Philadelphia, June 4, 1847. The Daguerreotypes of Tom Thunb and his family, including his several teachers, footman, driver, equi-mage, &c., and his various costumes and characters, made by Mr. M. A. Robt, (FIFTV-ONE in all.) present a degree of accuracy and truthfulness to nature, with a hold charm of outline, softness, expression, heauty, and delicacyfo fluxk, and uniform brilliance, that we have never seen equalted. They are, decidedly, superior to mything of the kind witnessed by us either in this country or in London, Paris, or any of the cilles of Europe which we have visited. We take pleasure in hearing testimony to the courtesy and skill so uniformly mani-fested by Mr. Root, the eminently successful Daguerre-otypist.
