"All engaged in the Pennsylvania Coal and Iron business, as principals, as well as those directly and indirectly connected with them as laborers and suppliers of wants created by them, our observation convinces us, could line and labor more pleasantly and safely, if the duty were a little higher on the imported article. As far as all other Pennsylvania interests are concerned—including the Agricultural—they would thrive as well as they do now—and prosperity is as general as forten usually wills it. As far as Pennsylvania is concerned, we say, she should be benefitted by higher duties on these two great staples."

nclusive of the salaries, &c , of the Commissioners, \$1,072,537 64; leaving a nett balance of profit to the State of \$480,806 36. The gross receipts fall short of those of the same year, being swelled by the profit to the Protective Policy.—

Penses exceed those of the same year, being swelled by the profit to the wounded bushould be same year, being swelled by the most dangerous, because the most insiding a sense of the Republic are those who prowl among the restoration of the Protective Policy.—

It is the only panaces by which the wounded bushould be substituted with the welfare of the country. Such men led by the sum of \$381,746 56 paid for extraordinary repairs for damages done by flood and fire

siffess of the country can be brought to a healthhonor, patriotism, and as tearing the confidence which in 1847. The tolls received on cost amounted to \$232,932 93; on iron, \$121,177 44; on flour and grain, \$78,836 62. The following is the for 1849 : Expenses, \$830,117; receipts, \$1. 700,000; leaving a nett profit of \$891,882.

California and its gold are all the go. Thors. hope our voice will not go unheeded. ands are rushing to the newly discovered Ei Dorado, where they hope to accumulate enough gold to assure them a handsome fortune. Among Ocsola: - Brevet Capt. C. W. H. Solinaky, John the House, Mr. Swartzwelder offered a resolution Jas. A. Banks, of Tamaque.

OUR COUNTRY ... THE TARIFF.

The Fegine Demand in Restorogoids in Restorogoids a specific of the Lordon Company of the Convention administered in the company of the Convention administered in the company of the Convention administered in the company of the company of the Convention administered in the company of the Convention administered in the company of the Convention administered in the convention administered and not administer the proper in the convention administered and not administer the proper in the convention administered and not administer the convention administered and not administer the proper in the convention administer to the convention administered and not administer the proper in the convention administered and not administer the proper in the convention administered and not administer the proper in the convention administer to the convention STATE TREASURER.

Gideon J. Ball, a Whig Member of the Legislature, has been elected State Treasurer. He was elected upon the fifth ballot: the vote was for Ball 66; Plumer, (Loco) 60; Grover, (Native) 5.

Mr. B. is said to be a gentleman well qualified for the post, and possessing much financial knowledge, he will doubtless make a good officer. He will enter upon the duties of his office upon the lat of May, by which ime the Legislature will probably have adjourned.

HON. HORACE GREELEY.

The reform which Mr. Groeley is trying to bring the regard to the "mileage" of Members of market; and, in the majority of cases the Manual and the majority of adespoint and consideration. And the implorate a succeed, because the greater the amount of two hands the follest and stacked is succeed as their employse acceeded in business, and the before will design the case of the public pointy that shall increase the mights todied at my handshe follest and stacked sections shall independent in the handshe follest and stacked sections of the public servant, is the main remove the majority of adespoint 20 of the public pointy that shall increase the two photocomes, the ball time and under all circumstances, the highest obligation of the public servant, is the main remove the my continue to the stackes observed in structure, in the carcines of Executive mounts and interpretation—that the might obligate the stackes possession of this soulhought which has taken possession of the sale influence of the stackes observed on the stackes observed on the my bring to be my bring to

extensive importation which is now going on will save us that trouble. This case going on the continuous three is our flour and that of the other farmer: will not the people prefer that which can be had at the least coal? Such being the case, the home ment; the raw material must remain in our mountains, and all concerned will be affected more or in consequence of the extra sum which is added the continuous transfer in consequence of the extra sum which is added the continuous transfer in consequence of the extra sum which is added the commence, from at least, unmerted whom will devolve, in a great measure the recensure.

An evil spirit is at work amongst us, against whose malign influence all should be on their goard. It is that spirit which creates a wrong where none exirts that spirit which creates a wrong where none exirts the spirit which creates a wrong where none exirts the spirit which creates a wrong where none exirts in added the commence, from at least, unmerted to consume.

SPRING GARDEN MUTUAL INSUSPRING GARDEN MUTUAL INSUHANCE CO.

THIS Company having organized according to the
provisions of its charter, is now prepared to make
insurances against loss by Free on the mutual principle,
combined with the security of a joint stock capital.—
The advantage of this system is, that efficient security
s afforded at the lowestry. as that the business can be
done for, as the whole profits (less an interest not to
exceed 6 per cent. per annum on the capital) will be returned to the members of the institution, without their
becoming responsible for any of the encagements or liabilities of the Company, further than the premiums actually paid. abilities of the company, the system has met with until paid.

The great success which this system has met with wherever it has been introduced, induces the Directors to request the attention of the public to it, confident that it requires but to be understoned to be appreciated. The set of interporation, and any explanation in researd to it, may be obtained by applying at the Ofice Northresic corser of the and Wood size, see of B. BANNAN. Forteville. CHAS. STOKES, Pres't.
