I have seen two Affidavits published in the pany with Mr. Sullivan, of Philadelphia. Both made highly interesting and able speeches, went to bed, slept till morning, and then departed in the 7 o'clock train, for Philadelphia. We do not the Democratic ticket. Mr. Douty gave to state that it is false, every person knows it to be more than the part of the secure they should be so—and the writer knew it also, when he penned the misser of days and week's, which increased the misser of days and week's, which increased the state that it is false, every person knows it to be misser of days and week's, which increased the state that it is false, every person knows it to be misser of the writer knew it also, when he penned the misser of days and week's, which increased the state that it is false, every person knows it to be misser of the writer knew it also, when he penned it. "His (Cass") election brings with it no fears in any quarter. No portion of our wide extended Union can say, he is our enemy—no State can infer rigustice from his past acts, but in every part, from the extreme East and North, to the extreme West and South, the past life of Lewis Cass will be taken as a guaranty that he is governed by no sectional feelings."

As though the lower region had run together and eersamed, in one united voice, such was the yell of enthusiastic delight than two come with one accord from the capecious carrens of a thousand mouths! The remark however is impotent that Gen. Taylor is apposed to Polk's Administration, and Value. lor is opposed to Polk's Administration,
