The Coal Trade for 1847. The quantity sent this week by Rail Road is 30,383 18 -by Canal 7,684 11-total for the week 38,068 09 .-Total by Rail Road 745,389 01-do. by Canal 108,091 06 There is a slight increase by Canal this week. The supply of Coal from the Mine Hill and Schuylkill Haven portion of the Coal Region is short this week. a consequence of the interruption occasioned to the trade during three days, in making the necessary repairs for the introduction of steam power on the Road. The same cause has curtailed the quantity sent by Rall Road this week. The following is a comparative statement of the trade from the Schuylkill and Lehigh Regions to the same period, for the years 1846 and 1847 : 1816 1847 664,130 15 745,389 01 Schuylkill-Rail Road, 000,000 253,845 00 Lehigh 917,975 12 Increase in 1847, Of this increase the Schuylkill region has furnished 189,350, and the Lehigh 61,566 tons. We learn that the Managers of the Schuylkill Naviga. tion Company have taken off the back tolls on coal on the line of Canal. Vessels, we are pleased to learn, are becoming more plenty at Richmond. On Saturday last, we learn there were no less than 160 sail at that port, which is thirty more than the number congregated at any period before. The price of freights have consequently declined since last week, both to New York and Boston. Our Correspondent quotes the rates of freight from and as follows: To New York, To Newark,
To Providence,
To Fall River,
To New Bedford, o Boson. o New Haven, o Hartford, Troy, To Washington,
The rates from Bristol are 121 ets. more. PRICES OF COAL ON BOARD. White Ash Lump, Nut do Broken, Egg, and Stove, Red Ash Lump, Prepared, Lehigh Lump, Freights by Canal to Philadelphia 70 cents, and \$1,60 Sent for the week ending on Thursday Evening last :-RAIL ROAD.

FEVER AND AGUE.

THIS medicine, after a fair trial, has been found to be superior to any remedy for this dispressing disease, the Fever and Ague, ever offered to the public, it has never been known to fail when taken according to directions. A large number of testimonials in its favor can be given by the proprietor, from which we agted the following of recent date:

We certify that we have used Hughes' Tonic Mixture for severe attacks of the Fever and Ague, and, after justing one bottle only, we were perfectly cured.

If there is power in medicine to remove and cure disease, this one will rapidly and effectually secure a restoration to health.
From all parts of the country testimony continues to pour in of its innequalled and salutary power over Pulmonary, Throat, and Pectoral diseases.

A recent letter from Hendershoft & Co., an old and highly respectfule firm in Nashville, Tenn., states:

"That the Compound Syrup of Tar and Wood Naptha' gives universal satisfut ton,"—more so than any medicine they have ever sold.

Read the following from Dr. Young the eminent oculist:
Phil adeltha, Jan. Pth. 1817.

Messrs. Anguey & Dickson:—Gentlemen:—Having recommended in my practice, and used in my own family. Thompson's Compound Syrup of Tar and Wood Naptha, I have no hesitation in saying that it is the heat preparation of the kind, in use, and persons suffering from colds, coughs, affections of the throat, breast, &c., so prevalent at this season of the year, cannot use any medicine that will allay a cough or consumption sooner than Thompson's Compound Syrup of Tar and Wood Naptha. IN ADVANCE OF THE MAIL. Important News from the Army-Negotiation for Peace Failed-General Scott Advancing-Great

Battle Expected. 😽 Philadelphia, 12 o'clock, M. We learn by Telegraph, from our attentive Correspondent in Philadelphia, that the Southern mail has brought the important intelligence that all negotiations for Peace had failed between the Government of Mexico and Mr. Trist, and that Gen. Scott was to march on the city of Mexico by the 15th of July.

Santa Anna had an army of 20,000 near the Capitol, and every preparation was making to give battle to Gen. Scott before he reached the Capitol, so that we may look out for another brilliant victory in a short time.

Another skirmish had taken place beiweer Gen. Pierce and the Guerrillas, in which the latter had been defeated.

The city of Santa Fe had been totally destroyed hy order of Gov. Wilson.

Mr. Meade, Lecoloco, has been elected to Congress in Mr. Dromgoole's district, in Virginia, by about 200 majority. This district usually gives from 1500 to 2000 lacoface majority.

GEN. TAYLOR'S SPEECH .- The 4th of July was celebrated at Monterey, Mexico, by the Americans residing in and near that city. Gen. Taylor having been called out by a toast connecting his name with the Presidency, made the following brief remarks.:

Mr. President and Gentlemen-I have never had the vanity to aspire to or look for that eleva-ted situation which has just liesh alluded to; but I my fellow countrymen think proper to elevate me to so distinguished and honorable a position. I certainly shall do my best to discharge the duties of that responsible position faithfully. But if any other candidate is preferred and offered who may more competent than myself. I need not say that I shall acquiesce most cheerfully in their decision, and shall rejoice that there is one more vorthy to represent them in the highest office in their gift.

OBSEQUIOUSNESS TO THE GREAT. -The President, in his visit to the North, has been received with all the honors usually bestowed upon the effice which he represents. These Presidential tours are becoming fashionable of late and make quite a holiday in the cities where they occur. Bith re is any thing, however, (laying aside altogether the policy of such tours and the polities of the tourists.) which detract from the pleasurable excitement of these occasions, it is the servility and tondy ism so frequently inanifested at such times by the hangers on of eminent se " tip kettles" whose " manifest destiny," and chief pride it is to be annexed to the dail" of greatness.

I: ma ters not whether the distinguished traveller be Whig or Democrat-whether Jackson or Tyler, or Polk-let him but move forth as the representative of national power, and there are numbers ready to do him homage-to magnify, his slightest actions into immeasurable importance; to observe with the most intense interest the mode in which he holds his hat or cone, and whether he takes a snuff with or without sneezing: to prove in short, that the scribes of Blackwood lie when they say there is no obsequiodeness in America. These, and the like important incidents, are closely observed, and minutely chronicled by a portion of the press for the benefit of the world and posterity. How different from the spirit of the true American, who would

"Shake hands with a king upon his throne, And think it honor to his majesty." We had marked some precious specimens for the reader's amusement, but have unfortunately mislaid them. One paper, describing Mr. Polk's visit to some church, where his presence was not generally known, declares that little could the congregation have supposed, when they were singing the Psalm, that the voice of the President of the United States was united with theirs!-
