Such is the title of a collection of poems in the Scotch style, which originally appeared in the Philadelphia Chronicle. They are from the pen of James M. Mortison, Esq., and baving been highly commended as they appeared in the Uhronicle, we do not doubt, that their publication in back form will be welcomed by the admirers of

Scottish poems. Union .- We see it noticed (although nothing official has transpired as yet) that the proprietors of the North American have purchased the U. S. Gazette Establishment, for \$45 000, with a view of Uniting the two papers, under the firm of Messrs. Graham, M'Michael and J. B. Chandler. J. R. Chandler, E-q., retires from his editorial duties full of years and full of honors. It is stated that he willibe elected President of the Girard College for orphaus. A more suitable person to fill that station could not be selected.

THE MINING JOURNAL -- We have received the first number of a paper just commenced in New York under the above tittle. It is after the style of the London Mining Journal, and is filled with information relative to Mining operations of every kind. It is published at the office of Hunt's Merchants Magazine, semi-mouthly at \$3,00 per . . . annum.

REMOVAL QUESTION .- We learn from a gentleman whose sources of information are very good, that the Removal question can be carried this fall, without much difficulty. The people are beginning to find out that the cry of an increase of taxes is all a humbug. No increase can, take place. The law requires the people of Pottsville to put up the Court House at their expense. If they full to do so, no removal can take place .-In the mean time several thousand copies of the Bill, as it passed the Legislature, ought to be struck off in the English and German languages, and distributed among the people. A correct knowledge of the provisions of the bill will scatter to the wind all the false statements industriously circulated by its opponents, and secure a inspirity in favor of removal of at least 1500 votes.

THEATRICAL ENTERTAINMENTS .- The Theatrical Company under the management of Mr. Weaver, which has been giving entertainments at the Town Hall for a few weeks, left our borough on Thursday for Mauch Chunk. Where they will remain a week. We understand that it is their intention to return to Pottsville, and open, again for a short season, commencing on Saturday next. Their performances have been highly commended by our citizens during their stay in this place, and we doubt not that our Mauch. Chunk friends will give them the patronage they

descrye. NEW D. FINITIONS .- " Poisoned Weapons"-Arguments against the Administration. Mexican Whigs-Whigs fighting in Mexico. Federalists .- All who do not swear by the

Union and Mr. Polk.
True Patriots.—All who do. Highest Reward of Patriolism-The Public Printing. Whole Duly of Democrats.—Union of the party for the sake of "THE UNION."—Ritchie's Pol.

SHOCKING ACCIDENT .- A German, named A BOOK. ADDRESSED TO Henry: Gondelsh, was so shockingly injured at Those who make Boots & Shoes. the Machine shop of Dotterer & Co., at Reading, on Wednesday of last week,, that he died on Friday. He was about to clean the oil box of the engine, and while standing upon the fan, reaching with a stick to open the oil-box, his clothing caught in the belt of the fly-wheel, and he was thrown over the shaft into the fly-wheel pit, with one leg between the cog-wheels of the machinery. Patent Elastic Boot Maker to her Majesty the Queen, the Queen Dowager, &c.

"Mr. Hall is the most fashionable among the London boot makers—and his book has been received with decided favor in the higher circles."

[Times, London.]

flourish there, its hue should be a sickly yallow, cents.
