PATRIOTIC SONG FOR CALIFORNIA.

COMPOSED BY SEVEN EDITORS.

A young gentleman poetically inclined, has attempted to write a poem on the California expedition. He got to the end of four lines and there stopped:

Ye sons of freedom who would shine
In history's brightest story,
Come join with us and take the line
That leads to Californey.
New York Day Book.

There's numerous ways of getting there—
By ship, or mule, or wagon:
Then haste while life has days to spare,
And wealth has joys to brag on.
Troy Post.

And when we touch the promised land,'
We'll hasten to the 'diggins,'
And scratch away among the sand,
The biggest of the 'big uns.'
Toledo Republican.

And when we get our pockets full
Of this bright shinin' dust,
We'll travel straight for home again!
And spend it on a 'bust.'
Sandusky Clarion.

And, when we're busted up and dead,
Laid out upon the counter,
They'll raise a guide board at our head,
To tell where we're all gonter:
Scioto Gazette.

And on that board, with tears of wo,
Some friend these lines will chisel,
Ho ye who would gold hunting go,
Behold how great a 'fizzle.'
Clinton Republican.

They sought for dust, and dust they've found
When many a month they had traveled—
The gold's not up—they're under ground,
Both cold and they much graveled.
Cincinnati Chronicle.

Wit and Humor.

☞ *Coming Down.*—On Tuesday last the door of our sanctum opened, and presently our eyes fell upon a pedlar crossing the threshold, whose features and *outre* costume proclaimed him one of the much abused race. Opening a large, oblong paper box, he exposed a countless heap of spectacles, and anxiously inquired if we did not want to buy." Scarcely glancing at his wares we replied in the negative, and turned our eyes upon a heap of exchanges lying before us, innocently fancying that our reply and manner would serve as a sufficient hint to drive the travelling merchant from our presence. But we were too verdant, the Jew, like all his trafficing tribe, had not the slightest idea of taking no for an answer.

"I offer him you," he said, laying a pair of them before us, "as low ash three dollars. I musht shell a pair; I'av e'll notting to-day, an my vife and shild 'av no pred, you vill take him."

We shook our head.

"Ah, you vill not take him at three dollarsh?" Vell, then, you shall have him at two dollarsh an' seventy-five my familee 'av no pred. I must sacrifice him!"

We looked at him but were silent.

"Vell, then, if I split the difference—"

"It would make no difference. We have no use for them."

"But they are so sheap, take him for a dollar and a quarter!" he persisted, earnestly: "I cannot let my poor vife and shild die for want of pred!"

We shook our head, ominously.

Vell, then, you shall have him at a tollar, but the profit vouldn't puy me the crums of a sheese cake. Take him along, you shall 'ave him at a tollar!"

"No."

"Vell, vet you vill gif, say, quick, you shall 'av him at your own price. Seventy-fife shents?"

"No! we have already told you we do not want them!"

"Say half a tollar, I cannot let my wife and shild starve, and I'av not the first red copper to buy them pred. Take them along at half a tollar!"

We looked at the spectacles, which, certainly, were got up, not to use, but to sell, and then we bent our eyes upon the Jew.

"Now," said we taking a fifty cent piece from our pocket, and laying it temptingly on the table before him, "we'll buy those spectacles of you, if you will tell us, truly, what your profit is upon each pair."

"You gif me your vord, you will puy, if I tell you?"

"Yes."

"Then, so help me gott, if I sell him you at fifty shents, ma only profit is—*three shillings and ninepence.*—[*Phila. Sunday Dispatch.*

☞ *Splitting the Difference.*—A nice young gentleman, not a thousand miles from this, after a long and assidious courtship, found himself, one bright evening the betrothed of a pretty girl, the very pink of modesty. One night he was about to take his departure, and after lingering about the door for some time in a fidget of anxiety, declared and protested to Miss Nancy, that he could not and would not leave until she kissed him. Of course, Miss Nancy blushed beautifully red, and protested in turn, that she could not and would not do that. She knew had done such a thing, and never would until she was married—so now he had it. The altercation and debate became deeper and exciting, until the betrothed huffed outright, and declared if he couldn't kiss her, he couldn't have her—and was marching off.

She watched him to the gate, and saw the "fat was in the fire," unless something was done.

"Come back, then, said she coaxingly, "I'll split the difference with you—you may squeeze my hand!"

☞ *Showman's Speech.*—I will now introduce you, ladies and gentlemen, to the wonderful hipotymous. He is a very singular beast and requires minute attention. As John stirs him up, (stir him up, John,) you will perceive that he kicks with his hind legs, which he does because it is his nature. He is apt to do it in the water to relieve his legs of the heiers, and to go ahead in the same way. The hipotymous eats little or nothing to those of his kind, because he is not a very observing animal and has not much to say. He is quiet and modest and thinks more than he speaks. When the water is too damp, he lies down in the mud and rushes, and makes himself quite comfortable. He seldom fights, which proves him to be amiable, for he is brave and strong. This is partly owing to his being a strict Grahamite. He eats nothing but vegetables and grain, but he eats every grain he can get. I do not consider the hipotymous an enterprising animal; but I think on the whole he enjoys a very good beastly character. Stir up his fore legs, John.—[*Boston Museum.*

☞ *A Bad Look.*—"Is that the prisoner?" said one spectator to another, during a trial for manslaughter.

"Yes," was the reply.

"Ah! indeed! What a dreadful bad look he has, especially about the eyes! But who is that respectable looking young man at his side, in the green vest."

"In the green vest! Why *that* is the prisoner himself. The other man is his lawyer."

"Well, now I do begin to see that the fellow in the green vest don't look so respectable after all.—Indeed, he has just the air of an old offender."

☞ *Did you present* your account to the defendant?" enquired a lawyer of his client.

"I did your honor."

"And what did he say?"

"He told me to go to the devil."

"And what did you do then?"

"Why, then I came to you."

☞ *"Vot you makes dar?"* inquired a Dutchman of his daughter, who was being kissed by her sweetheart very clamorously.

"O, not much—just courting a little."

"Dat's all, eh! py tam I taught you vas vighting"

☞ *Qualified Abuse.*—"I wish to know, sir, if you called me an ass?"

"Yes sir, but I qualified it."

"Aha! sir, you qualified it did you? The better for you, sir; and pray how did you qualify it?"

"I said you were an ass—all but the ears."

☞ *A Satisfaction.*—Well, Pat, Jim didn't quite kill you with that brickbat, did he?"

"No, but I wish he had."

"What for?"

"So I could a seen him hung, the villain."

☞ *An Exchange*, in a puff of a mercantile firm, says, that, "they are determined to *sell* their goods, if they have to *give* them away."

☞ *I am no judge of Lard,"* was the reply of a magistrate, when called upon to try a very fat woman.

A GOOD MEDICINE.—We have used Dr. Swayne's Compound Syrup of Wild Cherry for a number of years and always with the happiest effect.—*Fitzgerald, Ed. City Item.*

Having fairly tested the virtues of Dr. Swayne's Wild Cherry, we feel ourselves bound to record our testimony in its behalf, as a most valuable and efficacious medicine.—*Editors of Balt. Chipper.*

MORE NEWS FOR THE SICK.
AFFLICTED READ.

A VOICE FROM SCHUYLKILL CO.
PLEASE READ THIS EXTRAORDINARY CURE.

DR. SWAYNE—Dear Sir—About six years ago, I discovered that my lungs were affected, of which I became more convinced from time to time, although I tried many remedies, yet without any apparent benefit, and my disease increased until I was compelled to keep my room, and at last my bed. I had great pain in my left side, upon which I could not lay in bed, and in the morning my cough was so severe that I found it very painful to throw up the phlem which gathered in great quantities on my lungs, when fortunately I bought of your agent, in this place, one bottle of your Compound Syrup of Wild Cherry, which so much relieved me that I continued using it until now. I have used six bottles, and am happy to tell you that my pains are removed, my strength returned, my sleep is undisturbed and sweet, and I feel perfectly well. I can now follow my daily avocation without being afflicted with that painful hacking, weakening cough, and I firmly believe that to your medicine, under the blessings of Providence, I am indebted for this great change, and am very happy to subscribe myself,

WILLIAM BEAUMONT.
St. Clair, Schuylkill County, Pa., Jan. 29, 1849.

ANOTHER FROM OLD MONTGOMERY.
STILL ANOTHER WONDERFUL CURE!

READ THIS EXTRAORDINARY CASE.

DR. SWAYNE—Dear Sir—Having contracted a severe cold, which settled upon my lungs, attended with a violent cough, pain in my side and breast, difficulty of breathing, I was attended by physicians of the first respectability, but my symptoms became very alarming, there was an abscess formed in my lungs and made its way through my side, and discharged large quantities of pus externally, so much so that my power or functions of one of my lungs were totally destroyed—therefore supposed the case entirely hopeless. This mournful state of things continued for a long time, until I was wasted and worn to a skeleton. I had tried a number of remedies, but all failed to do any good. But there still being a spark of hope left for me and my constant parents, I was hearing heard of the great virtues of your Compound Syrup of Wild Cherry, and its being approved of by physicians of the first eminence, I concluded to make trial of it, and to my great satisfaction, my cough gradually grew better, the hole in my side began to heal, and I am now happy to say, from almost an almost hopeless skeleton, I have become healthy and weigh more than I ever have. All my neighbors can testify to the above fact. ABRAHAM HUNSICKER,
2 miles from Skippackville, Skippack tp. Pa.

Such is the unprecedented success of Dr. Swayne's Compound Syrup of Wild Cherry. We are constantly receiving letters from Physicians and our Agents, from all parts of the United States, informing us of extraordinary cures.

The El Dorado of California or Peru may yield Fortunes to Thousands—But what are Millions without Health?

DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.
TWO NEW CERTIFICATES.

MEDFORD, N. J. Dec. 6th, 1848.

DR. H. SWAYNE—Dear Sir:—This is to certify, that during the fall and winter of 1846, I was troubled with a very severe cold and cough, with strong symptoms of the sadness; I was induced to try your Compound Syrup of Wild Cherry, of which your benefit entirely cured me, and I would strongly recommend it to others for similar affections.

STACY KIRKBRIDGE
ANOTHER SEVERE CASE OF ASTHMA.
PHILADA. Dec. 12th, 1848.

DR. SWAYNE—Dear Sir—I cheerfully add my testimony in favor of your valuable Compound Syrup of Wild Cherry, which I conceive to be truly the wonder and blessing of the age. For the last four years I have been afflicted with the asthma. Sleep had become a perfect terror to me; night after night would I have to sit up in my bed. I was attended by four or five different physicians, also having used various patent medicines, but all of no avail. I was induced to purchase a bottle of your Compound Syrup of Wild Cherry, and before I got it half gone, found I was relieved. I continued the use of your valuable compound Syrup of Wild Cherry, which afforded me instant relief. After using several bottles I was restored to perfect health. Yours with respect,

SARAH B. EVANS.

Any information respecting the above case will be freely given by her husband,

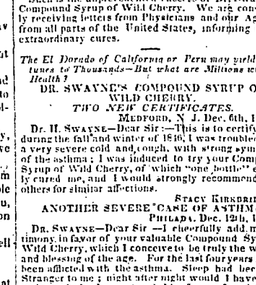
HAMPTON W. EVANS,
Carpenter, corner of Eighth and Paris sts.

Thousands of persons are destroying their constitutions by neglecting to apply a proper remedy. Rely not upon simple catchpenny articles, which relieve for the moment, but eventually accelerate the disease. Resort at once to that old established remedy, Dr. Swayne a Compound Syrup of Wild Cherry, so celebrated throughout the whole world as an effectual remedy for all diseases of the Throat, Lungs, and Breast.

IMPORTANT CAUTION—READ! READ!

There is but one genuine preparation of Wild Cherry, and that is Dr. Swayne's, the first ever offered to the public, which has been sold largely throughout the United States and some parts of Europe; and all preparations called by the name of Wild Cherry, have been put out since the, under cover of some deceptive circumstances, in order to give currency to their sales. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of Wm. Penn thereon; also, Dr. Swayne's signature, and as a further security, the portrait of Dr. Swayne will be added hereafter, so as to distinguish his preparations from all others.

Principal Office, EIGHTH and RACE sts.



Swayne's Celebrated Vermifuge.

"A safe and effectual remedy for Worms, Dyspepsia, Cholera Morbus, sickly or Dyspeptic children or adults, and the most useful Family Medicine ever offered to the public."

THIS REMEDY is one which have proved successful for a long time, and it universally acknowledged by all who have tried it to be *far superior* (being so very pleasant to the taste at the same time effectual) to any other medicine ever employed in diseases for which it is recommended. It not only destroys worms, but it invigorates the whole system. It is harmless in its effects, and the health of the patient is always improved by its use even when no worms are discovered. Dr. SWAYNE'S VERMIFUGE has met with a degree of favor from the public, which has perhaps never before been attended to any medicine. It needs no recommendation where ever it is known. To the fond mother, bending in sleepless anxiety over her wasting child, it will carry relief, joy, and thankfulness; to all who are afflicted from the diseases for which it is prepared, it offers a speedy restoration to health.

BEWARE OF IMPOSITION.—Swayne's Vermifuge is the only one that has not recently changed its proprietorship, also to pack to a better advantage) with the following words blown in the glass: Dr. H. Swayne's Vermifuge, Philada., also enveloped in a beautiful wrapper with the signature of Dr. Swayne, with his portrait on each side of the bottle without which none is genuine. This article is so pleasant to the taste that both children and adults are universally fond of it.

Dr. SWAYNE'S SARSAPARILLA AND EXTRACT TAR PILLS—The great American Purifier—for the removal and permanent cure of all diseases arising from an impure state of the blood or habit of the system.

Let it be remembered, that in this preparation are strongly concentrated all the medical properties of Sarsaparilla and Extract of Tar compounded with other valuable "Vegetable Extracts," the whole strength of which is extracted on an entirely new principle. Unlike all other Pills, these neither ipripe, produce nausea or any other unpleasant sensation, while they are as powerful as it is possible for a medicine to be, and be harmless. It purifies, cleanses, and strengthens the fountain springs of life; and infuses new vigor throughout the whole human frame.

☞ Remember always to inquire particularly for Dr. SWAYNE'S SARSAPARILLA AND EXTRACT TAR PILLS. See that the Signature of Dr. SWAYNE is on each Box.

The above valuable medicines are prepared only by Dr. H. Swayne, corner of 8th and Race streets, Phila., to whom all orders should be addressed.

Caution Extra.

A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr Townsend's Sarsaparilla, denominating it GENUINE Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is no. This is to caution the public not to be deceived, and purchase none but the Genuine Original Old Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms.

OLD DOCTOR JACOB TOWNSEND,
THE ORIGINAL DISCOVERER OF THE
Genuine Townsend Sarsaparilla!

OLD Dr. Townsend is now about 70 years of age, and has long been known as the author and discoverer of the Genuine Original "Townsend Sarsaparilla." Being poor, he was compelled to have it manufactured, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

HEALING POWER.

Knowing, *many years ago*, that he had, by his skill, science, and experience, devised an article which would be of incalculable advantage to mankind, when once known and extensively used, he hoped and persevered, expecting the time to arrive when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied: this GRAND AND UNEQUALLED PREPARATION.

Is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Let every man rise throughout the land, that Old Dr. Jacob Townsend is now manufacturing the *real* "Townsend Sarsaparilla," which *never sours, never ferments*, and *never changes its character.*

From this day forth the people shall have the *Pure Genuine Townsend Sarsaparilla*, which shall never sour in the bottle, or in the stomach, and it shall yet banish from the land all Fermenting, Souring, Exploding, Vinegary Sarsaparillas, now in use. A good Sarsaparilla, pure and genuine, ought to live; a pure souring, slip-slop Sarsaparilla ought to droop and die.

The Old Dr's. Sarsaparilla will keep pure and perfect 100 years.

Unlike young S. P. Townsend's it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of chemistry, and the latest discoveries of the Art have all been brought into requisition in the manufacture of the OLD DR'S. SARSAPARILLA. The Sarsaparilla root, it is well known to medical men, contains many active and valuable, and some properties which are inert or useless, and others, which, if retained in preparing it for use, produce *fermentation* and *decay*, which is injurious to the patient. Some of the properties of Sarsaparilla are *volatile*, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in the manufacture. Moreover, these *volatile principles*, which go off in vapor, or as an exhalation, under heat, are *the very essence of medical properties* of the root, which give to it all its value.

Any person can boil or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root than from anything else; they can then strain this insipid or vapid liquid, and with sour molasses, and then call it "Sarsaparilla Extract or Syrup." But such is not the article known as the GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

E. BARTON, Secretary.

And for sale by J. S. C. Martin, Pottsville; J. W. Gibbs, Minersville; E. J. Fry, Tamaqua; John Clay, Tuscarora; John Williams, Middleport; Robert Butler, Spring Vale. [Aug19'48-J1-1y] Novll

SILENCE!

That dreadful Cough! The Lungs are in danger!
The work of the destroyer hath begun!
The cough of Consumption hath in it a sound of Death!

ARE you a mother? Your darling child, your idol and your only joy. Is now, and has been for days, confined to the chamber by a dry, hoarse cough—its pale cheeks, her thin shrunken fingers, tell the bold disease, has already gained upon her—the sound of her sepulchral cough distresses your soul.

Young man, when just about to enter life, disease sends a heart-crushing blight over the fair prospects of the future—your betrothed counts the feeble little tell of your loss of hope, but you need not despair. There is a balm which will heal the wounded lungs, it is

SHERMAN'S ALL-HEALING BALSAM.

Mrs. ANN BREE, the wife of Wm. H. Bree, writer, was given up by Dr. Sewall of Washington, Drs. Roe and McClellan of Philadelphia, and Dr. Mott of New York. Her friends all thought she must die. She had every appearance of being in consumption, and was so pronounced by her physicians—SHERMAN'S Balsam was given and it cured her.

Rev. THOMAS JONES, 108, Eighth avenue, was cured of cough and catarrhal affection of 50 years standing. The first dose gave him more relief than all the other medicine he had ever taken. Dr. L. J. Hall, 19, D-lancy street, gave it to a sick child of his who was labouring under Consumption, and to another sorely afflicted with the Asthma. In both cases its effect was immediate, and soon restored them to comfortable health.

DR. SHERMAN'S COUGH LOZENGES

Cure the most obstinate cases of a cough in a few hours. They have cured a large number of persons who have been given up by their physicians and friends, and many who have been reduced to the verge of the grave by protracted, distressing coughs, have been by their use have had the rose of health restored to their haggard cheek, and now live to speak forth the praises of this great and unequalled remedy.

DR. SHERMAN'S WORM LOZENGES

Have been proved in more than 400,000 cases to be infallible, in fact the only certain worm destroying medicine ever discovered. They can be eaten by children when they cannot be forced to take any other medicine, and the benefit derived from the administration of medicine is beyond the power of description. When the breath of the child becomes offensive, and there is picking of the nose, headache, drowsiness, starting during sleep, disturbed dreams, awaking with fright and screaming, tossing from side to side, restlessness, thirst, voracious appetite, sickness of the stomach, and bloated stomach—these are among the many symptoms which indicate worms, which are relieved by these incomparable Lozenges. They have never been known to fail.

DR. SHERMAN'S CAMPHOR LOZENGES

Relieve headache, nervous sick headache, palpitation of the heart and sickness in a very few minutes.—They cure lowness of spirits, despondency, faintness, colic, cramps, internal pain, and all disorders of the bowel complaints—they keep up the spirits, dispel all the distressing symptoms of a night of dissipation, and enable a person to undergo great mental or bodily toil.

DR. SHERMAN'S POOR MAN'S PLASTER

Is acknowledged by all who have ever used it to be the best strengthening plaster in the world, and a severe remedy for all the blood, or deranged circulations, and nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell, and *infinitely worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND!

And yet he would fain have it understood that Old Dr. Jacob Townsend's *Genuine Original Sarsaparilla*, is an IMITATION of his inferior preparation!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article! and which would bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's Fermenting Compound. We wish it understood, because it is the *absolute truth*, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are *heaven-wide apart* and *infinitely dissimilar!* that they are unlike in every particular, having not one single thing in common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues used in preparing it, and which are incapable of changes which might render them the agents of disease instead of health?

But what else should be expected from one who knows nothing consistently of medicine or disease? It requires a person of some experience, to cook and serve up even a common decent meal, how much more important is it that the person who manufactures medicine, designed for weak stomachs and enfeebled systems, should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases!

It is hardly safe to think, and to know how cruelly the afflicted are imposed upon by presumptuous men for the sake of money! Fortunes made out of the agonies of the sick! and no equivalent rendered the despairing sufferer!

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and relieve the untimely grave, that Old Dr. Jacob Townsend has sought and found the opportunity and means to bring his Grand Universal Remedy within the reach of all, that the simple knowledge of all who need it, that they may learn and know, by joyful experience, its

TRANSCENDENT POWER TO HEAL.

And thus be led to the unpurchasable satisfaction of having raised thousands and millions from the bed of sickness and despondency to hope, health, and a long life of vigor and usefulness to themselves, their families and friends

Agents for this County, John G. Brown, Pottsville; James B. Falls, and J. W. Gibbs, Minersville; E. J. Fry, Tamaqua.

PURIFY THE BLOOD!

DR. KEELER'S PANACEA,

FOR the removal and permanent cure of all diseases arising from an impure state of the blood and habit of the body, viz.:

Chronic diseases of the chest, Bronchitis, Pleurisy, Catarrh, etc.; Scrofula in all its forms, Tetter, Scald-Head, Cutaneous eruptions of the head, face, body, and extremities, Chronic diseases of the Liver, Stomach, and Bowels, Chronic Rheumatism, Chronic Enlargement of the Joints and Ligaments, White Swellings, Hip Joint affections, Abscess, Ulcers, Syphilitic disorders, mercurial and hereditary predispositions, etc., etc.

Disease is not an element of our nature. The allwise Creator ordained man a perfect being in all the social relations of life. Happiness is the measured value of his existence, both in relation to himself and all around him. How many fall short of this profession, yet how easy to be obtained. Did we respect health as much as we dread disease when it enters our firesides, our attachments like the sands of the hour glass would not so soon run out. Oh, ye! who are basking in the sunshine, guard well this jewel!—ye, who have lost the prize, loose not a moment in regaining it. Procrastination is a thief to our happiness; remember that every hour that fleets our cheeks carries an element of disease. In every breath that we draw, in every step that we take, in every particle of food that we eat, or glass we drink, there is danger. "Every bane has its antidote," and when the stream becomes impure at its fount—when the blood, coursing our veins, becomes tainted with disease, the Panacea is the only sovereign remedy. Thousands have been completely cured, so that their experience should act as a warning to those who are said to have the consumption not to despair, but go on. The Panacea will be found to afford great relief, even when a cure is said to be impossible.

Before making use of an Expectorant, it would be as well to examine the *Urula*, commonly termed *Palate*, to see if it is not swollen or elongated. In such cases an expectorant is useless.

Hacking cough and a continual disposition to swallow is frequently caused by an elongation of the palate. An excellent remedy in such cases is to use a small quantity of Tincture Myrrh, say about a tea-spoonful to a wine glassful of water, and use as a gargle, three or four time a day. If the above remedy should fail, or one of the same nature, it would be best to apply to a surgeon, an have a small portion of it taken off, so as to obviate the irritation and the continual cough which it would be like to produce in the throat. The operation is trifling and attended with but little, if any pain whatever.

In Bronchitis, and diseases of the throat, the garg lionidhe used.

HEALING POWER.

Prepared by J. CURTIS C. HUGHES, Wholesale and Retail Druggist and Chemist Centre Street, Pottsville

MONTHLY BULLETIN, NO. 10.

THE CONSUMPTION

It is the settled opinion of the most distinguished physicians, both of this country and Europe, that *Consumption is Curable*, in any and every stage, excepting that which is attended by wasting diarrhœa. The latter symptom frequently marks a breaking up of the powers of life, and then a cure is not to be certainly counted on. Tubercles are the lungs *are not* necessary obstacles to a permanent cure. But the means to be employed must be widely different from those ordinarily used. Consumptive patients generally seek for a soothing medicine merely, something which will *allay a cough*. Nothing is easier than to furnish such a compound. It is this, and this alone, which the numerous Pulmonic Syrups, Wild Cherry Balsams, Cold Candies, and the like, aim at; and it is all they achieve.

OPIUM!

Is usually the basis of them all; which, for a time, deceives the poor sufferer, but disappoints at last.

To cure Consumption, something far beyond all this is required. A recovery something must be used whose specific action is upon the blood, the secretions, and upon the delicate membrane which lines the air passages; and which shall arrest and eradicate that insidious principle which appears to spread itself in the form of Tubercles. This the Graefenberg

CONSUMPTIVE'S BALM

Will effectually do, and while at the same time it will allay the cough and remove all irritation from the lungs.

This medicine is the only one extant, in this or in foreign countries, that can be relied on in the complaints under notice; and as the most triying seasons of the winter, the attention of consumptive persons, of the Medical faculty, and of the public at large, is earnestly invited to it. The balm is of incalculable value in Asthma, Bronchitis, Catarrh, Cold, Coughs, Difficulty of Breathing, and all other affections of the throat, the lungs, the bronchial tubes, &c.

Testimonials of its great efficacy and of the numerous cures it has effected, may be had on application at the Company's Agencies.

E. BARTON, Secretary.

And for sale by J. S. C. Martin, Pottsville; J. W. Gibbs, Minersville; E. J. Fry, Tamaqua; John Clay, Tuscarora; John Williams, Middleport; Robert Butler, Spring Vale. [Aug19'48-J1-1y] Novll

SILENCE!

That dreadful Cough! The Lungs are in danger!
The work of the destroyer hath begun!
The cough of Consumption hath in it a sound of Death!

ARE you a mother? Your darling child, your idol and your only joy. Is now, and has been for days, confined to the chamber by a dry, hoarse cough—its pale cheeks, her thin shrunken fingers, tell the bold disease, has already gained upon her—the sound of her sepulchral cough distresses your soul.

Young man, when just about to enter life, disease sends a heart-crushing blight over the fair prospects of the future—your betrothed counts the feeble little tell of your loss of hope, but you need not despair. There is a balm which will heal the wounded lungs, it is

SHERMAN'S ALL-HEALING BALSAM.

Mrs. ANN BREE, the wife of Wm. H. Bree, writer, was given up by Dr. Sewall of Washington, Drs. Roe and McClellan of Philadelphia, and Dr. Mott of New York. Her friends all thought she must die. She had every appearance of being in consumption, and was so pronounced by her physicians—SHERMAN'S Balsam was given and it cured her.

Rev. THOMAS JONES, 108, Eighth avenue, was cured of cough and catarrhal affection of 50 years standing. The first dose gave him more relief than all the other medicine he had ever taken. Dr. L. J. Hall, 19, D-lancy street, gave it to a sick child of his who was labouring under Consumption, and to another sorely afflicted with the Asthma. In both cases its effect was immediate, and soon restored them to comfortable health.

DR. SHERMAN'S COUGH LOZENGES

Cure the most obstinate cases of a cough in a few hours. They have cured a large number of persons who have been given up by their physicians and friends, and many who have been reduced to the verge of the grave by protracted, distressing coughs, have been by their use have had the rose of health restored to their haggard cheek, and now live to speak forth the praises of this great and unequalled remedy.

DR. SHERMAN'S WORM LOZENGES

Have been proved in more than 400,000 cases to be infallible, in fact the only certain worm destroying medicine ever discovered. They can be eaten by children when they cannot be forced to take any other medicine, and the benefit derived from the administration of medicine is beyond the power of description. When the breath of the child becomes offensive, and there is picking of the nose, headache, drowsiness, starting during sleep, disturbed dreams, awaking with fright and screaming, tossing from side to side, restlessness, thirst, voracious appetite, sickness of the stomach, and bloated stomach—these are among the many symptoms which indicate worms, which are relieved by these incomparable Lozenges. They have never been known to fail.

DR. SHERMAN'S CAMPHOR LOZENGES

Relieve headache, nervous sick headache, palpitation of the heart and sickness in a very few minutes.—They cure lowness of spirits, despondency, faintness, colic, cramps, internal pain, and all disorders of the bowel complaints—they keep up the spirits, dispel all the distressing symptoms of a night of dissipation, and enable a person to undergo great mental or bodily toil.

DR. SHERMAN'S POOR MAN'S PLASTER

Is acknowledged by all who have ever used it to be the best strengthening plaster in the world, and a severe remedy for all the blood, or deranged circulations, and nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell, and *infinitely worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND!

And yet he would fain have it understood that Old Dr. Jacob Townsend's *Genuine Original Sarsaparilla*, is an IMITATION of his inferior preparation!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article! and which would bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's Fermenting Compound. We wish it understood, because it is the *absolute truth*, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are *heaven-wide apart* and *infinitely dissimilar!* that they are unlike in every particular, having not one single thing in common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues used in preparing it, and which are incapable of changes which might render them the agents of disease instead of health?

But what else should be expected from one who knows nothing consistently of medicine or disease? It requires a person of some experience, to cook and serve up even a common decent meal, how much more important is it that the person who manufactures medicine, designed for weak stomachs and enfeebled systems, should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases!

It is hardly safe to think, and to know how cruelly the afflicted are imposed upon by presumptuous men for the sake of money! Fortunes made out of the agonies of the sick! and no equivalent rendered the despairing sufferer!

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and relieve the untimely grave, that Old Dr. Jacob Townsend has sought and found the opportunity and means to bring his Grand Universal Remedy within the reach of all, that the simple knowledge of all who need it, that they may learn and know, by joyful experience, its

TRANSCENDENT POWER TO HEAL.

And thus be led to the unpurchasable satisfaction of having raised thousands and millions from the bed of sickness and despondency to hope, health, and a long life of vigor and usefulness to themselves, their families and friends

Agents for this County, John G. Brown, Pottsville; James B. Falls, and J. W. Gibbs, Minersville; E. J. Fry, Tamaqua.
