Z. TA YLOR, Major General U. S. Army. Dr. John Clarke, Sec'y public meeting at Trenton, N. J **REDUCTION OF COUNTY TAXES--**IMPORTANT CHANGES .-- The management of our county affairs during the last two years, disposition was exhibited in another respect. She

exhibits a very gratifying result. The Commissioners, during this period have been enabled to asserted, her claims as proprietor cannot be subliquidate upwards of \$25,000 of the county debt ; stantiated ! have enlarged the Court House at an expense of nearly \$4,000; built a number of substantial and freaks-but it is useless to recount them. Suffice elegant bridges at a heavy expense-(the con- it to say that she is one of 'em and no mistake.' struction of which had previously been deferred, from time to time, from the want of adequate means-) and have reduced the taxes of the cur. for the honor of the family, that she is not the rent year from five to three mills upon the dollar -which is the same as the State tax,-but when have resided, for some time past, at Schuylkill it is considered that the State taxes many articles | Haven. which are exempt from county levies, the county tax is absolutely lower than that of the State !---

This gratifying result may be attributed, in brief, to this fact, that the Board of County Commissioners is controlled by Whigs-the State by Locofocos ! " Let actions speak !" MORE OF CAVE JOHNSON'S FOLLY.-

The law permitting Postmasters to receipt fo newspaper subscriptions, and forward drafts payable to the Editors at their local offices, was, through the exertions of Gen. Cave Johnson, repealed last winter. The law was founded in ignorance and folly in the first place, and now that the people, and especially country Postmasters, are beginning to understand its operations, it is auddenly repealed-thus throwing some twenty-two thousand stupid Postmasters into confusion, and deranging the business of the department ! Was there ever such tom-foolery before ? It is but a few months since an entire new sys-

tem of postages was adopted. All newspapers were to pass free within thirty miles of the place of publication. Just as the people had completed arrangements to avail themselves of the advantages of this law, it was countermanded-andwhy ? No body can tell-it is doubtful if Cave Johnson himself knew why he did it. Now no distinctions are made. A newspaper is subject to postage whether it goes two miles or a hundred miles-whether it is large or small." Is it to be wondered at that the Post Office Department-or, in fact, any department of the Government : for they are all alike, as regards management-cannot get along under such a state of affairs ? However, " there's a better time coming,

boys !" Old Rough and Ready will soon be among 'em. and scatter the whole posse of 'em like fire in a hornet's nest ! " Wait-a little longer-a good time coming !"

ITTERESTING RELIC.-The Phonixville Pioneer has been shown an autograph letter of Gen. Washington, written in 1785. It is in the session of Dr. S. A. Whittoker, of that place, who has many other rolics of the olden times .--"The Pioneer adds: The letter is written in ref. crence to Mr. Pine, a portrait painter, to whom Judge Hopkinson, as it appears, had desired him to sit. The style is much more playful and familiar than his letters usually display. We quote

the opening paragraph : " Mount Vernon, May 16th, 1785. In for a penny, in for a pound, is an old adage. I am so backneyed to the touches of the painter's pencil, that am now altogether at their beck, and sit like patience on a monument whilst they are delineating the lines of DV face.

It is proof among many others, of what, habit and custom can effect. At first I was as impatient at the request, and as restive under the operation as a colt is of the saddle. The next time, I submitted very reluctantly, but with less flouncing-now, no dray moves more readily to the thill, than I do to the Painter's chain It may be easily conceived therefore, that I vielded a ready obedience to your request, and to the views of Mr. Pine."
