own manufacturers out of the market. Every fifths of the State Stock deposited-said notes t be knows the demand which existed some be countersigned by the Auditor General; and in been published, entitled the "Aristocracy of Bos-to back in England, during what was termed the event of a failure to redeem them, said Audito back in England, during what was termed the event of a failure to redeem them, said Audio back in England, during what was termed the event of a failure to redeem them, said Audi-"Raiffiad mauia." Every body knows what for General to have authority to sell as much about two bundred aristocrats in Baston. well-the famine in Eugland, Ireland, and stock as may be necessary for the purpo e. The tland-and then came a. famine in the com- thirty-sixth section provides that the Auditor Gon- law, Mr. Chapman, President Julge, for the Jusoliand-and then came a Jamine in the com-barcial world—a revulsion which capsised eral shall set apart, semi-annually, the anount of dicial District of Delaware and Chester, rendered with Value Raul Road, interest that the stock so deposited would have vacant by the elevation of Bell and the rejection will the demand was good alread it was good been otherwise entitled to receive, and shall from Little Schull Value Raul Carbon. do many of the principal firms on the continent. ile the demand was good abroad it was good been otherwise entitled to receive, and sha'l from the said monies, form a Sinking Fund for the ulome, because the duty rises from the mininome, because the duty rises from the mini- the said monies, form a Sinking Fund for the ul-m three dollars per ton on the increase of timate redemption of the State debt. This fund Berks county, is a decided Taylor man. He is thus securing us ; -but when the demand shall, for the period of ten years, be semi-annually oud falls, our duties fall three dollars below invested in the purchase of the State Stock, and of Reading. um [instead of remaining stationary,] at the end of the said ten years, the indebtedness the consequence is, that our manufacturers thus held by the Commonwealth, shall be cancel-driven out of the market at the rate of (on led by the Auditor General, in the State Treasu-Iread iron) from \$1 to \$3 per ton ! Thus, our ry. This Bill, we repeat, is one not only of an ies rise with the rise of prices, and fall with important, but of a highly comprehensive charace ng prices-where the most protection is er. It is intended, in the first place, to authorize led, none whatever is given; and where none the formation of manufacturing and mining com. Clay, on outside pages. The former are both tover is wanted, any quantity of it is given. panies; in the second, to increase the volume of Irishmen, — one of them a locofoco, and the other peaking of the necessity which has compelled paper currency ; and in the third, to create a Sin. a whig. y of our manufacturers to suspend business, king Fund for the gradual but ultimate payment address (which is signed by some fifty of the st respectable firms in this State-see are the state Debt. Sement in another column.) says:

Their late customers, the railroad companies. The Locofuco State Convention, for the non ich brought them into existence, finding they ination of a candidate for Presidency, the appoint ment of Delegates to the Baltimore Convention purchase foreign iron cheaper than the Aican, naturally looking to their own inte- and the selection of an Electorial Ticket for Pres ste, have abandoned them; and it is known ident and Vice President, met at Herrisburg, on orders for English Rails, to the value of 000,000, are now gone abroad from the East-

States alone. several Secreturies. The vote on the resolution In view of this condition of things, and to nominating a candidate for President of the Unisuch measures as may be practicable for ted States, whom the delegates were to support ting the further injury which threatens them, on manufacturers and miners of Rennsylare summoned to meet in Convention at sburg, on the twenty-second day of March considerable discussion, of an animated character, on the Western waters.

THE FOREIGN NEWS. he steamship Brittannia arrived on Monday

and her commercial news has considerable tance. Affairs in Europe were assuming ir former position; failures had ceased; mo was abundant, and the state of affairs in the facturing Districts much improved. A ther decline in the prices of Breadstuffs has rred, and as an almost invariable conse nominated as a candidate for Canal Commi sioner nce. Cotton has advanced considerably. The k of Breadstuffs in Europe, and which is now on the third ballot.

ag thrown hito Market is represented es quite ient to satisfy the demand. We believe a further decline may be anticipated in the sist the next steamers; or, at least, the exof the stock on hand will be more clearly ined. If it shall prove to be sufficient, as o doubt will, our prediction, made several ks age, will hold good, viz. that flour would command over \$5 per bbl. in our domestic cets, in April next. What a contrast is furand even in the present rates, with the prices ided at this time last year ? But the and we regret that we cannot find the necessary commanded at this time last year? But the here prices last year, according to the Locofocos, where occasioned by the Tariff of '46-the' low press, this year, must therefore have been brought about by some mysterious and, perhaps, ght about by some mysterious and, perhaps, ountable agency; probably an extraord failure of the crops, and scarcity of provis--or perhaps by famine !- It cortainly can e attributed to Mr. Walker's "admirable" lication. -it would be a singular Tariff, indeed,

would rate a bbl. of four to-day at \$12 and row at \$5! the Square Root. BOHUYLBILL NAVIGATION. ar announcement last week, of the faci water had been admitted into the Canal een Fort Carbon and Althouse's, we have ienced a spell of cold, blustering weather, large bodies of ice have been formed from accumulations of snow and rain. This, of

se, will retard navigation for some timecast until a favorable change of weather shall ir. At the time of our going to press, no mptoms are visible. of advertigements.
