DR MELANE S VERMIFUCE

A MEDICINE which is perfectly safe, and may be giv en to children, from tender infancy to advance are, lays under no restraint as to cold water, or any kind of food. Purges mildly, subduing fever,--destroy and expels worms with invariable success- and is easi

administered to children. "" That it possesses these valuable properties, is fear ssly asserted-still claiming the additional advantage lessly asserties, succe valuate properties, is fear-lessly assertie-still claiming the additional advantages of being given in small bulk, and requiring none of the drenching which Worm Tea and other suppored Verni-fuges demand. During its billiant career, it has been introduced into many families, where very other known and accessible Vernifuge has been tried without the least success, where it has promptly excelled Worms to an almost incredible amount.

The accessive controloge use feel tired without the feast success, where it has promptly expelled Worms to an almost incredible amount. As exidence of the surprising effects of Dr. M'Lawe's WORM SPECIFIC, we give the following;— On Saturday, Feinrury 7th, 1846, Mr. James Richard-son called at the Drug Store of J. Kild & Co. corner of Wood and Fourth streets, Pittsburg, Fa. and made the following statement:—"A child of mine had been very sick for some ten days—we bad given her purga-tive meditines, but it had done her no good. One of our neighbours came in and said it was Worms that were destroying the child, and at the same time spoke of the wonderful effects she had witnessed from using Dr. ArLawe's Worm Spreifs, in that neighborhood. We produced svial—gave own ten-spooful, and the child discharged forty tes sorms. Then gave another ten-spoonful, which, brought forty-site more, making in all erghing-tight Worms. As study I ove to you, and the community at large, while the Worms alive, in about four hours neight with by John S. C. Martin, & John G. Brown Draggists. Draw Draw Draw Draw Draw

you turn green sward for planting the ba will succeed in rotting the furrow. We at times induced to turn earlier than we would lest the work should be too much com WE have always been averse, and have beretofore, avoided appearing before the public in any but strictly merchantile advertisements. Nelfdefence com-pels us, in the present instance, to depart from our rule to obviate in some mercaure, frequent migrepresentation

pele us, in the present instance, to depart from our rule to obviate in some mesance, frequent mirrepresentation Tea Company." No. 34, (late No. 30,) South Second street, commenced business in the spring of 155. The reputation they have obtained has within the party car, giv-mark of the same 'name, causing much (doubt in the public mind as to which is the origunal Company. We have no wish or intention to take [to ourselves any credit which is due to others ; neither are we dis-posed by longer allence, to have the credit due to us appropriated by others; or assume censure when not descred. Therefore we particularly request our old friends-merchants in the interior, and the public generally-to recollect that this Company has but one carekouse; that all uses packed by them have No. 34, South Second street on the labels; and that so other feas are theirs, liet them be sold under what name they may. We shave no wish or what name they may. Merchants and nones but the best teas, guaranteed to give sang street on the labels; and that so other feas are theirs, liet them best due to the teas use theirs, istaction, from the bast teas, guaranteed to give sang isfaction, from the same and ways be obtained of the aubscriber, sole agent for the proferos in Schwilki coury. JANE BERINYMAN. Patisville, Jan29 1848-5-4m CLAY ON SANDY SOILS .- The m the committee on farms for the. Hardod Agricultural Society, states that Mr. Geop stead, of East Hartford, has greatly in picece of sandy land, which formerly p very scanty crops, by mixing with it at clayey nature. He is confident it has m him for the expense. The same report Mr. Olmstend has practiced culturating in on the same ground at the same time, with

on the same ground at the same time, will tage." He plants, on early soil, postore a four feet apart; and after hooing two a times, he plants an early variety of con x the two rows. He believes that by this ground yields him a much greater profitte planted with but one crop.

SCALDING MILK .--- In Devonshin land, where dairying is extensively practic milk intended for the churn, or for chees r ed as soon as it comes from the cow. cess obviates most effectually the nateri dency of the milk to sour in warm wester when intended for butter making, see

The East India Tea Company, IIAVING OPENED A TEA WAREHOUSE, No. 122, North Third street, mezi door to Old Retierdam Hotel, No. 123, North Third street, next door to Old Rotterdam Hold, PHILADELPHIA. FOR the disposal of their choice GREEN AND RELACK TEAN, of the latest importations, would every respectfully invite a call from country merchants and others visuing our city. Our teas are or the thest quality, and very fagrant, tha ring been aelect-ed with the greatest care and at unusual low prices. For the country trade they will be packed in nganter, half, or pound packages, if preferred; thus furnishing two javkantages; Ist no loss in draught. 24 anasort ment of trass for a very small amount of capital. The latter particularity is original increases the cast of our terr, half, or pound packages, if preferred; thus furnishing two javkantages; Ist no loss in draught. 24 anasort ment of trass for a very small amount of capital. The latter particularity is original increases the cost of our terr, hence the present course of circular letter; to the trade instead of travelling agents, a practice pursued by some of our coremposities, at very great spensa. These Agents must be paid whether they make sales or not. With the advantage we possessor for courner Teas, and a close application to business, to asy mothing of atten-ding to one own business, and not arritisting at to callets much utilmately insure u- a share of your custom. Jan.-2-1y. advantage of sweet milk for family use, cream is removed. -

To DESTROY SORREL -- Manu early : plow deep, early : harrow well : 1 3 or 4 feet each way ; pass the cultivate every ten days, till the middle of summit, sow 12 lbs. of clover seed per acre, and pe cultivator again. Clover will take the

CURF FOR FOUNDER .- Dr. Thom-irginia, a great breeder of horsee, any Virginia, a great breeder of horses, says is may be cure i, and the horses fit for sent next day, by giving them a table spor alum. This is certainly an casy and chesp? getting rid of that troublesome main

A GOOD RULE -- Let every farmer? t as a rule never to attempt to collivate and han he can cultivate well. than he can cultivate well.

Moss on Fruit Trees, my moved he seapsuds, thin whitewash et i ture of cow-duing united ad supports.
