By this Bill, the Miners' Journal will be received free of pestage by all subscribdrs in Schuylkill County, or at all post offices within thirty miles of Pottsville! All other newspapers, or those published out of the county, will, he now, he subject to postage—thus making a difference of fifty-two cents between this ournal and those published elsewhere! The Presidential contest will present many things of vital importance to the people, and every body should have an honest, matter-of-fact newspaper. The Miners' Jearnal, as every body sees and knows, is "A. No. 1" among its contemporaries : contains more read ing matter; more important business-advertisements; more literary matter suitable for the family circle; and tells more of the world we live in, in general terms, than any country newspaper in the United States! Yet the terms of subscription are very low, as may be seen by examining them on the first page.

SATURDAY MORNING, JULY 15, 1848. PLATFORM ERECTED BY THE PEOPLE.

GENERAL ZACHARY TAYLOR. MILLARD FILLMORE.

Gen. Taylor, in his letter to Capt. Allison, of Virginia under date of "Baton Rogue, April 22nd, 1818," in an

under date of "Bates Rogue, April 22nd, 1818," in answer to several queries—replies:

First—I reiterate what I have often said—I am a
Whig. If elected I would not be a mere President of
a party. I would endeavor to act independent of party
domination. I should feel bound to administer the
Government untrammelled by party schemes.

Indeed, I have thought that, for many years past, the known opinions and wishes of the Executive have exercised undue and injurious influ-ence upon the legislature department of the Govern-ment; and for this cause I have thought our system was in dainer of undergoing a great change from its ment; and for this cause I have thought our system was in disper of undergoing a great change from its drue theory. The personal opinions of the individual who may happen to occupy the Executive chief, ought not to control the action of Congress upon questions of domestic policy; nor ought his objections to be interposed where questions of constitutional power have been settled by the various departments of Covernment

Third—Upon the subject of the tariff, the currency, the improvement of our great highways, rivers, lakes and harbors, the will of the people, as expressed through their representatives in Congress, ought to be respected and carrier out by the Executive. Millard Fillmore was in Congress in 184d, and was one of the able advocates of the Tariff passed in 1842—and also yoted for the distribution of the Land Foud.

LOCOFOCO PLATFORM ERECTED BY THE "SPOILS PARTY." For President, GENERAL LEWIS CASS. For Vice President, GENERAL Wm. O. BUTLER.

The Creed of the Party. Resolution passed by the Baltimore Convent

Resolution passed by the Baltimore Convention, which nominated the above candidates:

Resolved, That the fruits of the great political triumph of 1844, which elected James K. Polk and Geo. M. Dallas President and Vice President of the United States, have fulfilled the hopes of the Democracy of the Union in defeating the declared purposes of their opponents to create a National Bank, in preventing the corrupt and unconstitutional distribution of the land proceeds, from the common treasury of the Union, for local purposes, in protecting the currency and the labor of the country from ruinous fluctuations, and guarding the money of the people for the use of the people, by the establishment of the constitutional Treasury; in the soble impulse given to the cause of FREE TRADE, by the repealed the Tariff of 1842, and the creation of the more equal, honest and productive Tariff of 1846; and that, in our opinion, it would be a fatal error to weaken the hands of political organization by which these great reforms have been achieved, &c.

That is, he will veto any bill that passes Congress, t'at may not be it accordance with their principles.

The Locofoco County meeting, held at Orwigsburg on Monday, June 5th, 1813, (in which Judges Palmer and Frailey, and E. O. GEN. TAYLOR-THE CONVENTION. The arrival of the old veteran in New Orleans, The 30th ult., elicits from the papers of that city various notices. The Picayune says; He will remain in town a few days to meet some his old friends returning from Mexico. We learn that

General Taylor had not yet received from Gov. More-head, Prosident of the National Whig Convention, an offical notification of his nomination to the Presidency by that body. This accounts for the ron-appearance f his acceptance of the nomination. The General is in excellent health, and looks as thou the din of preparation for the approaching canvais die not cause him the loss of an hour's rest.

The Bulletin savs :

Gen. Taylor, we learn, has not yet received official notice of his nomination by the Philadelphia Conver tion, but is in daily expectation of a letter from M. Morehead, the President of that body. His visit, we anderstand, is on official business, connected with the return of the army from Mexico, he having been recent ly appointed to the command of this military district.

LETTER FROM GEN. TAYLOR. A friend and relative of Gen. Taylor has shown

permitted to make the following extract: It appears I was nowinated by the Whig National Convention which met in Philadelphia on the 7th of the present month, as their candidate to the Presidency at the coming election. I can truly say it is not a matter of exultation, however much I may feel gratified at the | ical meeting who is not known personally or by body as that Convention. They will, in all probability, reach us by Tuesday or Wednes day next-being now on their way to Philadelphia from Pittaburg. James H. Campbell, Esq., has been selected to

deliver an address to the Volunteers, on behalf of this County. LP Thaddeus Stevens, the distinguished law-

AT THEIR OLD TRICKS!

The editor of the Millonian was told a few days ago by an honest-hearted old German, with the deepost eincerity imaginable, the astounding news than Gen. Taylor was fifteen miles from the battle field, when the brilliant engagement of Buena Vista was so nobly concluded. He had seen it as he alledged, in the Reading Adler, familiarly known as the Berks County Bible !-

SPEECH FROM GEN. TAYLOR. 'At New Orleans, on the 3d inst., a ceremony

of a most interesting character took place at the St. Charles Hotel. It was the presentation of the gold medal ordered by the State of Louisiana as a gift to Major Gen. Zachary Taylor. The medal was presented by Levi Pierce, Esq.,

chairman of the committee appointed for that purpose, who made an appropriate address to the Ge-

The General responded as follows: Gentlemen :-- I receive the beautiful gift of Louisiana which you offer me in her name, with sentiments of profound gratitude and love.

It was her pleasure to have voted me on a former o casion a magnificant sword, in a manner most flattering to a soldier's feelings. I was, gentlemen, even then overpaid by that memorial of her kindness, and felt how much'l owed to my position in the army for honors which perhaps more properly should go to the untitled But a rich gift like that was not enough for Louisi-

And here, for the victory won by my brave soldiers at Buena Vista, she gives me this enduring memo rial of her affection and her kindness. It is true there were high and gallant deeds done on the heights of Buena Vista, and noble and precious blood drenched the parched earth and stained for many blood drenched the parched earth and stained for many a long step list craggy borders; but, gentlemen, of the glory won then I have never claimed more than a soldier's share. The honor to lead in the fight was a high one, and that I faltered not in this duty in this watchful and responsible place, was enough to satisfy my ambition. Duty was the star of my attraction, and to do it would bring at all times all my strength to prostrate opposing barriers. In performing this duty a small portion of glory has fallen on the army under my command—then let lives that on me. Other men, with an equal heart and purpose, doubtless could have done as well as I. My comirades in many battles since have testified to this by their skill and courage, and they like

TO MOTHERS AND MARRIED LADIES:
This extract of Barsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "Tae tars of Lyfe," should neglect to take li, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for saveral years by using this medicine. Nor is it less waluable for those who are approaching womanhood, as it calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject. GREAT BLESSING TO MOTHERS AND

It is the safest and most effectual medicine for parifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and discase, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents discases attendant upon childbirth—in Costiveness, Piles, Cramps, Swelling of the Feet, Despondency, Hearthurn, Vomiting, Pain in the Back and Loins, Paise Pains, Hemorrhage, and in regulating the Greetions and countiing, rain in the Back and Loins, False Pains, He-morrhage, and in regulating the secretions and equuli-zing the circulation it has no equal. THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA.

If there is power in medicine to remove and cure disease, this one will rapidly and effectually sesure a restoration to health.

From all parts of the country testimony continues to pour in of its unequalled and salutary power over Polmonary, Throat and Pectoral diseases.

A recent letter from Hendershott & Co., an old and highly respectable firm in Nashville, Tenn., states:

"That the Compound Syrup of Tar said Wood Naptha gives universal satisfaction,"—more so than any medicine they have ever sold.

Read the following from Dr. Young, the eminent oculist:
