die of scanty food is undoubtedly true; but vastly

more in this community die from eating too much

cess than starvation. So as to clothing ; many

shiver from want of defences against the cold, but there is vasily more saffering among the rich from

absurd and criminal modes of dress which fashion

has sanctioned, than among the poor from defi-

ciency of raiment. Our daughters are oftener

brought to the grave by their rich attire, than our

beggars by their nakedness. So the poor are often

overworked, but they suffer less than among the

rich who have no work to do, no interesting object

to fill up life, to satisfy the infinite cravings of man

for action. According to our present modes of

education, how many of our daughters are victima

of ennui, a misery unknown to the poor, and more

intolerable than the weariness of excessive toil !

The idle young man, spending the day in exhib.

iting his person in the street, ought not to excite

the envy of the overtasked poor : and this cumber-

er of the ground is found exclusively among the
