THE PROTECTIVE POLICY OF THE COUNTRY!

For President,
General ZACHARY TAYLOR;
Subject to the Decision of the Whig National Conve

Democratic Whig County Meeting. The County Committee invite the Democratic Whigs of Schuvikill county to assemble in County Meeting, a the Court House in the borough of Orwigsburg, on Monday, the 6th of March next, (Court week,) at 1 o'clock, P. M., fot the purpose of a popointing delegates to the State Convention to be held at Harrisburg, on the

change of sentiments on the public measures of the day from all sections of the county. British Free Trade, the offspring of Locoroco ascendency, is unfortunately saddled upon the country and its desolating effects are witnessed in our tide collieries, deserted work shops, and the towness of wages which threaten the laboring classes of the country

JOHN REED, DANIEL B. KERSUNER, GEORGE KAUFMAN, JOSEPH BRESSLER,

The Rt. Rev. Alonzo Potter, Bishop of the Diocese of Pennsylvania, will lecture in the new Episcopal Church of this Borough, on Thursday evening next, for the benefit of said Church. The great and splendid acquirements of the Bishop are well known and appreciated everywhere; and it is in the capacity of a Lecturer, especially, that his talents are displayed. He recently delivered a lecture in Boston, before one of the oldest Literary Institutions there, and we perceive by the papers, that the most unbounded pleasure was derived from his discourse, which was both learned and eloquent. And we cannot doubt, considering the eminence of the Lecturer and the noble object to be facilitated through each individual contribution, that every seat in the Church will be occupied on the above occasion.

The Ball at the Mount Carbon House, on the evening of the 22nd, passed off gloriously.-The highest praise is given the management for the "brown" manner in which they "did up" the al gentlemen, several of whom arrived in succeswhole effair. We heard a gentlemen remark, (and he is capable of judging—a bachelor, too,—rare fellows!) that the ladies far surpassed the gentlemen in all respects—in appearance, manners and dress! This remark having been made on the next morning, over hot roles and coffee, when and dress! This remark having been made on the next morning, over hot roles and coffee, when men are disposed to be civil and deliberative, may be taken at par radue—the mare especially as the individual is a comparative stranger, and perhaps has'nt entirely thrown off first impressions of the Yankee girls!

A remark very frequently heard was, "Well, this is just what Mr. Adams could have wished; it is an appropriate ending of his public career: he Manufacturers and Colliers will assemble at Harrisburg, on the 22nd of Manufacturers."

Manufacturers and Colliers will assemble at Harisburg, on the 22nd of March next, to take into consideration the depression existing in those great interests of our Commonwealth. The advertisement calling the meeting, which is numerously signed by the most respectable persons interested, in different sections, of the State has been on avoidably crowded out of our columns, but will appear next week.

The Treaty is understood to contain many prosions of detail; but does not, as we hear, includeany provision, as has been reported, for the mainnance of a military force by the United States or a certain time in Mexico.

The Treaty makes its appearance in a question ble form; being concluded by Mr. Trist, as with full powers, after those powers had been withdrawn, or intended to be withdrawn, by the Executive.

The highest honor which can be bestowed in France upon a foreigner, has been conferred on Mr. Bancroft. He has been chosen a Corresponding Member of the Institute. The U. S. has two out of seven, in a class of history selected from the whole world.

Mr. Clay visited him this afternoon, and the seene was an impressive one, as he stood with the old patriarch's hand classed with stand gazing intently into his calm but vacant countenance, the tears coursing down his manly cheeks. At 6 o'clock, the time of closing this despatch, he was thought to be more comfortable, but was still speechless. But slender hopes, however, are entertained of his frecovery. MANUFACTURERS, No. 68, North Front street, Manufacturers, No. 68, North Front street, Philadelphia, have now a good supply of their warranted pure WHITE LEAD, and those customers who have been sparingly supplied in consequence of a run on the article, shall now have their orders filled. No known zubstance pussesses there preservative and beautifying properties, so desirable in a paint, to an equal extent with unadulterated white lead; hence any admixture of other materials only mars its value. It has, therefore, been the steady alm of the manufacturers, for many years, to supply to the public a perfectly pure white lead, and the unceasing demand for the article, is proof that it has met with favor. It is invariably branded on one head: WETHERILL & BROTHER in full, and on the other, warrasted pure, all in red letters.

The President's message is before the public. His applicated by some and censured by others. His deas on national affairs are no doubt given with the view that such principles if carried into effect would result to the benefit of this country. It is on the same principle that we endeavor to conduct our business affairs—we proclaim to the people our notions of the proper plan of buying and selling goods, with the expectation that such information if heeded would result to the benefit of the public generally. Like Polk, we find our supporters, and too many who prefer supporting sonne-body else. Polk is in favor of a low tariff on foreign merchandize, sufficient to pay expenses of government, with incidental protection to our manufacturers. We are in favor of a tariff strong enough on the goods we sell to pay expenses of a family government and leave a sufficiently of cash to protect us through long sleges of hard times, occasioned by overtrading; bank restrictions; bank and timividual suspensions, and tariffer presents. Consumption, Coughs, Colds, &c.

TO THE PUBLIC!!

IN PRESENTING this valuable medicine to the public as a remedy for Consumption, and Pulmonary Diseases in general, I have been actuated solely by the great success attending its use in my own immediate neighborhood, and a desire to benefit the afflyted, I shall simply endeavor to give a brief statement of its attentions, and flatter myself that its surprising efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous, that CONSUMP-ITON may and "CAN BE CURED," if this medicine is resorted to in time. As Consumption, however is a disease which differs much in the severity of its sympism, and the rapidity of its progress, and has long both affect the skill of physicians it cannot be supposed that this or any other remedy is capable of effecting a cure in every case and in every stage of the disease; in the contrary, we must expect it on this sometimes, a circumstance which occurs daily to fait is sometimes, a circumstance which occurs daily to fait is sometimes, a circumstance which occurs daily to fait is sometimes, a circumstance which occurs daily with all the most valuable remedies we possess, for the most simple disease; on the contrary, we must expect it of this committees as in its favor from citizens of this County, well known to the public.

MR. W. J. HAAR,—Having been smitted for the last thirty-years with Consumption, and having had the advice of some of the most eminent Physicians, and was given up as incurable. I was induced to make trial of your invaluable Expectorant, and am happy to say that I am entirely cured, and am attending to my daily occupation as though I had nover a smitched. Previous to taking your EXPECTORANT, I could not, if I had been sodiaposed, do anything at my trade. I have since recommended it to several of my friends, and particularly one case of Convillant Consumption, and am happy to state that in every limitance it had the desire/desset. Yours respectfully JOSHUA HAWKINS. Behuykhill Haven, October I, 1844.

Mr. W. J. HENRY CLAY IN PHILADELPHIA! REAT AND ENTHUSIASTIC RECEPTION!

Mr. Clay, reached Philadelphia on Thursday afternoon last. His arrival there was hailed with enthusiasm by thousands of people. It knew no ands—sweeping, as it seemed, through the entire city, like a whirlwind! Thousands of strangers, from every section of the State, had arrived and everything seemed shaped expressly for a demonstration upparalled in this country, as there is none other to whom it was so justly due. The Ledger says: We have seen many receptions of public men, and have a recollection of every demonstration of the kind which has occurred in this city since the visit of Lafayette, and we have never seen such a wild outpouring of the heart's feelings, such a warm, ardent, almost extravagant display of enthusiasm-such an intense and strong burst of popular welcome as that which yesterday greeted the entrance to the city, of the great statesman,

Henry Clay. An incident occurred in the evening, which to thus chronicled by The Sun : " When he arrived at Mr. Hughes' residence, on St. Paul's street, the crowd, which had followed on, congregated in front of the dwelling, and amid constant and loud cheers, called for Mr. Clay to make his appearance. After a short delay an apper window was thrown open, and Mr. Clay made his appear. sace, greeted by tremendous cheering. When silence was with difficulty restored, he said : "Gentlemen, I want to know what you are making all this noise about ?"

"We wanted to see you," was the response, fo'lowed by loud cheers. A voice in the crowd-"You are that same old coón yet."

Mr. Clay - Exactly I am that same old Loud cheers again, and laughter.

-Mr. Clay-"Gentlemen, now I will make a compromise with you—if you will let me alone, I will let you alone." He here withdrew amid the most vociferous cheering, and the window was closed. The crowd, satisfied at seeing and hearing "that same

old coon," retired. Mr. Clay looks exceedingly well, and his voice was clear and firm, as we ever recollect to have beard. PUBLIC MEETING.

Invitation to the Hon. Henry Clay to visit the Coal Region. In pursuance of a notice which had been given wo bours previously, a large meeting of the citizens of Pottaville (without distinction of party) essembled at the Exchange Hotel, on Frid evening, the 25th inst. when on motion, the folwing officers were appointed : President-JEREMIAH REED.

Vice Presidents-Jesse Foster, . A. Russell, James M. Beatty, Geo. C. Wynkoop, Daniel Hill, er. Thomas C. Williams Becretaries-Myer Strouse, E. N. Carvalho-At the motion of Mr. Campbell, Edward Owen

The Committee consisted of E. Owen Parry, B. T. Taylor, C. J. H. Campbell, R. Morris, and J. C. Lessig. During the absence of the Committee, B. Bartholomew, Esq. was called out to address the meeting, which he did at some length-reviewing, in a general way, the whole political career of Mr.

The committee hereupon reported the following preamble and resolutions, which were unanimously adopted: Whereas, We have heard with great gratification that the Hon. Henry Clay is now on a visit to our State, and we doom it a duty that we owe to one who has founded and advocated a system which has converted a wilderness into a populous country, to invite him to visit our Region, that he may see one of the many instances of the

good effects of that policy which he has so long and so ably supported. Therefore, and so ably supported. Therefore,
Resolved, That S. Gillingham, G. H. Poits, Burd Patterson, Daniel R. Bennett, L. F. Whitney, T. C. Williams, B. Haywood, J. G. Hughes, L. Dougherty, Jesse Foster, G. C. Wynkoop, George W. Snyder, B.
