TRAVELLING BOARDING SCHOOLS.

The summer session of many of the Boarding Schools usually commences sometime during the influence over the policy of the said Company. present month. We were reminded of this the other day, in witnessing the interesting ceremony of leave-taking of a party of girls and boys; while it gave rise to a few suggestions which we shall here take the liberty to throw out. The health, of students has ever been a source of the strictes watchfulness on the part of those to whom their education is confided; but we believe that 20 sysed, within our observation and knowledge; which ment difficulties such as is here spoken of, and has been found to subserve this important consideration. The fact cannot be disguised, that near ought to be severely rebuked. ly every student upon his return from the Academy, is ghastly pale, weak, and effeminate; and cad resined constitution are too palpable. Boarding School Misses return to their "anxious" mammas of extremely tender and delicate, that a day's from the fact that less than half his property was honest service in the kitchen would effectually demolish them! And their learning—what is it! conveyed by deed a still larger sum. The whole opposite sex, who instead of being able to apply their so-called learning to the every-day purposes.
