experience thus acquired.
To our Black teas, particularly, we wish to call attention as possessing a degree of strength and richness
of flavor seldom equalied. Black teas are universally
used by the Chinese, who consider the Green fit only
for foreigners. Our physicians also recommend the
Black as making a more healthful beverage than the
Green. Each package is so secured as to retain the
virtues of the less for a long time in any climate, and
contains full weight of tea, independent of the metal and

'To the victor belongs the spoils.' A LTHOUGH many preparations in the form of "Popular Medicines," have been before the public, claiming to give relief, and even cure the most inveterate dis ing to give relief, and even cure the most inveterate diseases, yet none have so well answered the purpose as
Dr. Sherman's Medicated Locanges. They are agreeable
to the taste, easily administered, and from the unprecedented success, which they have net with, and the remarkable cures which they have performed, may justly
lay claim to the title of conquerer over the diseases for
which they have been recommended. Dr. Sherman's
"Cough Locanges" cure the most obstinate cases of
Cough in a few hours. They have cured a large number
of persons who have been given up by their physicians
and friends, and many who have been reduced to the
verge of the grave by spitting blood, Consumption and
Hectic Tever, by their use have had the rose of health
restored to the haggard check, and now live to speak
forth the praises of this invaluable medicing.
Dr. Sherman's "Horm Locanges" have been proved
in more than 400,000 cases to be infallible, in fact the
only certain worm destroying medicine ever discovered. Dr. Sherman's "Born Lovenges" have been proved in more than 400,000 cases to be infallible, in fact the only certain worm destroying medicine ever-discovered. Chilfren will eat them when they cannot be forced to take any other medicine, and the benefit derived from the administration of medicine to them in this form, is great beyond description. When the breath of the child becomes offensive, and there is picking of the noise, grinding of the teeth during sleep, paleness about the lips with flushed-cheeks, bleesting at the nose, head-ache, drowsiness, attring during sleep, disturbed dreams, awaking with fright and screaming, troublesome cough, feverishness, thirst, voracious appetite, sickness at the stomach, and bloated stomach—these are among the many prominent symptoms of worms, and can be relieved by these incomparable Lozenges. They have never been known to fail.

Dr. Sherman's "Camphor Lozenges" relieve head ache, nervous sick headache, papitation of the heart and sickness in a very few minutes. Dr. Sherman's "Poor Man's Plaster" is acknowledged by all who have ever used it to be the best strengthening plaster in the world, and a soverelgn remedy for pains and weakness in the back, loins, side, breast, neck, limbs, joints, rheumatism, lumbago, &c. One million a year will not supply the demand. Caution is necessary, as there are many unpriscipled persons when we would force as there are many unprincipled persons who would for a spurious article upon the community. Be careful get Sherman's Poor Man's Plaster, with a "fac simile of his written name on the back—none others are genuine, and will do more hurt than good.

When such men as the Rev. Darius Anthony, of the Oneida Conference; Rev. Sebastian Streeter of Boston; Rev. Mr. Dunbar, Rev. Mr. Handcock, Rev. Mr. De Forest, Hon. Aaron Clark, J. Hoxie, Esq., Hon. B. B. Beardsley, Daniel Fanshaw, Esq., and a host of names of a like reputatioa, can be brought forward to prove the efficacy of Dr. Shermrn's preparations—when they are so warmly recommended by the medical profession, and prescribed in their practice, and when such universal approbation follows their use among all classes, we may justly say that the Doctor is not only entitled to the appellation of victor, but can fairly lay claim to the patronage of the public, and will receive it.

Col. Wynkoop has addressed a character istic letter to F. W. Hughes, Esq., of this borough, which appeared in the Pennsylvanian yesterday, We shall next week take occasion to notice this, epistle, for the sake of preventing false impressions abroad; as far as its tone may prevail at home, i will excite no attention, as the motives of the wri ter are, fortunately, pretty well known!

A New Easer .- Much attention has been latey drawn,in London, to some new cabs, of which the chief novelty consists in the absence of all springs. A hollow tube about fourteen inches in diameter, composed of India-rubber, and inflated with air, is made to encircle each wheel in the manner of a tire, and the carriage rolls along without the slightest noise. . !

To Case of Restell .- The counsel of Madame Restell made another effort, at N. York, on Tues day, before the General Term of the Suproine Court, to get her 'discharged on bail. No. progress was made in the attempt. Meanwhile Madame occupies two well furnished apartments in the Eldridge street jail, and "lives like a fighting

Gen. Taylor .- The New York Mirror states, on the authority of one of Gen. Taylor friends, that he will not, during his six months absence, visit Washington, or attend any public meetings, nor in any way seek notoriety, but will employ himself exclusively in the management of his private affairs, which have suffered from long neglect.

Fine Black Tea .- We received from Mr. Whitfield, a package of Black tea, advertised for sale by him. We handed it over to the authorities of the proper department, and it is pronounced by our better half a very superior article.

Louisiana Election .- The Whigs, it is nov ascertained, have carried the legislature of Louisiana by a majority of two certain, on joint ballet, and perhaps four; securing to them the United States Senator to be elected.

Professor Ingrahm, the well known novelist has taken holy orders, and is now a clergyman of the Protestant Episcopal Church -so says the N. York Sunday Dispatch.

Money Matters .- The character of dispatche first received at New York on Saturday, of the foreign news, led to the belief that the news with more favorable, and it appears things received a brighter hue in Wall Street. The Express of Monday Evening, says :- " The subsequent one changed the complexion of the news from seein-ingly good to had, and threw a gloom over Wall Street, where Merchants had delayed until a later hour, in order to receive the news. Such is the demand for funds, to send abroad by foreign houses, that many are throwing their goods into the regular auction houses, and taking an advence it money, and notes .- It is stated that within a week out their paper for over half a million of dollars, running from three to six months. .
