1500 cases of Henves,
2000 cases of Chronic Cough,
20 cases of Broken Wind,
5000 cases of Horses out of Condition, and other diseases. More than 500 certificates, verbal and written, have been received, attesting to the virtues of this inestimable remedy but we have only space to subjoin the fotlowing: tennetry out we have only space to subjoin the following:

\*\*Rickland\*\*, Oswero Co. Sept. 17, 1818.

Gentlemen:—I wish to inform you that the Tanersall's Heave Powders I boneh at your store last October, cured a valuable mare of mine of the Heaves, that she had bad tere years. The first package did not effect a cu. e, but did the muc so much good I was induced to try another package, and the result has been, that she has not had the Heaves, since about a week after commencing the second package, although she has been used on my farm almost every day since, which has actisfied me that she is effectually cured. One of my neighbors is giving Tattersall's Heave Powders to a horse, and the prospect is very flattering he will be cured by it.

USES OF THE BLACK CURRANT: The black English current is represented to have qualities that entitle it to extensive propagation. A kind of wine has been manufactured from it which is celebrated for its medicinal properties. The Boston Medical Examiner, quoted by Fessenden, said of this wine, It has all the good properties of the best port. We could name several instances, where in great debility and exhaustion, after protrected and several level and from other causes, nothing elso could be thought of or taken with pleasure or advantage, in which this wine proved grateful to the palate, and most friendly to the stometh; in which indeed, it was the principal means of conducting the palate to health and strength. Its exhibition has been attacked. tended with remarkable success in the darly stages of cholers and dysentery; and again in the latter stages of these diseases, after the symptoms of in-flumation or febrile excitement had ceased. It has been strikingly remedial in the low stages of typ-hold and bilious fever. We have not room to enumerate many other mothed affections in which this wine has proved useful. In sore throat, it has for many years, been considered almost a appetite re-
